by Sue Asci

On Wednesday, February 28th, the S.U.A. President, Al Silva, opened the meeting and began by saying "This is an attempt in the first meeting in the opening of the year, but it was the hope that a number of students would come prepared to ask questions and give their ideas to the Student Government. The floor was open, and the same thing happened again on the second day." The floor exercise again brought open the floor, and suggestions were received. Dear Editor,

Recently Robin Pearl reiterated the absence of any sex discrimination and I am afraid she is wrong. About two weeks ago, a student of mine broadcast a regular on-air studio when the hockey game started. As the hockey game progressed, Robin Pearl killed off his broadcast and commented on the hockey game. I am not saying what Doug did was right, but why does he get away with murder while students are being penalized for just being on the air? I have heard from several students that were watching the hockey game that Robin Pearl expressed to the student announcing the hockey game that if he were to mention any violations of the contract, she would be the one to kill it off. Thus, it appears that Robin Pearl is making decisions about the students' broadcasts on her own and is not following the contract.

Sincerely,
[Signature]

ANNOUNCEMENTS

WEEKEND TRIP TO PHILADELPHIA

The History Club is sponsoring a trip to see the National Constitution Center, which is the new permanent home of the Constitution. The museum is located in the Independence Mall in downtown Philadelphia. The trip is scheduled for Saturday, March 19, and will include a guided tour of the museum, lunch at a nearby restaurant, and a visit to Independence Hall. The cost of the trip is $30 per person, which includes transportation, admission to the museum, and lunch. Contact Tom Ljungberg for more information.

HANDS KIDS SEEKING VOLUNTEERS

Hands Kids is a non-profit organization that provides educational and recreational activities for underserved children in the community. They are currently seeking volunteers to help with their upcoming events. If you are interested in volunteering, please contact Hands Kids at 908-555-1234.

LGG SPRING CLEANING

The Library is conducting a spring cleaning of the physical and digital collections. This includes the removal of outdated and damaged materials, as well as the reorganization of the shelves. The library is asking for volunteers to help with this project. If you are interested, please contact the library at 908-555-1234.

SPORTS

1975 WHALE WATCH TRIPS

Bridgewater State College will be offering whale watching trips to the local coast. These trips are open to all members of the campus community and will include a guided tour of the local waters. The cost is $20 per person. Contact Tom Ljungberg for more information.
**Letters to the Editor**

**Why Was Doug Fired?**

Dear Editor,

Recently, we received the announcement of the absence of Doug from our group. This news came as a shock to all of us. Doug was always a dedicated and hardworking team member, and he was respected by everyone in the group.

We are very concerned about the circumstances behind his dismissal. We understand that he had been working hard to improve the group's performance and that his contributions were valuable to our team. We are especially saddened by the fact that this decision was made without sufficient consultation with the group.

We urge the management to reconsider this decision and to give Doug a chance to prove his worth. We believe that with proper training and support, he could contribute significantly to our group's success.

Sincerely,

[Your Name]
I. not. They showed up the bus to cover any damages to the hotel. When Tours to Florida, please, think twice.

At the outset, the offer Sunset Tours makes to college students looks promising. But non-existant, pool party--no beer, no barbecue, no compensation.

I have already described some of the services of the resident "tour director." Not included so far are his abrasive manners, his total lack of competence at Webster's dictionary, a long fooled rabbit, larger than a mouse. However, I believe the "Rat" you are referring to is the Dean of whom I wrote in this column.

DEAR BRUIN,

I'm in real trouble. My girl just ran off with the house mother. My sister arrested for committing incest with the "Rat," according to Webster's' dictionary, a long fooled rabbit, larger than a mouse. However, I believe the "Rat" you are referring to is the Dean of whom I wrote in this column.

The arts AIRPLAY

Program Committee: Barbara Mettler Dances at BSC

The Barbara Mettler Dance Company, which tours to Tucson, Arizona, will be in Bridgewater for their Spring dance program of group dance improvisations at 2 PM on Tuesday, April 24, at 2 PM at the Student Union Ballroom. Tickets are $3.00 for adults, $1.50 for students. Students who participate in the dance company will be featured. The Barbara Mettler Dance Company was founded in 1980 in New York City. Since then, the company has been touring extensively throughout the United States and Canada. The group's repertoire consists of a variety of dance styles, including modern, jazz, and ballet. The company's performances are known for their high energy and modern approach to traditional dance forms. The company's mission is to promote the understanding and appreciation of dance as a form of art and expression. The company's unique approach to dance training and performance has gained them recognition and critical acclaim. The company's performances are known for their innovative use of movement and music, as well as their ability to connect with audiences of all ages and backgrounds. The Barbara Mettler Dance Company is committed to sharing their passion for dance with audiences throughout the world. For more information about the company and its upcoming performances, please visit their website.

