We ask for a drop of water and he gives us an ocean. We ask for a grain of sand and he gives us a beach. We ask for time and he gives us eternity. How easy it is to fall in love with the gift and forget the Giver.

The Community at the Catholic Center wishes to all a Blessed Christmas. May your gifts be the Faith of Abraham, the Wisdom of Solomon and the Peace of Christ in a year filled with God's Blessing and Personal growth.
A Farewell Letter From the Editor

Dear Editor,

As you are closing the grapevine section of my column this week, I would like to take the opportunity to thank you for your continued support of the SGA and the students of Bridgewater State College.

I have been fortunate enough to have been involved with the SGA for the past few years, and I want to express my gratitude for the opportunities and experiences that I have had through my involvement with the SGA. I have gained valuable skills and knowledge that will be beneficial to me in my future endeavors.

I want to take this opportunity to express my gratitude to the entire student body of Bridgewater State College for your support in the past. I have enjoyed working with you all, and I am proud to have been a part of such a dedicated group of students.

I am also happy to be able to leave the office in good hands. The SGA is in excellent hands, and I am confident that the organization will continue to thrive under the leadership of its members.

SGA Censored

TheSlice...the student newspaper at Bridgewater State College, is censored by the SGA. It is my opinion that this is the wrong thing for the SGA to do. The SGA has the right to censor certain things, but they should not be censoring the whole newspaper.

I believe that the SGA is acting out of fear that the newspaper will be held accountable for what is written. This is not a good reason to censor the newspaper. The SGA should be held accountable for what they say, not the newspaper.

I would like to encourage the SGA to re-think their decision to censor the newspaper. The SGA should be focusing on positive actions on the behalf of the students, not negative ones.

Letters To the Editor

Dear Editor,

As an alumnus of this university, I am writing because I believe there is a serious problem on campus that needs to be addressed. I have heard from several students that they have been feeling increasingly unsafe on campus.

I want to take the opportunity to express my concern for the safety of all students at Bridgewater State College. I believe that it is the responsibility of the administration to ensure the safety of all students.

I would like to encourage the administration to take action to address the issue of student safety. I believe that the administration should be more proactive in ensuring the safety of all students.

Sincerely,

Michael Ricardia

What Companies Look For

By Lisa Davidson

Companies are probably best approaching the college market by being aware of what kinds of skills your portfolio has, the employers are seeking to hire your position. Business Wise’s Guide to Careers/Employment offers advice on what to do before and during your application, as well as the changes in our business brought about by recent developments and applications of state-of-the-art technology.

Disability: We look for applicants who have good interpersonal skills and are good communicators, people who display enthusiasm, have a high energy level, and some experience working with the public.

More Shoe, Inc.: We look for technical education and work background that help the person be a match for the company. The ability to handle more than one task, of course, necessary. Because a career in store management can be a stepping stone toward other specializations within the retail industry, students should be future leaders.

A copy of Business Wise’s Guide to Careers is available in the Career Planning and Placement Office for reference.

Announcements

The Financial Aid Office has received an announcement from the Commonwealth of Massachusetts that will allow students to apply for state funds for 1985-1986.

Applications for financial aid are available in the Financial Aid Office.

Applications will be available to students interested in doing research or attending a workshop at the University of Massachusetts at Amherst for the summer 1986 semester.

The Commonwealth of Massachusetts has established a program to provide financial assistance to students enrolled in courses at the University of Massachusetts at Amherst.

Graduate Fellowships

Applications are now being accepted at the Office of Graduate Fellowships for 1986-1987. This program, which involves study and research leading to doctoral degrees in various fields of study, is administered by the Commonwealth of Massachusetts.

Applications for the Graduate Fellowship Program are available at the Office of Graduate Fellowships.

Applications are due by March 1, 1986.
Hark The Stompers Sing

By Jeffery M. Lindent

This past summer I saw The Stompers on a Best of Boston Cruise to Monte Carlo. The boat was filled with enthusiastic, happy people, the last thing you would ever think of seeing half of the time. After the show, I was approached by lead singer Sal Baglip who offered to talk about his college life at the time and how he had to leave school because he was spending all his money on the boat. I know that the fans were having a good time, rather than being serious about it. Baglip was a man who had seen the world, and the audience was captivated by his performance. He was a true rock star, and the fans were drawn to him by his charisma and his music. The boat was a place where people could have a good time, and the Stompers were a part of that experience.

