**Sports**

**Sports Chat by Tony Costello**

This week's action at the Bridgewater College campus and in the surrounding area was exciting and diverse. The Bridgewater College volleyball team had an impressive victory over the University of Massachusetts-Boston, and the basketball team is off to a strong start with their first game against the University of Vermont. The homecoming game is always a highlight of the season, and this year's game against Westfield State University promises to be exciting. The Bridgewater State College football team also had a strong performance against the University of Massachusetts-Boston. The homecoming parade is always a popular event, and this year's parade is expected to be even more exciting with the addition of the Bridgewater State College marching band.

**Time's Roll!**

**Board Upholds Eviction**

The Bridgewater State College Board of Trustees has upheld the eviction of Mr. Charles Blomquist from his dormitory room. Blomquist was accused of possessing two pounds of marijuana, and the Board found him guilty of the charge. The Board's decision was based on testimony presented during the hearing, which included evidence such as the use of a lab report to identify the substance as marijuana. The Board also considered the student's rights and the need for a fair hearing process.

**Homecoming 1979**

The Bridgewater State College Homecoming 1979 was a memorable event for all attendees. The homecoming parade was a highlight of the day, and the homecoming football game was an exciting and competitive match. The Bridgewater State College marching band performed during the pre-game activities, and the Bridgewater State College cheerleaders entertained the crowd with their routines.

**KING OF BEERS.**

**ATHLETE OF THE WEEK**

Dave Hickey

Dave, the field goal kicker for the R.C.C. Bears, has been named the Athlete of the Week. Dave has been consistently accurate in his field goal attempts, and his performance has been instrumental in the Bears' success. Dave's dedication and hard work have earned him recognition and respect from his teammates and coaches.
Dear Mr. DuPont...

I am pleased that Mr. James DuPont took the time to respond to my letter arguing against the foreign language GER. I must admit, however, that I feel he has not fairly and fully considered the reasons why students are opposed to the proposed change in the GER requirements. I do not mean to “resist the proposed change in the GER” as Mr. DuPont suggests, but I do believe that he has failed to understand the concerns of the majority of students.

When I wrote to Mr. DuPont a few weeks ago, I stated that I opposed the proposed change because I feel that the foreign language is not an essential part of my education. I explained that I have always enjoyed and excelled in my courses in other areas, such as mathematics and science, and that I believe these subjects are more important to my future career.

Mr. DuPont, I do respect you, but I cannot agree with the SGA’s position on this issue. I do not think that the foreign language is necessary for all students, and I disagree with the SGA’s claim that the GER is a requirement for all students.

I speak from experience. I have been involved in student government for two years, and I have had the opportunity to observe the concerns of my peers. I have seen firsthand that many students are opposed to the foreign language GER, and I believe that their concerns are valid.

I hope that you will consider these points in your decision-making process. I do not ask for the foreign language to be abolished, but I do ask for your support in the SGA’s efforts to secure an alternative GER that meets the needs of all students.

Sincerely,
[Student’s Name]

P.S. I am required to complete 32 credit hours, or 100% of what is considered a full-time student load. I understand that the foreign language is an important part of a liberal education, but I believe that there are other, equally important, requirements that should be considered in the decision-making process.
NEW TRENDS IN FEDERAL EMPLOYMENT

There are some significant changes now taking place regarding employment with the federal government. The newest trends are given below to help new college graduates in their employment with the federal government. The newest trends are given below to help new college graduates in their job search.

1. The PACE (Professional and Administrative Career Exam) will only be given one time this year in March 1980. Announcements will be in the Career Planning and Placement Office.

2. The NSA will be giving its exam in Boston on November 17 to all seniors. The exam is open to all seniors who have a minimum of 750 SAT scores in Math and English. The exam is extended and hiring may not result.

3. The PACE exam is held in the spring of each year. The exam is given in two parts: Part A and Part B. The exam is open to all seniors who have a minimum of 750 SAT scores in Math and English. The exam is extended and hiring may not result.

4. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

5. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

6. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

7. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

8. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

9. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

10. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

11. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

12. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

13. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

14. The Career Planning and Placement Office will be hosting a "Bible Lands Journey" scheduled to depart on October 12, 1980. The journey is extended and hiring may not result.

Office of Student Life

By E. Tone Norton

Dear Sir:

I sincerely apologize and thank you for The Office of Student Life allowing me to write this letter. In my previous letter, I expressed disappointment in the way, Homecoming tickets were sold. As a member of the Student Government, I want to share my experiences and concerns with you.

I arrived early on the day tickets were sold and stood in line approximately 45 minutes before opening. I waited in line to purchase tickets for the Homecoming dance and was frustrated to learn they were sold on a first-come-first-serve basis.

I understand the need for a fair system, but I believe there should be an option for people who are unable to purchase tickets in person. The process was confusing, and I would have appreciated clearer communication from the Student Government.

I hope that changes can be made to improve the ticket selling process for future events.

Sincerely,

E. Tone Norton

Children's Developmental Clinic:
Lecture Discusses Asthma

regarding the child's condition, behavior patterns, and physical health. The clinic also offers joint meetings with physical education/athletic departments which involves children accompanied by teachers as observed by the parents.

Dr. Andrew L. is a pediatrician at the Children's Developmental Clinic. On October 11, 1979, he spoke on the topic of "Asthma in Children" to a group of parents.

Dr. Andrew L. discussed the various types of drugs that help to prevent and treat asthma. He explained that asthma is caused by an allergen that triggers an inflammatory response in the airways.

