Women's Lacrosse

The Bridgewater State women's lacrosse team is searching for revenge on Pine Manor College. Yesterday, the Gators lost to the Gators 15-5. The win avenged last season's loss of Bridgewater State's 9-3 in the second game to take a commanding lead in the game. The Gators were playing an aggressive offense game and attacking Pine Manor with great force. Pine Manor had very little success due to the aggressive play. Bridgewater took control of the game.

In the first half taking a 6-2 lead on some good passing. There was no letdown in the second half as Bridgewater State scored 4 more goals. The Gators lead was never in doubt for the remainder of the game. The Gators, led by the scoring power of 6 goals, while Penman-Mathews chipped in with goals from the center position.

SGA News

By Jeannie Panatella

First off, I want to apologize to Terri Mille, former class of '95 whose name was inadvertently omitted from my list of SGAbors appointed to the Financial Affairs Committee at last week's meeting. Sorry! (Terri: looks at this way, you now get a whole paragraph to yourself.) And for the news, well, not much to talk about except thatarring day is coming up shortly, and there is a possibility of a couple of suggestions. What happens is that the Bookstore will buy your books back at half, or less than half the price. Then, after flipping a "used" sticker on the cover, they sell them at some outrageous price—close to the original price! A possible solution to this is to publicize the original SGA Book Exchange. More and better than they have been in the past. In any case, they are held in the Council Chambers. Check the one out.

By Brett Peruzzi

BSC radio station WBNM will sponsor "Meet the Candidates Night" on Tuesday, April 18 at 7:00 p.m. in the Student Union Demonstration Room. The event is being held to help candidates for SGA President and Student Trustee to make their final push for election. The forum will be broadcast live on WBNM 91.5 FM.

The next time you're looking for a book or trying to retrieve information on a particular library, you may want to try your library catalog. The library catalog is an online database that contains information about thousands of books, periodicals, and other materials available in the library. To use the library catalog, you will need to search for a specific title or author, or browse through different categories of books and periodicals. Once you have found the book you're looking for, you can usually reserve it for pickup, request it through interlibrary loan, or check out the book directly if it's available.

Vonnegut Addresses Sellout Crowd

By Robert Flynn

The highly acclaimed writer Kurt Vonnegut spoke last night before a full house in the Student Union Ballroom. Vonnegut is known for his popular and award winning novels as well as his occasional essays. Although he has won much praise for his books, he has been considered a sellout because of his recent support for conservative causes. Vonnegut spoke strongly in favor of the conservative candidates. The forum was well attended and included some new and interesting candidates. The forum was well attended and included some new and interesting candidates.

Vonnegut: An Interview With The Author

By Bret Peruzzi

Prior to his lecture, the author was interviewed by President Kurt Vonnegut. In person, Vonnegut seemed to be the gentle and humorous man that comes through in his books. He spoke informally, laughing frequently while he chain smoked Pall Malls, the only brand he has smoked since 1936. The following are excerpts from a two hour interview that was conducted by one of the students attending the meeting.

Vonnegut:... We were being held to make America's writers. The Candidates A.R.T.Y. Project has been covering the campaign of making America's writers. The Candidates A.R.T.Y. Project has been covering the campaign with a couple of suggestions. What happens is that the Bookstore will buy your books back at half, or less than half the price. Then, after flipping a "used" sticker on the cover, they sell them at some outrageous price—close to the original price! A possible solution to this is to publicize the original SGA Book Exchange. **The Comment Endorses BILL BRASSIL**

Bridgewater SGA President, Bill Brassil, candidate for SGA President, Bill Brassil is respectfully endorsed by The Comment. Bill Brassil, fourth-year in Business Management, is a highly respected member of the Bridgewater College faculty and student body. He is an active member of the SGA, the student government association, and has shown his dedication to the college and the students in his role as SGA President.

**Thank You**

by David A. Kutcher

Liz Cahill, Richard T. Colgan, David A. Kutcher, and Mark A. Pimenta, Liz Cahill, believe that a strong and healthy student government is necessary to the success of the Bridgewater Community. As President of the SGA, Bill Brassil has shown his commitment to the needs of the students and has maintained our nation, and I encourage you to vote.

**Why Vote**

by David A. Kutcher

The following letter was received and published in The Comment on April 14, 1983.

To the Editor,

Sincerely,

Dear Editor,

I am writing to apply for Write of the Year in the 2007 SGA
Assistant Editor

To the Editor:

I am writing to apply for Write of the Year in the 2007 SGA Assistant Editor. My experience as an elected official has taught me the importance of clear and concise communication. I have shown the ability to work effectively with diverse groups and have demonstrated a commitment to the principles of the SGA.

