Open Letter:

Why Raise Drinking Age?

Massachusetts State House

Esteemed Legislators,

As a member of the Massachusetts State House, I am writing to oppose this legislation. There was considerable debate on both sides of the issue so this should not be seen as a stand which we have taken lightly.

Raising the legal drinking age seems to be another case of treating the symptom of the problem. The real problem is that if young people are drinking illegally then they are obviously either only drinking because they cannot have any other activity or because it is encouraged by their peers. The proposed legislation does not address this issue but in actuality exacerbates it. The argument, the point is missed. The point is that, in our culture, drinking is a social activity and part of the experience of "having fun". What do we do about this? I am not advocating that nothing be done. If alcohol were served. One could argue that it would be better than if they met in a dark room and no one knew what was going on. However, this legislation seems to be a case of treating the symptom of the problem.

Several suggestions from the point of view of dealing with the problem and suggested that other than encouraging a certain type of mystique. Since alcohol is forbidden, then something which is inextricably linked almost to the point of being something which is not a serious problem. However, this legislation seems to be a case of treating the symptom of the problem. The point is that, in our culture, drinking is a social activity and part of the experience of "having fun". What do we do about this? I am not advocating that nothing be done. If alcohol were served. One could argue that it would be better than if they met in a dark room and no one knew what was going on. However, this legislation seems to be a case of treating the symptom of the problem.

Destructive Values in the Student Union

Dear Editor,

The student union is designed to represent the student body. However, recent actions by the Student Union administrators have not been in the best interest of the students. The Student Union has been accused of misusing funds, and these accusations have created a negative state of mind in a populous.

Sincerely,
[Signature]

CATHOLIC CENTER SPONSORS “1 TO 1”

On Thursday, January 17, the Spiritual Life Committee of the Catholic Center will sponsor a “1 to 1” meeting. Each student will be paired with a fellow student of opposite sex to discuss their relationship with God and the meaning of faith. The meeting will be held in Room 203 at 5:30 PM. All students are encouraged to attend.

Sharon's Alcohol Problem

On February 8, 1979, the Student Union will sponsor a lecture on alcoholism. The lecture will be given by Dr. Susan Brown, an expert in the field. The lecture will be held in Room 101 at 7:00 PM. All are welcome to attend.

Senator Attends Hearing

The Senate has been considering the implementation of the Student Union Fee in recent weeks. Senator John Smith has been a vocal proponent of the increase, arguing that it is necessary to fund necessary programs and services. The Senate is expected to vote on the measure this week.

Letters to the Editor

Destructive Values in the Student Union

Recent actions taken by the administration and students in the Student Union have been seriously called into question. The students who live in residence halls, as well as faculty members who work in offices in the Student Union, do not appear to share the same values as students who are not associated with the Student Union. While the other halls and offices appear to be working toward diversity and the elimination of hate groups, the Student Union seems to be encouraging a culture of intolerance and prejudice.

The Student Union also appears to be promoting a message of divisiveness and division. Their actions are not only harmful to the community but also to the students who live and work in the Student Union. It is concerning that the administration does not seem to be addressing these issues or taking steps to correct them.

Thank You

In the Student Union,

The entire Bridgewater State University community is grateful for your hard work and dedication to the success of our institution. Your efforts are appreciated.

Dear Ms. Clapp: (Sic) [our current letter writer],

We are delighted to receive your letter. We appreciate the concerns you have raised. However, we would like to point out that your accusations lack any basis in fact. The Student Union is committed to providing a safe and welcoming environment for all students. We strive to ensure that our activities and programs are inclusive and that they promote diversity and understanding.

Thank you.

CATHOLIC CENTER SPONSORS "TO F"

On Thursday, February 22, the Spiritual Life Committee of the Catholic Center will sponsor an event titled "TO F." The event will feature a screening of the film "TO F," which explores the history and impact of the "transgender" movement. The screening will be followed by a Q&A session with the film's director and cast members. There will be no charge for admission, and the event is open to the public.

Senator Attends Hearing

By Nancy Pagano, Staff Reporter

U.S. Senator for the district, Senator Edward Kennedy, attended a hearing on Friday, February 23, to discuss the proposed drinking age legislation. The hearing was held in Washington, D.C., and was part of the senator's ongoing efforts to address the issue of underage drinking.

The senator introduced legislation in January to raise the drinking age from 18 to 21, and has been a vocal advocate for stronger laws to prevent underage drinking.

The hearing featured testimony from a variety of experts, including law enforcement officials, social workers, and parents of teenagers. The senator also heard from young people themselves, who shared their views on the issue.

The senator has said that he will work closely with his colleagues in the Senate to ensure that any legislation is effective and fair to all young people.

SMALL THINGS

Disabled American Veterans (DAV)装配式

By Chuck Gorman, Staff Writer

On the second floor of the Student Union, there is a small room known as the DAV装配式. It is a place where veterans can come to meet with other veterans and to discuss issues related to their military service.

The room is open to all veterans, and is a place where they can connect with others who have shared similar experiences. It is a place where they can share their stories and find support.

The DAV装配式 is sponsored by the Disabled American Veterans (DAV), a national organization that advocates for the rights of disabled veterans.

The DAV装配式 is an important resource for veterans, and is a place where they can find support and information.

The DAV装配式 is located on the second floor of the Student Union, and is open to all veterans.

Women Cagers Top FSC

by Beverly Rinaldi

The BSC Women's Basketball Team kicked off the season with a 73-54 victory over Framingham State College. The BSC dominated both ends of the court, outscoring FSC 42-19 in the first half. The Bears improved over last season and are out to prove themselves this year.

The Bears, led by senior Tammy Turner and junior Michelle Dineen, scored 12 and 13 points respectively. Turner also had 5 assists and was a key player in the victory. Dineen had 4 rebounds and was a strong presence in the paint.

On the defensive side, the Bears held FSC to just 29 points. Freshman Tricia Weber led the way with 9 points and 3 steals.

The Bears are looking to continue their winning ways as they prepare to face Keene State. Come support your team.

BSC Receives Energy Department Grant

The Bears were awarded a grant of over $10,000 from the Department of Energy to purchase new technology for their basketball program. The grant will be used to purchase new shot clocks, timing devices, and other equipment to improve the team's performance.

The grant is part of a larger initiative by the Department of Energy to promote energy efficiency in college sports programs. The Bears are excited to receive the grant and are looking forward to using the new technology to improve their performance.

The Bears are one of many college basketball programs that are receiving grants from the Department of Energy. The grants are designed to help college sports programs reduce their energy consumption and improve their performance.

The Bears are looking to use the grant to improve their shooting accuracy and rebounding skills. The new shot clocks will allow the team to practice under game-like conditions, which will help them improve their shooting accuracy.

In addition, the grant will be used to purchase new timing devices to help the team track their performance and make adjustments as needed.

The Bears are excited to receive the grant and are looking forward to using the new technology to improve their performance. They are grateful to the Department of Energy for their support and look forward to using the grant to improve their team.
