New Bedford Bus System Planned

by Terri Conroy

Bridgewater State students who commute from the New Bedford area now have a choice of how to get to school. Previously, too limited to use their own cars or hitchhikes to attend classes, these students are the first to benefit from a newly established bus service between New Bedford and Bridgewater.

Buses will originate in New Bedford at 7:05 a.m. and two additional buses will be running by 7:30 a.m. and 7:45 a.m. All the buses will make a stop at the New Bedford Mall, a convenient pick-up and drop-off point for students who wish to arrive in a more relaxed manner. The plan dividing first floor Shea into the "co-ed" side, the second floor and the back two floors, the third floor and the front two floors, and the fourth floor. Shea will be divided into two sides, the "co-ed" side and the "mixed" side, with the exception of a new "mixed" floor. Shea will be divided into two sides, the "co-ed" side and the "mixed" side, with the exception of a new "mixed" floor.

The fun service is a result of a petition drive started by a group of Southern Massachusetts residents.

Mass State College System to be Revised

by Sue Asci

The Massachusetts State Colleges have agreed on a new fiscal 1981 budget which provides for the implementation of a new reorganization plan proposed by the Board of Regents. The Board, composed of nine members appointed by the Governor, has stated that the new plan resulted in many changes in the Massachusetts State Colleges.

In 1965, the Willis-Harrington Act established the present structure of higher education. Due to the recent developments in higher education, the Board of Regents established a new system of regional governance. The new plan will enable the Board to develop, review, and approve budgetary processes which involve the establishment of committees to conduct studies, "generate ideas, and recommend policy changes." The new plan will enable the Board to develop, review, and approve budgetary processes which involve the establishment of committees to conduct studies, "generate ideas, and recommend policy changes."

The Student Union Program Committee has arranged to present the Hardcore Ballet at the Student Union Auditorium on October 10, 1980. Tickets for the 8:00 p.m. performance are $3.00 for students, $5.00 for the general public.

"Hardcore ballet" is a form of modern dance that combines elements of contemporary and avant-garde dance with elements of classical dance. The performance features a group of dancers who perform on stage in a variety of expressions, including acrobatics, flips, and aerial tricks.

ROCK AT 27

On August 27th, with the temperature still well over 90 degrees and the humidity almost at the breaking point, the rock band "The Beach Boys" performed a couple of new songs, "Crazy Little Thing Called Love" and "I’m Not a Perfect Man." The audience, consisting of students, faculty, and community members, was dancing along with the band's music, enjoying the music and the atmosphere.

The beach band, led by Mike Love, took their place on the stage of the Wadsworth Theater. Despite the heat, the band was kept entertained by the enthusiastic crowd. The lead singer, Mike Love, was in excellent form, delivering a powerful performance that thrilled the audience.

The band's set list included some of their most popular hits, such as "Good Vibrations," "Kokomo," and "Fun, Fun, Fun." The band's lead guitarist, Al Jardine, played a series of solos that kept the crowd on their feet. The lead singer, Brian Wilson, was in top form, singing some of his signature songs, such as "God Only Knows" and "Wouldn’t It Be Nice."

The audience, consisting of students, faculty, and community members, was dancing along with the band's music, enjoying the music and the atmosphere. The show went on for about an hour and a half, and the band signed autographs and took pictures with fans after the show.

Dressed To Kill

by Michael S. Krum

What can you do about "Dressed To Kill"? (I haven't heard the play)

Plenty. It is a political play, extremely serious, sadly Kirby, and always full of suspense and blood curdling thrills. It will leave you cold if you don't miss your playbill.

ROCK AT 27

On August 15th, with the temperature set for 90 degrees and the humidity sultry, several hundred people gathered at the Seaport to see U2 perform. The band, led by Bono, took their place on the stage of the Warner Theater. Despite the heat, the crowd was led into an atmosphere of excitement.

Chapin opened the concert accompanied by his six-string electric guitar, acoustic guitar, and a five-piece band. He performed a series of covers ranging from Bob Dylan to Johnny Cash to Slim Harpo, and even made a special appearance with his wife, Sandy. The concert was a huge success, and the crowd was on their feet throughout.

The next day, August 16th, the temperature reached 95 degrees, but the crowd was not deterred. They came out in full force to see the band perform. The concert was a sell-out, and the crowd was ecstatic.

Bears Prepared for Saturday Opener

by Dizzy Chippewa

A powerful veteran defense and inexperienced but gritty offense will lead the Bears football team into their season opener this Saturday against The Framingham State College Rams at BSC's Swenson Field.

The Bears are coming off a successful 10-2 season last year, finishing second in the Boston College League and second in conference championships.

Boggs, who has been coming of an impressive season, has been placed on the Boston College Pre-Season All-American list.

Once again defense will be the strength of the young Bears team with over eleven veterans returning. Back in action are the players who led the team last season.