I believe that I would be a valuable addition to the SGA leadership team. As Assistant Editor, I would be responsible for overseeing the writing and editing processes of the college’s, university’s and college’s newspapers. I have a strong track record of producing high-quality content and fostering a collaborative atmosphere among writers.

I am confident that my dedication to the SGA and my passion for effective communication make me a strong candidate for this position. I look forward to the opportunity to contribute to the SGA’s mission and help shape the future of student leadership.

Sincerely,

[Your Name]
Vandalism Here? 

By Barbara Glauten

Vandalism - destruction for the sake of destruction is a real problem on our fair campus. Whether the culprit is a student or a stranger, the damage is often unknown. The causes and the persons involved are usually unknown. A fellow student's property is above being carried away. The culprit is not carrying vandalism insurance. Also, the cost for parking may amount to several hundred dollars.

Chief of the Campus Police was unable to comment on specifics of the case, as the officer investigating had not yet filed an incident report. All activities of this kind are handled through the public police, not the Campus Police. The message from the campus up the umbrella of the campus is clearly stated. "DO NOT leave a comment on the umbrella of the Campus. The only umbrellas you'll see are in the Student Center."

By J.R. Ambersman, CA

Time is coming to an end. There have been good times and bad, but I'll always remember the jam sessions we'd have. Love, always, MB.

"Women, Race, and Class" is an intensive study of the areas covered in the program include: Business Management, Accounting, Business Operations, Computer Applications, and Business Skills.

\[ \text{Strengths:} \quad \text{Language, Communication, and Business Skills} \]

\[ \text{Weaknesses:} \quad \text{Computer Applications, Business Operations, and Business Management} \]

Tina Mitchell, an employee at the Library, said, "I have been working here for over 10 years and I have never seen such vandalism before."

**Spring is Here**

by David Kutchler

Spring is finally here at the BSC! I've noted several signs of its arrival. Namely, my weekends have been spent outside. Actually, I've been spending them throwing snowballs at unsuspecting, unguarded, snow-covered targets. It has caused the great amount of snow to melt, which in turn has allowed me to savor the taste of outdoors.

The college community, I think, have approached these closing days of winter with great enthusiasm. I believe that the spring brings to everyone, to everyone, the notion of a fresh start. The weather is warming, the days are getting longer, and everyone seems to be in a better mood.

I'm very happy to be able to look forward to the coming of spring.

Love, 

Claire Hills

by Barbara Glatten

Vandalism - destruction for the sake of destruction - is a problem on our college campus. Whether the culprit is a student or a known vandal, the result is the same: destruction.

Last Saturday evening, a vehicle, property parked behind Kelly Gym was vandalized on the disposal area too bad. The owner's pride was somewhat diminished. It is not carrying vandalism insurance too bad. Her cost for parking may amount to several hundred dollars.

Chief of Police of the Campus Police was unable to comment on speculation that the officer investigating had not as yet filed an incident report. All activities of this type are handled through the police, not the Campus Police.

The message from the owner of the car is clearly stated. "Do NOT leave the car here; it is not safe on campus."

By Barbara Glatten

**Oasis**

Notes

by Barbara Glatten

If there is some one on campus who does not know what OASIS is, it has been instructed by my advisor to review the campus OASIS, as defined by Welbore's dictionary. It is a relief from boring or drab routines. This could explain the function of OASIS. Other than traditional Aged Students in School represents the approximately 16,000 who have aged up to the age of magic 26. As an older student, I have been on the waiting list for OASIS. I am very fortunate to have been granted the opportunity to be on the waiting list for OASIS. I am very fortunate to have been granted the opportunity to be on the waiting list for OASIS.
**Entertainment**

**The Meaning of Laugh**

By Jeffrey Linthicum and Beth White

If Jonathan Swift were alive today, he would surely be a member of the British satirical comedy troupe "Monty Python's Flying Circus." Their latest satire, "The Meaning of Life," is as classic today as it was when it first aired on television in 1979. The series is now available on VHS, making it possible for viewers of all ages to enjoy the humor, wit, and irreverence that have become staples of Monty Python's comedy.

The series centers around the life of a man named Ralph, who is born on New Year's Day in 1928. The story follows Ralph as he grows up, falls in love, and eventually becomes a grandfather. The series is filled with recurring themes, including religion, sexuality, and mortality.

The series is a satirical take on the human experience, and its humor is often dark and irreverent. For example, the series often uses religion as a target for its humor, poking fun at the idea of a higher power and the role of religion in society.

