**EXTRA CREDIT**

This part’s easy; just check off the ones you wear. You’ll find many of them displayed with none of our original low price. Nine pairs are listed.

- Black pants
- Gray slacks
- Plaid pants
- Blue slacks
- Yellow slacks
- Other colors or patterns

---

**Reagents of Chancel**

The proposed increase for the next semester is $200 for in-state students, $300 for out-of-state students, and $3,000 for graduate students. This does not include the dormitory charges, which are approximately $1,000. The increase is necessary to meet the rising costs of operating the college.

- Dormitory charges include
  - Food
  - Housing
  - Utilities

---

**Tuition Hikes Slated Next Semester**

By Bill Brassil

Chancellor John Duff has announced that the Board of Regents of Higher Education is considering a 10% increase in tuition for all state-supported schools and universities. The proposed increase would take place this September, adding approximately $170.00 to the tuition portion of the student’s bill. This does not include the increases in dormitory charges, which are also scheduled to take effect this September. Complete details are not yet available at press time. Watch The Comment for more information.

---

**Grad Speaker Uncertain**

By Paul Foster

Although graduation exercises for the Class of 1984 are more than three months away, problems are already beginning to arise. Governor Michael Dukakis, who accepted an RSBC invitation to be the Commencement Speaker, has now informed the college of a possible conflict with the May 28 graduation date. According to David Depp, Vice President of Student Services, Dukakis informed him that he would be available to speak, then informed the college that he was unable whether or not Dukakis will come. He also mentioned the possibility of finding another speaker, but he refused to comment further on what he meant by “considerable.”

---

**No Guards at Hill**

By Meg Snow

The security checkpoint at the bottom of the road leading to the Shea/Dargin dorms was only used for a short time, and now it is totally abandoned. Why? Maureen Fitzgerald, the Director of Housing at the college, explained that presently there is no need for it. “We don’t have the same problems here where other people come down to the college just to cause trouble. They have been eliminated by campus security.” Fitzgerald also noted that previously there had been a shortage of officers, but now as far as security goes, we’re operating at full capacity with the institution Protection Persons and the Campus Police, who use two cruisers every night to patrol the lots, commons, and the Shea/Dargin area. She added that the RA’s and the GAs are enforcing regulations and the students are being more responsible.

---

**Changes Made at WBIM**

By Matt, Peter Donoghue

It has certainly been a long time in coming, but on Tuesday, Feb. 7, Student Union Director Dr. Richard Veno announced that Chris Harwood, who had been serving as interim Program Director, had been chosen from candidates including Harwood, Scott Leavens, Scott Swanson, and Joe Counsell, as the new WBIM Program Director. He will be succeeded Jim Magner, who was disinterested last fall. In a related move, Veno created a new position of "Assistant to the Program Director" for the student who was known to the RSBC community as "Super Duper." This action seems to indicate the end of a year of new beginning. In an interview with The Comment, Dr. Veno said, "I am pleased with the road the radio station is progressing — both in terms of equipment and facilities and in terms of air quality. Chris (Harwood) is very competent and has proven himself on the interim basis. He is a good organizer and has a good knowledge of broadcasting, and can make WBIM run effectively.

When questioned on the subject of student autonomy at the radio station, Veno was more tentative, saying "I'm not sure about the complete statement that the Director and station leadership have conditional flexibility, but I do know that the students have some control over operations. The students who manage the station are important. We will have to work out the details of the students' role in the future."

**APPROACHING SECURITY POST**

PREPARE TO STOP
**Campaign Letter**

**By John Beaton**

I’d like to take this opportunity to introduce myself. My name is John Beaton and I am serving as the president for the class of 1987. I am a second semester freshman from Stoughton, MA living in the South-Dominatedly Complex. By running for this position I am hoping to make the experience a better one for everyone here. I believe with your help I can help the students achieve their goals. I have been here at BSC for over a year and I find that, if appointed, I will do my best to represent the students and their views. If you have any comments or suggestions you would like to make, please contact me at 94-6056.
Editor's View

My name is Joseph A. Gouveia and I am running for Senator at large. I do not believe that I can change the direction this school is headed by snapping my fingers (for without the student input the travel policy board will have trouble getting the students support) or by spending the students money, and stand up and say that the problems are not a problem anymore.

My credentials are: editor for the Bridgewater Arts Review, runner-up for the Straight Straight Column last semester, and chair of the Bridgewater Board of Selectmen's Public Relations Committee last year.

People have made an honest effort to run this office, but they have not made anyone feel included. In order to improve the students' lives we need to get the input of all the students. Let's make the school as it should be: a school for the students, by the students and run by the students.

I believe I could be doing a better job. Only with the support of the students can any candidate make the system work in a better fashion, together we can make the school a better place.

Sincerely yours,

Joseph A. Gouveia
Candidate, Senator at large

Campagne Letter

Attention: Learning Disabled

Are you having difficulties in the classroom due to your learning disability? Have you thought about trying out the new helper and teacher reader services: books on tape, or just someone to listen to you and help you write your papers? Find out more about learning disabilities and what services are available to you.

Attention Women

The Disabled Student Awareness Organization has a teaming group that you might find interesting.

Anyone interested in promoting awareness of learning disabilities should contact DSAO and ask questions about the teaming program.