The Clinic is located at 123 Main Street, and is open from 9:00 AM to 5:00 PM. For more information, please call (555) 123-4567.

Yours sincerely,

Andrew L., M.D.
Dear Mr. DuPont...

I am pleased that Mr. James DuPont both the time to respond to my article on the American Sign Language for All (Ger. 10/10) and the fact that he felt that I had been addressing the wrong issue. However, in his article, Mr. DuPont seems to have only referred to the merits of the issue-whether or not foreign language is necessary for all students-to discuss the problems associated with the issue of "foreign language teaching." His article seems to be focused on "determining the best way to teach foreign languages," and I believe that he has omitted a key point in his article.

In my article, I discussed the problem of teaching foreign languages, not just teaching them. I stated that the problem of teaching foreign languages is complex, and that there are many different ways to teach them. Mr. DuPont seems to have ignored this point in his article.

I believe that Mr. DuPont's article is a good example of the way that some people respond to issues. They are not interested in discussing the merits of an issue, but rather in "determining the best way to teach foreign languages." They are not interested in understanding the problems associated with teaching foreign languages, but rather in finding a "best way to teach them."

I believe that Mr. DuPont's article is a good example of the way that some people respond to issues. They are not interested in understanding the problems associated with teaching foreign languages, but rather in finding a "best way to teach them."

The Arts

Homecoming Events Begin Today

The night before homecoming is usually the one time when BSB opens up its high-spirited and musical sides—good times.

The good times begin as soon as Thursday, November 1, with the Theater Department’s presentation of "The Elephant in the Room" at the Student Union. This interactive children’s program will be repeated at the same location on Saturday, November 3rd, at 1 p.m. and 3 p.m.

On Friday, November 2, the first BSB Community School Playhouse presentation of the year, "Carnival of the Animals" by Richard Pinckney, will be performed at 7 p.m. and 9:30 p.m. at the Student Union. The audience is invited to join the cast in the lobby for arts and crafts activities following the show. This program is a "must-see" for all ages.

On Saturday, November 3rd, at 8 p.m., the annual "Halloween Spectacular" will be held at the Student Union. This event features the "Haunted Hallway," "Haunted Theater," "Haunted Library," "Haunted Science Lab," and "Haunted Math Lab." All proceeds from this event go to support the BSB Community School Playhouse.

Airplay

by Kara Tepper

I remeber the first time I saw BSB for Airplay. The article I wrote made WMIB 91.5 FM
everyone’s favorite station. It was a fantastic feeling to see my name on the airwaves.

Since then, I have had the opportunity to work with many talented musicians. Some of my favorite memories include interviewing artists like Bruce Springsteen, Paul Simon, and Bob Dylan.

I am excited to continue writing about music and sharing my love for it with others.

Reviews

The first review of "The Elephant in the Room" was extremely positive, with many praising the cast’s performances and the overall production. The audience was thoroughly engaged and left feeling entertained.

The "Halloween Spectacular" was a huge success, with Sold-out performances and enthusiastic crowds at each show. The "Haunted Hallway" was particularly popular, with many visitors lining up to take photos and share their experiences on social media.

The annual "Carnival of the Animals" was also a great success, with families and children alike enjoying the art and crafts activities in the lobby and the well-received performance on stage. Many parents commented on how much they learned about music from the performance.

Overall, the Homecoming events were a huge success, with positive reviews from attendees and a strong continuation of BSB’s musical traditions.

Hickey wins it for BSC

The most exciting and action-packed development this week was the atmosphere at the Budweiser® Challenge in the Atlantic City Convention Center. The atmosphere was electric as fans from around the country gathered to witness the game of the year. The game was between the Reds and the Yankees, and the tension was palpable as the score stayed tight throughout the game. The home team, the Reds, were leading by two with only two minutes left on the clock, but the Yankees mounted a late rally that brought the final score to 2-1. The win was a huge boost for the Reds and their fans, who celebrated well into the night.

Sports Chat by Tony Costello

Not that the Red Sox have it easy. Theirs was one of the few losses of the week, as they faced off against the Yankees. The game was fast-paced and intense, with both teams trying to gain an advantage. In the end, the Yankees took home the win, but the Red Sox showed great resilience in their effort. The next challenge for the Red Sox will be against the Blue Jays, who are looking for a come-from-behind victory.

Board Upholds Eviction

The Board of Trustees has upheld the eviction of a student-athlete. The athlete had been accused of violating the school's code of conduct, and after a thorough investigation, the Board found the charges to be true. The athlete has been given an opportunity to appeal the decision, but the likelihood of an overturned ruling is slim. The Board's decision is final, and the athlete will be asked to vacate the dormitory immediately.

Homecoming 1979

This year's Homecoming was nothing short of spectacular. The parade was filled with floats, music, and a lively crowd of students. The Homecoming Queen was crowned at the end of the event, and she was met with cheers and applause. The weekend was filled with games, dances, and events for students to enjoy. The Homecoming King and Queen were selected at the end of the night, and the whole campus was aglow with excitement.

Times Roll!

As the sun sets on another beautiful day, we reflect on the events of the week. The Budweiser® Challenge was a thrilling game, and the Red Sox were in close competition with the Yankees. The Board's decision to uphold the eviction was a difficult one, but it is in the best interest of the school. Homecoming was a celebration of school spirit, and the Homecoming Queen was a symbol of the team's unity. We look forward to next year's Homecoming and the joy it will bring to the community.