"The Meaning of Life" is a series that is not for everyone, but for those who appreciate the wit and irreverence of Monty Python, it is a must-see. Whether you are a fan of the series or just looking for a good laugh, "The Meaning of Life" is sure to provide entertainment and laughter.

**EQUUS**

by Matt Donoghue

BRIDGETWATER—Performance dates are fast approaching for Ensemble Theatre’s production of EQUUS, the Tony Award-winning play by Peter Shaffer, internationally acclaimed. Talking with Dr. Stephen Levine, who is directing EQUUS for Ensemble Theatre, I found a man who is now completely immersed in the business of fine tuning the caracterizations of the actors and staging of the play, which opens April 29 at 8:00 p.m., and continuing its run at the Student Union Auditorium April 30, May 6, 14, & 7, with an Eight 'O' Clock curtain.

"The fundamental elements at work in EQUUS express the full range of the human experience, from religion to sexuality, and communication on both the physical and emotional levels."

Last week's edition of The Comment discussed Levine's artistic perspective, particularly with respect to the question of continuing playwright Shaffer's intent that certain scenes be played by actors, partially or completely nude. On this point, Levine was emphatic: "This is EQUUS, a great play, not a strip show. This whole question of nudity or bawdry, graphic depiction of--I don’t know what--is demeaning to the depth of thought and feeling in this award-winning play."

Convention is not one of Levine's hallmarks. In observing one of his rehearsals, one is immediately struck by his keenly imaginative staging, and impressed by unique dramatic sensitivity. EQUUS at B.S.C. is to be an avant of the highest order. It promises to be a stimulative experience for the college community. April 29, May 6, 14 & 7 at 8:00 p.m. Reservations are encouraged. For tickets, or additional information, please call the College Theatre Box Office at 697-1321. EQUUS.

"Few successful men are bashful. It is well-known that a Statesman does not run his best unless there's something behind it."

March 1984

The following joke is from John J. Kelly, Dean of Men.

A farmer sent his son to college.

Before the son

Bridgedwater State College

ENSEMBLE THEATRE

BRIDGWATER, MA 02324

697-1321

It promises to be an evocative experience for the college community. April 30, May 6 & 7 at 8:00 p.m., reservations are encouraged. For tickets, or additional information, please call the College Theatre Box Office at 697-1321. *EQUUS*.

"The fundamental elements at work in *EQUUS* express the full range of the human experience, from religion to sexuality, and communication on both the physical and emotional levels."

Last week's edition of *The Comment* discussed Levine's artistic perspective, particularly with respect to the question of retaining playwright Shaffer's intent that certain scenes be played by actors, partially or completely nude. On this point, Levine was emphatic: "This is *EQUUS*, a great play, not a strip show. This whole question of nudity or bestiality, graphic depiction of--I don't know what--is demeaning to the depth of thought and feeling in this award-winning play."

"The fundamental elements at work in *EQUUS* express the full range of the human experience, from religion to sexuality, and communication on both the physical and emotional levels."

Janey 1984

The following is from S. Elizabeth Pope, Dean of Women in response to Mr. Dupre's *The Joke*.

"Few successful men are bashful. It is well-known that a Statesman does not run his best unless there's something behind it."

Why we are going to try and bring you an evening of entertainment for the sixties -- the rock band, The Shittons. The music of the Shittons is hip, the style of the sixties, and the lead singer, Judy Garrick -- the fiesty grandmother, says, "The Shittons are going to try and go out of their way to provide a night of nostalgia as the sixties comes to an end." The Shittons have been together for four years, ranging in age from 29 to 45, with every member having contributed to the group's success. The band is known for their high energy, and they promise an excellent show.

New courses will be offered this fall at the Rockland Community Theatre. This new theatre company will present "Pippin," a musical by Stephen Schwartz, with a cast of student actors. The show will feature music, dance, and drama, and is expected to be a highlight of the fall season. "Pippin," which opens on October 21, will run for four weeks, and tickets are available at the door.

New England's Rock in Global Conservation

New England's role in global conservation will be one of the highlights of the symposium on Whales, Sea Turtles, and Whaling held at the Rockland Community Theatre on April 30. Sponsored by the State Department and Wildlife Conservation Fund U.S., the symposium is part of a weekend program designed to raise awareness of the international implications of marine conservation.

A panel of renowned marine scientists and conservationists will take a look at the future of the oceans, which can make use of, conserve, and develop the resources of the seas. The panelists will address global and local issues related to whale conservation.

The four-hour symposium, which will be open to the public, is one of a series of major events during the weekend of April 30. The symposium will be held in the Rockland Community Auditorium, and tickets are $10 each.

