Events Announced

The Bloodmobile is Today

Now that the Burnell Hall is being renovated, classes have been moved to the old Burnell School. Because of this, many students have elected to walk across the Bloodmobile from Burnell Hall to the Student Union in order to donate blood.

On Friday, October 12th, the Bloodmobile will be set up in the Student Union. From 11:00 a.m. to 1:00 p.m., Red Cross representatives will be on hand to answer questions and provide information about the blood donation process.

The Bloodmobile will be open to all students, faculty, and staff. The goal is to collect as many blood donations as possible.

Event Details:
- Location: Student Union
- Time: 11:00 a.m. to 1:00 p.m.
- Bloodmobile provided by the Red Cross
- Free refreshments will be available

Please join us in making a positive contribution to the community by donating blood.

To the Editor:

Catharina byzantine (CRP) may cause the classic thymic receptor to be released at 70°C for one minute, certified as an inhibitor of CRP (for those who are now familiar with the technology). CRP has been used as a support for this measurement. CRP is one of the most important step in our project, and we are grateful to the CRP community for their support. The CRP conference dates are from 9:00 a.m. to 5:00 p.m. We look forward to seeing you there.

**Letters to the Editor**

**Invigorating??**

To the Editor:

The writer of the article "Adventures in the Sublime," which appeared in a recent issue of the Boston Times, brings up some valid points about the nature of true adventure. However, I would like to point out a few inaccuracies in the article.

Firstly, the author mentions that adventure seeks out the unknown and the unfamiliar. While this is true, it is important to note that adventure can also be found in the familiar and the ordinary.

Secondly, the article suggests that adventure should be pursued without fear. While it is true that fear can be a hindrance, there is no need to eliminate it entirely. In fact, fear can sometimes be a catalyst for growth and discovery.

Lastly, the author states that adventure is a way to escape from the mundane. While this may be true for some, others find adventure in the routine and the everyday.

In conclusion, while the article is a good starting point for discussion, there are other perspectives to consider when thinking about adventure.

Sincerely,

[Your Name]

**Police Value**

To the Editor:

I was interested in the article "Police Value" which appeared in the May issue of the Boston Times. As someone who has had experience in law enforcement, I feel that the article oversimplifies the role of police officers.

For one, the article suggests that police officers are primarily responsible for maintaining public safety. While this is true, it is important to recognize that police officers also play a crucial role in community building and development.

In addition, the article does not adequately address the ethical and moral considerations that police officers must consider when making decisions.

In conclusion, while the article provides a useful perspective, it is important to consider the broader context in which police officers operate.

Sincerely,

[Your Name]
HALLOWEEN'S COMING!
What are you going to dress up as this Halloween? You better start thinking about it because the costume contest is coming up! That's right! It's going to be a Halloween Costume Party on Wednesday, October 31st from 7-10 PM. Make sure you have the best costume there because there will be prizes for the winner! Come on down and join in on the fun.

HOMEOPATHIC GLOUEN NOMINATIONS
The Brotherhood of Alpha Upsilon is now accepting nomination papers for the Homecoming Queen competition. The papers must include at least one page of biographical material and address of the nominee. Nominations are due by October 24th. Eligible nominees must be currently enrolled full-time in the School of Business, Computer Science, and Technology. If you or someone you know would like to be considered, contact [Contact Information] or stop in to the office of the Homecoming Queen Committee. The final decision will be made by October 31st.

ATTENTION STUDENTS
Visitors who attend the October 25th Homecoming football game will be required to wear coveralls. This is to comply with the University's dress code policy. Also, remember that the Homecoming Dance will be held on Saturday, October 26th from 8-11 PM in the Student Union Ballroom. Dress code is formal.

STOP SMOKING CAMPAIGN
The campus is currently participating in the annual STOP SMOKING CAMPAIGN. It is being held during the month of October to encourage students and faculty to quit smoking. ENSEMBLE THEATRE

Impossible Dreams

It has been only a matter of weeks since the release of MGM's first official soundtrack for the new musical Man of La Mancha. In the interest of historical accuracy, it is important to note that the story of Man of La Mancha is based on the life of Miguel de Cervantes, the 16th century Spanish writer and poet. Cervantes was not only a prolific writer in various genres, but also a soldier who fought in the wars of his time. His works, such as Don Quixote, have become classics of literature.

The album is filled with songs that evoke the spirit of Cervantes and his work. The album's producer, Martin Charnin, has stated that the goal was to create a sound that is both modern and timeless, capturing the essence of Cervantes' work.

Chevy Corvette

The Chevy Corvette is a classic American sports car that has been in production for decades. It is known for its sleek design and powerful performance. Chevy has recently introduced a new model, the Corvette ZR1, which is the fastest production car in the world.

In the world of art and culture, there are many examples of artists who have used technology to create new forms of expression. For example, digital art is a genre of art that uses digital technology to create visual images. This type of art is often created using software programs, and it can be displayed on a computer screen or printed on paper.