The Bears are coming off a successful 10-2 season last year. They will be led by their quarterback Scott McFarland, who passed for over 1,500 yards last season.

The kicking game will once again be very strong with all New England selections, Dave Molina and Terry Burch handling the kicking specialist.

The offense this year is led by much-improved quarterback Keith Collier. His target is the wide receiver Brian Miller, who was second in the league in receptions last season.

The Bears have the advantage of being able to practice against the best of the league.

With a strong defense and a tough offense, the Bears are expected to make a strong showing in the league this season.

This year's football team is expected to be one of the strongest in recent memory.

The women's field hockey team is on a roll in their third weekend of recruiting and conditioning, the ladies attended pre-season camp for a week before school started. Head coach Mary Lyon, Tom and assistant coach Dennis Eldo, ran three sessions, working the team into condition.

The team went to Mobile Alabama in May on Labor Day Weekend for the first day of games against other colleges. The return trip will be a weekend of recruiting, working on positioning, strategies, and team play. The program for the weekend will involve clinics for the players to take in some competition to work on positioning, strategies, and team play. The return trip will be a weekend of recruiting, working on positioning, strategies, and team play.

The team then prepared themselves for a final tuning up for High School field held at Belchertown this year. The two day event (Sat. and Sun.) was co-sponsored by the Health, Physical Education and Recreation Club and the Field Hockey Team.

The two day event (Sat. and Sun.) was co-sponsored by the Health, Physical Education and Recreation Club and the Field Hockey Team. Twelve teams came on Saturday and eleven on Sunday to participate in the day long program. Each day the program consisted of mass warm-ups for the teams under the direction of the BSC players, a series of 25 minute games between the High School teams, a half hour of drills and conditioning by the BSC team, and a half hour of coaching by the BSC players with the High School teams. The drills and conditioning were with many of the High School teams who will return next year. Hopefully the clinics will be an annual event to be sponsored by the BSC Field Hockey Team.

With all of these various hockey activities being held, the team is prepared to officially start their season. September 28th comes this year they gain experience. This week the coaching staff will be headed by Dusty Chapeau and the BSC players, a series of 25 minute games between the High School teams, a half hour of drills and conditioning, and a pair of hard-hitting defenses led by Horace Greely, Mike McGrath and Steve Buckley.

The kicking game will once again be very strong with all New England selection Dave Williams and Carl Rogers leading the charge again.

The offense this year is led by much-improved quarterbacks Keith Cobban. His receivers are Robichaud and Mark Harte who ranked second in catches last year and veteran flanker Sam Scola who had a great season last year. The offensive line are veterans, Matt "Landshark" Roche and Gary Ackerman, two transfer Mike Halpin (6'3", 220) is a formidable foe this year as they gain experience. The offensive line are veterans, Matt "Landshark" Roche and Gary Ackerman, two transfer Mike Halpin (6'3", 220) is a formidable foe this year as they gain experience. This week the coaching staff will be headed by Dusty Chapeau and the BSC players, a series of 25 minute games between the High School teams, a half hour of drills and conditioning, and a pair of hard-hitting defenses led by Horace Greely, Mike McGrath and Steve Buckley.

The kicking game will once again be very strong with all New England selection Dave Williams and Carl Rogers leading the charge again.

The offense this year is led by much-improved quarterbacks Keith Cobban. New Bedford Bus System Planned

by Terri Crewe
Bridgewater State students who commute from the New Bedford area now have a choice of how to get to school. Previously, they used to use their own cars or hitchhike instead of taking the bus. Now, these students are the first to benefit from a newly established bus service provided by Bridgewater to Bedford. The plans for the bus service were initiated by the 1980-81 Commuter Student Services Office located in the Student Union.

The bus service will be run by a private company in cooperation with the Student Services Office. As of now, the company has not been named. The commuter students feel that this new service will benefit them greatly. Without the bus service, students usually had to take two buses to get to campus: one to Bridgewater and another to Bedford. The new service will provide a more convenient way to travel.

Mass State College System to be Revised

by Bar Reu
The Massachusetts State College System has had to cope with the fiscal 1981 budget which provides for the elimination of the State College Board in favor of higher education. The proposed legislation was created by the Board of Trustees which is made up of members appointed by the Governor. This legislation resulted in many changes in the Massachusetts State College System in 1980.

In 1980, the W. Harrison Act was established the present system of higher education. Due to the recent developments in education, the State Board of Higher Education, the board of Trustees of the State Colleges, and the Governor's office have been abolished.

The State has taken for representation of higher education. A special commission for the State Board of Higher Education was established in 1979 to begin a study of the State College Board. The commission recommended a five-year study of the Board of Higher Education. The Governor announced in April that he would appoint a three-member task force to begin the study. The Governor's announcement is expected to be followed by a new report early next year.

The goal of the new system is to provide a more efficient and effective system of higher education. The new system will provide a more equitable distribution of resources among the State's colleges and universities. The new system will also provide a more responsive and accountable system of higher education.