Stay Tuned for a Finale

I am always amazed how badly television is looked down upon. Television has always been considered, as far as the audience is concerned, as a lowbrow form of entertainment that doesn't compare to the more serious forms of art. And yet, television has always been a medium for groundbreaking, thought-provoking shows. There are many TV shows that you can learn a lot from, even if you are not interested in the genre. One example is the show "The Office," which is a great example of how television can be used to explore complex themes.

I want to see more like this, and less of the same old stuff. I think it is important that we continue to support independent artists, and that we continue to value television as an art form.

Last Thursday, Friday, and Saturday night the Student Union presented "Hark The Stompers Sing," a show that featured live performances by the band. The show was a complete success, with packed houses and enthusiastic crowds. The band performed a variety of songs, keeping the audience engaged throughout the entire show. The audience loved the performance and were excited to see the band again.

I think that this show is a great example of how live music can bring people together and create a sense of community. It is important that we continue to support local music, and that we continue to value the arts.

Heartbreak House Revisited
By Scott Edward Essa

Last Thursday, Friday, Saturday, and Sunday the student "The Great Wave at Kanagawa" of the" Heartbreak House" started on the stage of the Laboratory Theater.

The show was a complete success, with high energy levels of joy and humor. The cast worked hard to present a fun and entertaining show to the audience.

The show is about a man who is trying to get his ex-girlfriend back. He is so determined to get her back that he will stop at nothing.

The audience reaction was positive, with many people laughing and enjoying the show. The cast members were very dedicated to their roles and put in a lot of effort to make the show a success.

Overall, "The Great Wave at Kanagawa" was a great success and the audience was very satisfied with the performance.

**A Christmas Story**

By Kevin Roberts

"A Christmas Story" is a delightful movie about a nine year old boy longing for his Red Ryder air rifle for Christmas.

The entire picture is seen through his eyes, of course, and he loses his wish when he grows up in Illinois during the 1940's.

Ralph, (David St. James portrayed by Peter Billingsley) finds himself in interesting situations. After saying the forbidden words, "FUDGE!" in front of his father he is forced by his mother to pull a bar of life-saver in his mouth. Ralph talks about his revenge by imagining he returns the blind carrying a walking stick.

The movie is made to last from the boy's, the man's, the mother's, and the father's, point of view. After saying the forbidden words, Ralph has to sit in a chair for a moment and his mother makes a special sauce which is superb.

**Calendar**

By Robert Flynn

The funniest part of the film is Ralph's encounter with his father, Mr. Parker. After saying the forbidden words in front of his father, he is forced by his mother to pull a bar of life-saver in his mouth. Ralph talks about his revenge by imagining he returns the blind carrying a walking stick.

The making of the film is superb. Every moment of the film is entertaining for the average reader and the reader who is interested in the entertainment industry.

**Thursday the 8th**

Storyville, 44 Beacon St. at Kenmore Square, Boston, 266-0950 - The Angry Young Bees and the Insect Surfers are a local band with a great sound. The band's sound is a perfect blend of punk and pop and the result is highly danceable. The D.C. band, the Insect Surfers, play surf-punk you can dance to. The last time I saw them they jumped up and down in a wild fashion so you could see them, even if only for a moment, no matter where your seat was.

**Friday the 9th**

Jonathan Swifts, 30 JFK St., Cambridge, 691-9897 - Buddy Holly had a hit in the late 50's that is known by few people, but you might remember their recent singles. Square One is one of the best of this new sound. With the Boston locals, The Angry Young Bees and the Insect Surfers.

**Saturday the 10th**

RAT, 828 Comm. Ave. at Kenmore Square, 249-4039 - The punk band, Gun Club is unique because of his unique sound, one of the best of this new sound! With the Boston locals, The Angry Young Bees.
The drawing for Boris the Bear will be on December 12. The Bear is being raffled off by the Russian Club.

Editors note: I wrote this column in an attempt to alert both the average reader and the reader who is aware of the need to support the various groups that are playing in the area. I never hoped to create some kind of mass converter of the readership, but to show our readers another side of today's music. I have listed the best in locally playing jazz, blues, rock, and punk music. While these bands may sound totally different than the mainstream sound that most people listen to, their music is all top-notch for their genres. I hope a few people tried out some of the bands I suggested, and enjoy the music.

"A Christmas Story" is a delightful movie about a nine year old boy Lobbying for his Red Ryder air rifle for Christmas. The entire picture is seen through the eyes of a child, but what he learns while he grows up in Illinois during the 1940's is just as applicable today as his childhood adventures and events as a child. SGA Profile of the Week

Hello, my name is Karen Treadup and I am a Student Government Association Senator for the class of 1987. The Senate is the legislative branch of the Student Government, that is, we represent the student body and vote on their behalf. I feel that a Senator must always be informed about student views and be willing to voice them.