How to Choose the Right Computer for Your Needs

When choosing a computer, it is important to consider your specific needs. If you are a graphic designer, you may need a computer with a powerful graphics processor. If you are a writer, you may need a computer with a good word processing program. It is also important to consider the computer's speed and memory capacity.

Program Committee

The Program Committee has approved a series of events for the fall season. These events include concerts, lectures, and film screenings. The committee is dedicated to bringing high-quality events to the community.

WHAT A LONG STRANGE TRIP

The Beatles are a band that has been in existence for nearly two decades. They have sold over one billion records worldwide, making them one of the most successful groups in history.

In their early days, The Beatles were known for their hit songs, such as "Let It Be" and "Help!". They were one of the first bands to use the power of the media to promote their music, and their concerts were often sold out.

The band members are now in their late 50s, and they have been discussing the possibility of a reunion. Many fans are eager to see the band perform together again.

In their latest album, "The Long and Winding Road", The Beatles have returned to their roots, with songs that are reminiscent of their early days.

ENSEMBLE THEATRE

Impossible Dreams

It is now two months since the first of a series of historical dramas by the National Theatre, the "Mamet" series, was presented. The "Mamet" series, which has been presented in London, is now being shown in New York. The "Mamet" series is a collection of six plays by David Mamet, each of which is a historical drama. The plays are "The Caucasian Chalk Circle," "The Diviners," "The Goat," "A Life in the Theatre," "The Old Man and the Old Lady," and "The Penelopiad." The plays are all set in the 20th century and deal with the experiences of ordinary people in extraordinary circumstances. The plays are performed by the Ensemble Theatre Company, which is based in New York. The Ensemble Theatre Company is a non-profit organization that produces plays that explore the human condition. The "Mamet" series is a major event in the world of theatre and is expected to draw large crowds. It is a testament to the power of theatre to bring people together and to inspire them to think about important issues. The Ensemble Theatre Company is proud to present the "Mamet" series and to give people the chance to see these important plays. The "Mamet" series will be performed at the Ensemble Theatre Company's main stage in New York. The tickets are currently available for purchase and are expected to sell out quickly. The Ensemble Theatre Company is looking forward to seeing you there.
A Lot of Responsibility

By Pat Forrester

The new SGA court has been busy recently with a number of cases. Some are building for different groups to enter a float in the contest. This year we will have only 20 floats instead of 30 floats as in previous years. The new SGA court has been trying to reduce the number of floats because of the high cost and time involved. The court has also been trying to reduce the number of students who will be allowed to participate in the contest. This year only 10 students will be allowed to participate in the contest.

Rat Policy Changes

Due to the problems caused by our predecessors, we have had a very difficult time in securing halls in which to hold our COUNCIL PARTIES. Squares Annex, for example, was not available because of a trial. Another problem was that some students were not able to secure a hall. However, this year we have been able to secure a hall and have been able to reduce one college-wide meeting that was held earlier this year. The hall is located in the Student Union Building. The office of Student Affairs has been requested to provide a hall for the COUNCIL PARTIES. The court has also been able to secure a hall for the COUNCIL PARTIES.

Field Hockey

The Women's Field Hockey team is off to a strong start. They are currently 3-2, with 2 losses to Emerson College. The team has scored 20 goals in their 5 games. The team is led by head coach Mary Hardy. They have been aggressive on both offense and defense, scoring goals on the button.
Bad News for Bear Fans

The BSC routed teams scoring an average of 21 points in their first victory, the Saturday when they were held scoreless. They have only played two games this season, scoring a total of 22 points, including 17 in their loss to the Bearcats. Despite a rough defense, a strong University of Massachusetts offense powered through the Bearcat defense, averaging over 38 points per game. The Bears were unable to stop the Massachusetts offense, allowing them to score on every possession. The Bears' defense was a complete failure, giving up 41 points in the first quarter alone. The Bears were outscored by the Massachusetts offense by a margin of 21-7. The Bears' defense was completely overwhelmed by the Massachusetts offense, allowing them to control the game from start to finish. The Bears' offense was also shut out, scoring only a single point. The Bears' quarterback, Mike Johnson, was intercepted twice and was sacked four times. The Bears' defense was also unable to stop the Massachusetts offense, allowing them to score on every possession. The Bears' coach, Coach Thompson, was completely shocked by the results, stating, "We did not expect this kind of performance from our defense. We knew they were good, but not this good."

not only witnessed the fall of the excellent performance by the Bridgeport State Cross Country. According to the head coach, Coach Johnson, the team was expected to score a 5-1 ratio. The team did not disappoint, with a total score of 7-1. Coach Johnson was particularly proud of the team's performance in the second race. The team had four runners turn in a personal best, with the top four runners scoring within a minute of each other. Coach Johnson attributed the team's success to the hard work and dedication of the runners. The team has been training hard throughout the season, and their hard work has paid off in the competition. The team's next race is scheduled for next week, and Coach Johnson is looking forward to seeing their performance. The team is looking forward to the upcoming races, and they are excited to see how they will perform. The team is a close-knit group, and they enjoy each other's company. They are looking forward to the rest of the season and are excited to see how they will perform in the upcoming races.