Perils of Pauline

Perils of Pauline

Perils of Pauline
The Barbra Metter Dance Company will be in the S.U. Auditorium Wednesday, April 11 at 2 p.m. and at 7 p.m. The program is sponsored by the Student Union Activities Board. Tickets are $1 for S.U. members, $1.50 for the general public.

Ensemble Theatre: "Emperor" Opens Where Are You?

By Joe McDonald

Saturday, April 7th marks the opening of "Emperor" a new play by Stephen J. Gray. "Emperor" is a one-act play by Stephen J. Gray.

Perils of Pauline

By D.G. Palmer

The Perils of Pauline opened last night at the 6 p.m. show of the S.U. Auditorium. The play is a comedy by D.G. Palmer.

Perils of Pauline will be shown at 6 p.m. on Saturday, April 7th at the S.U. Auditorium.

Perils of Pauline is a play about a woman named Pauline who is trying to make ends meet in New York City. The play follows her adventures as she tries to find work and support herself.

The play was directed by student director Allen R. Smith, and the cast includes students from the University of Bridgeport.

The play runs through April 9th, with performances at 6 p.m. and 9 p.m. Tickets are $5 for adults and $3 for students.

Perils of Pauline is presented by the Department of Theatre and Dance at the University of Bridgeport. For more information, please call the box office at 203-376-6731.
Claire Scott, Assistant for Program Development, explores our courses:

Since 1795 we've welcomed our guests with our best. A traditional taste of Cuervo Gold.

Visitors to Cuervo have always been greeted in a special way. They're met at the gates and invited inside to experience the unique taste of Cuervo Gold.

This is the way we've said "welcome" for more than 180 years. And it is no traditional Cuervo Gold story.

For this dedication to tradition is what makes Cuervo Gold truly special. Next, on the rails, with a splash of soda, in a perfect St. Germain or Margarita, Cuervo Gold will bring you back to a time when quality ruled the world.

**Cuervo, The Gold standard since 1795.**

 "Mini courses: Variety Offered"

 Since 1975 we've welcomed our guests with our best. A traditional taste of Cuervo Gold.

 Visitors to Cuervo have always been greeted in a special way. They're met at the gates and invited inside to experience the unique taste of Cuervo Gold. This is the way we've said "welcome" for more than 180 years. And it is no traditional as Cuervo Gold! For this dedication to tradition is what makes Cuervo Gold truly special. Next, on the reef, with a splash of soda, in a perfect Storrie's or Margarita, Cuervo Gold will bring you back to a time when quality ruled the world.

 Cuervo. The Gold standard since 1975.

 Cuervo Especial is a true Cuervo, imported by Smirnoff Importers, Inc., Hauppauge, NY.
Open Forum

(Continued from p. 3)

John Dufort, a B.S.C. student, began to express his concern over the school's scheduling system.

"The system asked for students to converge on a given point at one time," Dufort said.

"And if they get there on time, this would still create a . . . a line. Also, the 'unfairness' that money and admonishments, dishwashing and mopping the floors at a given time, use of time."

After school, books go unopened until 5:00 PM on April 11th, as you can see, there are lots of small victories like exams passed, papers completed or classes attended, equally acceptable. Hernandez 's mountain climber's motivation is celebration, interpersonal relationships and throwing caution to the wind during Take-A-Songform-To-Lupus and full appreciation of the benefit of Bush. A situation that is not all bad, as those outlined above.

Mountaineering is a skill of timing as well as technique. The wrong moment, like the wrong method, makes the gap between the mountaineer and the mountain. The key to successful mountain climbing is the choice of the right moment and place. The following conditions must be met:

1. The right moment must be chosen carefully.
2. The right method must be employed.
3. The right equipment must be used.
4. The right degree of difficulty must be maintained.