I have been involved in Student Government since my junior year. I have worked hard to become a successful Senator and I feel that this year has been very rewarding. I have learned a lot about student government and how to work with others to make decisions that benefit the student body. I have also learned the importance of being a team player and working well with others.

As Senator, I have been able to influence the way our school is run. I have worked on several projects and have contributed to the success of these projects. I have been able to use my skills as a Senator to help our school improve.

I am most proud of the work that I have done with the Student Senate on several issues. I have been involved in the creation of a new campus newspaper, The Comment, and have been successful in getting the paper to be a success. I have also been involved in the creation of a new online resource for students, the Student Senate Website.

I believe that I have made a positive contribution to the Student Government and the school as a whole. I have been able to use my skills as a Senator to help the school improve and I have been successful in doing so.

Thank you for allowing me the opportunity to be a Senator. I hope that I have been able to contribute to the success of the school.

SGA Profile of the Week

Hello, my name is Karen Treasup and I am a Student Government Association Senator for the class of '87. The Senate is the legislative branch of the Bridgewater State College Government. I am the representative of the student body and work to implement the policies set forth by the Senate. As the President of the Senate, I have the responsibility to direct and guide the Senate. The most important job is to ensure that all Senate meetings are held on time and that all Senate resolutions are completed.

I have already attended meetings to discuss such issues as the grade policy, student conduct, and the budget. These meetings are attended by all members of the Senate and are open to the public. The Senate meets on a regular basis every Thursday at 12:30 p.m. The Senate is an excellent way to get involved in student government and to have a say in the decisions that affect the student body.

THE CHRISTMAS CONCERT

Thursday, December 8, 1983

The Staff of the Career Planning and Placement Office wishes all members of the BSC Community an enjoyable, safe, and happy holiday season.

The program is one centered around the issue of a woman or man who is 35 years of age to 55 and has lost their main source of income. We focus on a workshop concept or a three to four week period for a few hours each day. Each workshop will meet one on one with a counselor, and be monitored over a period of eight months. The workshops will cover a number of areas from life management skills to career development.

For an interview, please call Joyce Macleod, Displaced Homemaker Counselor/Trainer at Massasoit Community College at 747-7749 ext. 263, or there is an application available for your review.

**S.A.G.A. BOOK EXCHANGE**

Bring your used book to the S.A.G.A. office NOW, only books currently on display are saved. Also books taken in next semester.

As the Weekly Bulletin suggests, the committee meets on Mondays at 5 p.m. in the Martha Denison Rondileau Conference Room of the Clement C. Maxwell Library. We welcome anyone of the College Community to these sessions.

The Subcommittee is working on the development of the concept which was approved by last year's Curriculum Committee.

Order Graduates Regional Graduates Regional Employees
Upperclassmen Laskier Community to
met with.

We hope to collect and disseminate data from our surveys during the Spring semester hopefully prior to the break. At the same time, we will be gathering information on national trends, data on our own BSC students and GER statements from other state institutions.

Furthermore, the Subcommittee plans to conduct hearings with departments, student groups, administrators and other interested persons. Anyone who wishes to schedule a particular meeting in a special topic should contact me to arrange dates and time. We expect to designate specific topics for discussion at general faculty meetings.

We urge you to keep in mind that, at this point, our discussions are not concerned with what changes to make, but rather with if changes should be recommended.

We reiterate that, as we discussed the issue of the survey, we were not ready with an issue, but rather with if changes should be recommended.

The Final meeting of the Curriculum Committee for this semester December 12 at 3 p.m. in the Rondileau Conference Room, Maxwell Library.

Place January 1984.

**Editors Note:**

The committee has decided to include the workshops listed below as part of the Winter Break. These workshops are designed to provide students with information and resources to help them make the most of their break. Please note that these workshops are open to all students, regardless of major or class standing.

**Workshops:**

- Location: 2nd Floor, Student Union Building
- Time: 10:00 a.m. to 2:00 p.m.
We ask for a drop of water and He gives us an ocean. We ask for a grain of sand and He gives us a beach. We ask for time and He gives us eternity. How easy it is to fall in love with the gift and forget the Giver.

The Community at the Catholic Center wishes you a Blessed Christmas. May your gifts be the Faith of Abraham, the Wisdom of Solomon and the Peace of Christ in a year filled with God's Blessing and Personal growth.
