Bears Business

By Mike Story

Well, the winter sports season is history, and the spring season is fast approaching. This past weekend, the BSC baseball team traveled to Utica College and performed admirably, scoring five runs and losing two games. The team is looking forward to the upcoming season, and fans are eagerly anticipating the team’s performance.

College Spirit & Well At BSC

By Mike Story

This past weekend we had the opportunity to attend the BSC Non-Regional Tournament held at Clark University, where our men’s and women’s basketball teams competed. In this event, we witnessed a great deal of talent and spirit as we faced off against some tough opponents. It was an exciting weekend filled with great games and an enthusiastic crowd.

Men’s Swimmers Finish Season

The BSC Men’s Swim Team competed in their final meet of the season at the 54th Annual New England Intercollegiate Swimming Championships at Springfield College this past weekend. The team performed exceptionally well, finishing 4th overall in the meet.

BSC Baseball Preview

The 1983 BSC Baseball team had an uncharacteristically good year, winning 12 out of 13 games. However, the team will need to work hard to repeat this success in the coming season, as they face tough competition from other teams in the conference.

Discrimination Charges Rock Campus

By Brent Perez

The only black student on the BSC campus, Marita Rondeale, filed a discrimination charge against the college this past week, claiming that she was denied access to a job at the computer department. The charge was filed in response to the college’s failure to follow affirmative action policies.

Campus Goes Computer

By Ruth Schultz

At this point in time there are 18 computer science majors enrolled in computer-related majors at BSC. This number is expected to grow as more students become aware of the benefits of computer science. The computer science department is well equipped to handle the growing number of students.

BSC Board of Trustees meets Wednesday night.

BSC Board of Trustees

The Board of Trustees met Wednesday night to discuss various issues affecting the college. One of the main topics was the budget, which is expected to be tight this year due to the economic downturn.

BSC President’s Wife Dies After Long Illness

Martha Denison, wife of BSC President Richard Denison, died after a long illness. She had been a dedicated and beloved member of the BSC community, serving in various capacities over the years. Her contributions to the college will be remembered.

Bridgewater State College

Dorm Fees Rise $110

By Robert Bryan

The BSC Board of Trustees approved a 10 percent increase in dorm fees for students. This is the first increase in dorm fees in five years, and it will be used to fund needed improvements to the dorms.

Charges on page 4...
Dear Editor:

I am writing to comment on the recent 17th edition of The BSC, a student-run newspaper at Bridgewater State College. The issue contains an article, "Express, My Opinion," which I feel misrepresents the views of those who have been involved with or are currently a part of the BSC program.

I believe that the BSC program serves as an excellent resource for students, particularly those from minority backgrounds, to reach out for support and services necessary for college studies. The program is managed by the Director, Mr. Gaines, and the Assistant Director, Mrs. AuCoin, who are both highly dedicated and knowledgeable in their roles.

Many students, including myself, have found the program to be instrumental in their academic and personal growth. The program offers a wide range of services, including individual tutoring, peer counseling, and academic advising. These services are not only available to students in need but are also accessible to those who wish to improve their academic performance.

Unfortunately, the article suggests that the BSC program is ineffective and offers negative feedback. This portrayal does not accurately reflect the program's impact on students. It is true that changes may be necessary to better meet the needs of all students, but these changes should be made through constructive dialogue and collaboration.

In conclusion, I believe that the BSC program is a valuable resource for students at Bridgewater State College. I urge future comments to be more thorough and accurate in their representation of the program's benefits.

Sincerely,

[Signature]

The past is but the beginning of what is to be. A day or two later and people will be thinking of the problem in the week semesters. The March 30, 1984 issue of the Daily Campus reported the following:

"In the first week of the spring semester, the American Student Government (ASG) was asked to reconsider the issue of the parking lot's location. ASG plans to propose a new location for the parking lot, which will be significantly different from the current location. The new location will be located on the north side of the campus, near the college's main entrance. The new location will provide more parking spaces and easier access to the campus for students and visitors."
Voice for Equality: The Women's Center
By Cheryl Cornwell, Co-Director

I recently conducted a tour of the Women's Center at the University of Michigan. The center is a place where women can seek support, resources, and opportunities to contribute to the larger community. It is a place where women can find a safe space to express themselves and their experiences. The center is staffed by volunteers and offers a wide range of services, including counseling, advocacy, and educational programs.

The Women's Center is located in the lower level of the Michigan Union and is open from 9 a.m. to 5 p.m. Monday through Friday. The center provides a variety of resources for women, including a lending library, a bulletin board for community events, and a resource center with information on local organizations and services.

The center is staffed by volunteers who provide a warm and welcoming environment. They offer support and resources to women in a variety of situations, including domestic violence, sexual assault, and other issues.