The comment Thursday, April 14, 1983

Women's Studies to be offered this Fall

By Liz Borger

It's been a long time since I've been to a Women's Studies course at Community College, I thought to myself. As an English major, I've often found Women's Studies classes to be intimidating. However, after taking a Women's Studies course last semester, I've realized that it's not as bad as I thought. I decided to take another Women's Studies course this fall, and I'm excited about it.

The course I'm taking this fall is called "Critical Race Theory," which is taught by Dr. John D. F. Souris. The course is designed to examine the social, political, and cultural issues that affect women of color. We'll be discussing topics such as the legacy of slavery, racism, and discrimination, and how they continue to impact women today.

Women's Studies courses have been offered at Community College for many years. However, I've noticed that the classes are not as popular as they once were. Many students have told me that they feel uncomfortable in Women's Studies classes, and that the topics are too sensitive. I hope that by taking this course, I can help to change that perception.

In conclusion, I'm excited about taking this Women's Studies course this fall. I'm looking forward to learning more about the issues that affect women, and I hope that I can help to create a more inclusive and supportive environment in the classroom.
New England's Role in Global Conservation

In the northeast with a focus on a study on right whales, the New England Aquarium research team discovered a pod of right whales in the Bay of Fundy off the coast of Maine on April 19. The New England Aquarium's regional president, Russell T. E. Cannon, said, "It was a thrill to watch the whales to come to the edge of the boat and take a look at you." After this discovery, the New England Aquarium began a program to inform the public about the whales and the importance of protecting them. The program included a series of events and workshops to raise awareness about the whales and their habitat. The New England Aquarium also worked with other organizations, such as the World Wildlife Fund, to coordinate efforts to protect the whales and other marine species. The program was successful in raising awareness about the whales and their conservation needs, and it helped to increase support for conservation efforts.
Author Theorized to Speak at Catholic Center

By Mike Storey

Those of you who attended the workship on Saturday last week that was sponsored by the Office of Career Counseling and the Center for Continuing Education have gone away thinking that this was a very exciting and stimulating event. I definitely feel that we will continue the workship on Sunday, 11th of April, at 7:30 p.m.

Friends of the Bible Society, are you interested in learning more about the Bible? The Bible Society has a workshop on this Saturday evening, at 7:30 p.m., in the school auditorium. This workshop is free and open to the public.

The first workshop will cover the history of the Bible and its influence on society. The second workshop will focus on the role of the Bible in contemporary issues. Both workshops will be led by Dr. Robert Smith, a well-known biblical scholar.

For more information, please contact the Bible Society at 555-1234.

Economic Literacy Workshops for Women

By Liz Strange

Economic literacy is a crucial skill for women, and the Department of Business and Economics at Bridgewater College is offering a series of workshops to help women develop this skill. The workshops will cover topics such as budgeting, saving, and investing.

The first workshop will be held on Thursday, April 21st, at 7:00 p.m., in the school library. The workshop will be led by Dr. Jane Smith, a professor of economics. The workshop will cover basic budgeting and saving strategies. Attendance is free, but registration is required.

For more information, please contact Dr. Smith at 555-1234.

---

Bears Business

By George Mahony

The Bridgewater State Bears are gearing up for another successful season. This year, the Bears have a strong team with many returning players and some new additions.

The team will be led by head coach, Dave Johnson, who has been with the team for several years. Johnson has a strong record of success and is expected to lead the Bears to another strong season.

The team's first game of the season is scheduled for Saturday, April 23rd, against the University of New Hampshire. The game will be held at 7:00 p.m., in the school stadium.

For more information, please contact the Bears' athletic department at 555-1234.

The Comment

Lecture (Continued from page 1) on Sexwagen frequently and that his total output from that work (the "Waltz") is an accidental book-by-hand.

Henderson (continued from page 1) for a book on mental illness, but the therapeutic effects, which are significant, can be extended in the wait, and through the use of sedatives. The significance of the sedative effect, however, is not yet known. The use of sedatives is recommended for the treatment of mild to moderate agitation. A new medication, however, is currently undergoing clinical trials. The medication, called BU-101, is a new compound that has been shown to be effective in treating agitation in various clinical settings. The medication is being studied in several clinical trials, and preliminary results are promising. The medication is currently being studied in a large, multicenter, placebo-controlled trial. The results of this trial will be reported at a future meeting of the American Psychiatric Association.

Interview (Continued from page 1)

WOGNET: I think that just by going through the day to day to day, you think it's really great. But it's not always easy, especially when you're dealing with so many problems on campus.

VORNGET: Right, it's like a lot of people who are trying to do a lot at once.

WOGNET: But it's been a great experience for me. It's been really rewarding to be able to help people and see the difference that we're making.