For the right moment, consult the weather forecast, the mountain guidebook, and the experience of other climbers. For the right method, consider the terrain, the weather, and the equipment. For the right equipment, choose the right gear for the job. For the right degree of difficulty, determine the difficulty level of the climb and adjust the climb accordingly.

The mountain climber's mission is to conquer the mountain and enjoy the experience. Whether you are a seasoned climber or a beginner, the mountain climber's mission is to achieve a sense of accomplishment and personal growth. In addition, the mountain climber's mission is to inspire others to pursue their own goals and dreams. So, if you are interested in mountain climbing, the mountain climber's mission is to encourage you to try it out for yourself and enjoy the experience for yourself and others.

Mountaineering is the science and art of climbing. The term 'mountaineer' is derived from the Greek, 'moni,' meaning "mountain" and 'stechario,' meaning "climber." The mountain climber's mission is to use the principles of science and art to achieve a personal sense of accomplishment and personal growth.

Mountaineering is a skill of timing as well as technique. The wrong moment, like the wrong method, makes the gap between the mountaineer and the mountain. The key to successful mountain climbing is the choice of the right moment and place. The following conditions must be met:

1. The right moment must be chosen carefully.
2. The right method must be employed.
3. The right equipment must be used.
4. The right degree of difficulty must be maintained.

For the right moment, consult the weather forecast, the mountain guidebook, and the experience of other climbers. For the right method, consider the terrain, the weather, and the equipment. For the right equipment, choose the right gear for the job. For the right degree of difficulty, determine the difficulty level of the climb and adjust the climb accordingly.

The mountain climber's mission is to conquer the mountain and enjoy the experience. So, if you are interested in mountain climbing, the mountain climber's mission is to encourage you to try it out for yourself and enjoy the experience for yourself and others.
Mountaineering is a skill of timing as well as technique. The wrong moment, like the wrong method, marks the gap between amateur and aficionado. So the key to successful mountaineering is to choose the occasions wisely and well. When, then, is it appropriate to slow down, refresh the smooth, rest of the mountains of Bush Beer? Celebrations, of course, are both expected and excellent opportunities to test your mountaineering mettle. Indeed, on major holidays it is virtually mandatory to do so.

Imagine victories like exams passed, or classes attended; the mountains' elevates the morale of the fan and, hence, the team. Therefore, if you care at all about the outcome, it is your duty to mountaineer.

When should one not enjoy the imago of the occasion? When you have to drive, or your luck has run out. Downing it appropriate to slowly quaff the smooth, refreshing mountains of Busch Beer? Celebrations, of course, are both expected and excellent opportunities to test your mountaineering mettle. Indeed, on major holidays it is virtually mandatory to do so.

Mountaineering is a skill of timing as well as technique. The wrong moment, like the wrong method, marks the gap between amateur and aficionado. So the key to successful mountaineering is to choose the occasions wisely and well. When, then, is it appropriate to slow down, refresh the smooth, rest of the mountains of Bush Beer? Celebrations, of course, are both expected and excellent opportunities to test your mountaineering mettle. Indeed, on major holidays it is virtually mandatory to do so.

Small victories like exams passed, papers completed or classes attended are equally acceptable. Remember the mountainer's motto: "CLIMBING THE HILLS OF LIFE, HAVEN'T TRIED YET?"
**Gymnastics Team Downs Rhode Island**

On Monday, February 26th, the SSC gymnastics team notched its second victory of the year against Rhode Island College. The win was in line with the team's victory over ECSU on February 19th.

The SSC was led once again by Sue Reid, who scored a 7.4 on the floor exercise, the highest score of the night. Other high performers included Sue Moore, who scored 4.9 and 3.9 on her two vaulting routines, and Mary Alex, who scored a 6.8 on her routine and a 6.2 on her second attempt.

On the balance beam, the team showed strong form and scored in the 5's and 6's for BSC. The final score was SSC 88 and RIC 78. The team and we wish her the best of luck.

**Lizzie” Theories Viewed**

by Bob Cabon and Joe McDonald

A rain was absorbed by the moisture for the lines at the transformer located at the power plant behind the Science Building. Because the water weighed down the lines, they grounded two of the phases of the transformer, and like a short circuit, 500 volts of power traveled the campus, including the Student Union.

The Comment Executive Editor called it a test repair job at about 9:00 a.m. He claimed Bonded Bourbon to pull a major switch to the system. The water was boiling and the water supply was shut off. The repair was completed and the campus was restored.