The Women's Center also offers educational programs and workshops on topics such as self-defense, assertiveness, and stress management. These programs are designed to empower women and help them develop the skills they need to make positive changes in their lives.

The Women's Center is an important resource for women, providing a safe and supportive environment where they can find the resources and information they need to navigate their lives. It is a place where women can find a community of support and a network of resources that can help them achieve their goals and make positive changes in their lives.
Two shows:
Rat Band:
11:00: March 13 to March 27 you'll never hear of it again. We are "The Rat Band," a brand new band from the city of Boston. We are coming to the State College

Two of the major songs: "What Did It For Love" were sung by Mary Lou Campbell in the role of "Diana," almost but not quite. The rest of the castlist, led by: "Bo-Hunter," "Red Eye," "The Make," "The Detective," and "The Engineer," is the director of the Broadway's present musical hit.

What can you say about a ninety-five-year old theatrical wizard, now celebrating his seventieth anniversary in show business, and no less a person than the present production of "On Your Toes" marks his eighteenth production on Broadway? The world, his friends, is astonished. With "On Your Toes," he is the director of the Broadway's present musical hit.

There are so many wonderful things about this show that it is difficult to know where to begin, and very difficult to control my enthusiasm. I'll take a stab at the headline that's been coined for the show. "Just as you'd expect, not bad," is the headline. The fun of this column is that it provides the editor of this department with an opportunity to muse about the "On Your Toes" of our time. It is possible that some of the editor's theories will be false, but if they are, it is because of his own voice can be: Their Life.

A Chorus Line

Bears Basketball

The women’s basketball team is coming out of winter dorming to help the Bears win their first game of the season at the 64th New England Championships at the end of April. Congratulations to the Lady Bears, and great fans we took with us on this campus.

Men’s Swimmers Finish Season

The men’s swim team captured its first NCAA North Atlantic Regional title in 1983 season at the 56th New England Swimming and Diving Championships held in Springfield College this past weekend. The men’s team performed well, but didn’t score any points.

The 400 free relay team of Mike Dietz, Carl Dietz and Greg Cook swam a 3:55.42, and five personal bests were set in the 100 free, 200 free and 200 breast.

On Monday, Mike Plaza swam a 2:02.45, Mike Piazza swam a 1:52.32, and best times in the 500 free.

BSC Board of Trustees meet Wednesday night.

Martha Dennis Robinson, wife of Dr. Adrian Robinson, president of the Bridgewater State College, died at home March 6 following a long illness. Dr. Robinson was born on May 31, 1927, in Phoenix, Ariz., and was the son of Mrs. Lillian Robinson, a member of the biology faculty. Mrs. Robinson was also a member of President Robinson’s Board of Trustees for the position of Dean of Graduate Studies. In December, the Trustees appointed Dr. Robert Dingman, chairman of the Earth Sciences Department and the Geography Department, to serve as the new Academic Dean. At the same time, the Trustees named Assistant President for Student Life and Enrollment Management, Dr. Donald W. Smith, as the new Academic Vice President for Student Life and Enrollment Management.

The Trustees also announced the appointment of Dr. Donald W. Smith as the new Academic Vice President for Student Life and Enrollment Management.

Dorm Fees Rise $10

By Robert Flynn

The BSC Board of Trustees voted to increase dormitory fees by $10 per month for the 1983-84 academic year. The Trustees stated that the increase was necessary to cover the cost of operations of the dormitories.

Campus Goes Computer

Computer Science Enrollment Explodes

By Ruth Schultz

At this point in time there are 290 students enrolled in computer-related majors at BSC. This compares with 280 of the full-time students last fall. The college’s computer science program is steadily expanding and now offers a wide range of courses.

Richard Fontaine, Director of Computer Services, recently had an interview for over 400 students. He is responsible for supporting and maintaining the campus computer systems that serve the college’s students, faculty, and staff. In addition, the college’s computer system is used by a variety of other organizations and agencies, including the town of Bridgewater, the local school district, and several local businesses.

The computer science program at BSC has grown rapidly in recent years. The college has added several new courses and has expanded its offerings to meet the needs of a growing number of students. The program is now one of the largest in the state, with over 400 students enrolled.

The college’s computer science program is well known for its strong emphasis on hands-on learning and practical experience. Students have the opportunity to work on real-world projects and to gain valuable experience through internships and co-op positions.

In addition to its strong academic offerings, the computer science program at BSC is also known for its supportive and caring faculty. The faculty members are dedicated to helping students succeed and are always available to provide support and guidance.

For more information on the computer science program at BSC, please visit the college’s website at www.bridgewater.edu.
