Letters to the Editor

"Ridiculous!"

I think the Campus Police should be more humane and considerate of the safety and needs of students. I also think the campus police have been misinformed about the situation. Sometimes the rows have been illegally extended by as many as five feet to make way for their parking lot.

Sincerely,

Corrections

To the Editor,

The phrase "The Man of La Mancha" was not intended to be pejorative. It was meant to be a reference to the play and its author. The phrase is not malicious; it is simply incorrect. It was my intention to make a simple allusion to the play, but I did not do so.

Sincerely,

**FALL WHALE WATCH**

Beachcombers or those interested in the migratory patterns of whales are further off shore in the fall. Cost will be $8.00/person. Call me at X317 or see me in my office Room 116 in Conant Science if you want to go.

### Letters to the Editor

**"Ridiculous!"**

To the Editor:

The phrase used in the public relations release for "File of Man" was "simply "impregnating rape." The phrase is used in so many publications to describe rape that, in its essence, it is meaningless; it is simply a convenient phrase for the writer in his or her work. I would like to point out that this phrase is offensive to me, and anyone who has been a victim of rape.

**"intention...not malicious..."**

To the Editor:

I was interested in the article about the new program for the International Study Year. I have been involved in planning and organizing study abroad programs for several years and have some experience in the field.

Fanning Returns to BSC

By Pat Greener

Dr. Charles Fanning, or on English departments, received an invitation to return to New Zealand. He went to New Zealand on a Fulbright Lectureship, at the request of the Council of International Exchange Scholars and Teachers. He is interested in studying the development of New Zealand as an English department.

Fanning's return to BSC is a significant event for the University. A plaque was unveiled in his honor in the newly constructed Fanning Hall. The plaque bears the following inscription:

"Charles Fanning, 1969-1973, English Department, BSC."
After ten years of lobbying... it's finally here.

It took ten years and a lot of lobbying on the part of the town of Bridgewater, the college and the MCJ. The combined efforts of all these people were embodied in a 1979 Maxim Ladder Truck. This vehicle is considered to be among the best pieces of fire fighting technology in the world.

President Rondileau, who presided over the presentation and demonstration of the vehicle, praised the cooperation that helped to acquire this truck.

Bridgewater Selectman John Hickey represented the town along with student intern Robert Cote. The state legislature was represented by Senator Robert McCarthy and state representative Peter Flynn.

In spite of the almost festive mood, everyone's feelings were best summed by one student, "I hope they don't have to use it."

Bridgewater's Ladder 1 rolls onto campus for the first time.

Some other optional equipment included in the specifications for the truck are: emergency lights, furnace covers, cable, a 1,200 gallon emergency tank, two generators, shovels, and a smaller sprinkler.

There are easy ways to pay for college.

Conducting telephone, tea-tasting tables or parking cars may not be the only ways to help you pay for college. There may be a scholarship or grant that available that you've overlooked. Or it may be as simple as cutting back on expenses. Request the next issue of Insider and find out.

Ford hopes this next issue of Insider will give you a "better idea" for paying your way through college. And if you need a set of wheels to get you around campus, check out the sports cars for the '70s.