The Disabled Student Awareness Organization

Editor's View

The current system is not working as it should be. The students are spending money on something they feel is not getting anywhere. Students of the year have been asked to pay their fees on time. Yet, it is not being spent? Students of the year might think that they are the only ones keeping the Student Union up and running but they are not. The money is being spent, without the students knowledge. The only way to make sure that the student's input is being accepted is to stand up for their rights. I will do this by having the meetings open to the public. All the students principals, board members, students, faculty members, and the community should be able to attend. The meetings will be held in the Student Union RoomSU, 1.

If I am elected as President of the Student Senate, I will make sure that the meetings are open to the public and that they are held on time, and the minutes are published. The elected members of the Student Senate will have the input of the student body and will support my position. After all, we are the students. Without our support, the Student Senate would be nothing! I will make sure that my position is the best in the school.
what you've been saying. How can someone who has so much to say appear not to feel anything that goes on? The Shmelmanns have no heart.

There were two firsts at last Tuesday's meeting. Treasurer Merle Meiners had his financial report, and Senator McCarron made it his last appearance at a Senate meeting this year. Oh, yes, to Senator Murphy, your sweater? Senators Mclaughlin, Senator Kulick and Senator Merchant are not familiar with the night of the meeting.

I'm late, I'm late for a very important date. Make me a late-lily fly for his pride. Senators, you are a part of the college and coastline. Not a business, order the rental of your acceptance of moral responsibility regarding your voter registration and fulfilling your duty to the democratic process through your vote in November.

I hope you will give consider- ation to the problems presented by Dr. Lowery and Senator Mclaughlin, who feels that it is important that the future management and maintenance of the campus be handled by a diversity of students not controlled within the university.
Report on Voter Registration

The following is a report on voter registration. Dr. Joseph Lowery (President, Southern Christian Leadership Conference, Chair, National Bank Leadership Forum), made at the National Student Christian Movement Registration at Harvard Union on February 2nd. The report is presented by Dr. Lowery's comments on the issues for your consideration.

Annette Sabry

The theme of the speech was need for Rev. Dr. Lowery's incessant movement to have a shared experience of shared economic injustice. This experience is important in order to reduce poverty and inequality.

SUMMER JOB

Clem Martin, Mr. Vidal, and others described their experiences and the challenges they faced. They highlighted the importance of voter registration and the need for more participation.

Music

By James Wagner

Vitamin is what I would call the musical, if such a word

is possible. It is a collection of songs that

speaks for itself. The album is full of stories that

are told through music and words. The

Ramones would have loved this album. The

album is a mix of rock and roll with a slight

pop influence. The art of this album is

noteworthy and very catchy. The

artist is Bill Nelson. Every song

on this album is catchy and

memorable. The

songwriting is
d

spectacular.

The songs

are

truly

memorable. The

In the context of the image, the discussion revolves around the need for a parking lot at Bridgewater College, which would relieve pressure on the current facilities. The text highlights the importance of sports in school life and the need for adequate spaces to support these activities. The article concludes with a discussion on the need for a parking lot to serve the campus, emphasizing the decision-making process and the role of the Student Union in such matters.
It wasn't better by my next period, then I'll go.

My own military service, in Vietnam in the midst of the Vietnam War, made me develop the same question at what is this all about. I learned about American military service, the problem, the need for, and the reasons why we are there.

The organizations are from the New England states. Plan now on what you can do, where you can go, and the experience you can gain. The organizations offer internships, and your experience can lead to a job, or it can be a great way to gain skills, which can be used in whatever field you decide to go into.

The most important thing is to get involved, to get experience, and to make a difference. It is not about how many miles you can drive, how many people you can help, or how much money you can raise. It is about what you can do to help others, to make a difference, and to create a better world.

By Bonnie Bowden

This week in PIRG

The Financial Aid Office in the Office of Student Life, PIRG Chicago, and the Merchandise Mart in Chicago sponsored a week-long series of events for students interested in financial aid.

The events included workshops on financial aid, seminars on budgeting, and a panel discussion on student loan debt.

The workshops were held in the Merchandise Mart, and were open to all students.

The seminars were held in the Student Life Center, and were open to all students.

The panel discussion was held in the Student Life Center, and was open to all students.

The workshops were taught by a number of experts, including financial aid counselors, budgeting experts, and student loan experts.

The seminars were taught by a number of experts, including financial aid counselors, budgeting experts, and student loan experts.

The panel discussion was taught by a number of experts, including financial aid counselors, budgeting experts, and student loan experts.

The events were well attended, and were well received by the students.

**BEARS BUSINESS**

By Mike Storey

Great winter weather, huh? The chorus going all around the business is really booming these days. It's 72 degrees today! Speaking of trips, quite a few of us have been making our way to the coast for the first weekend in a losing effort on bars achieving a personal best. The girls showed that they can do it with bars achieving a personal best of (8.7). The girls showed a big improvement over our last competition.

The men's gymnastics team traveled to WPI this weekend for the New England tournament. Every man in the team is expected to do well at this meet. In fact, Greg Wilson (12-1) is expected to be one of the top performers in his weight class (150 lbs.)

The men's basketball team lost to Framingham State today. By Mike Storey

Joe is a great player and we are excited to have him back.

By Jeanne Flynn

They'll Tumble For Ya!

The BSC gymnastics team is being led by Coach Jeanne Flynn. The team has been hard at work, practicing and preparing for their upcoming competition. Jeanne Flynn has been with the program for many years and has a great deal of experience. The team has been working hard to perfect their routines and is looking forward to the competition. They are very excited to showcase their skills and compete against other teams.

The Kelly Gym and Pool will be closed Febr. 18 & 19. It will reopen Monday night at 6:00 p.m. Have a nice weekend!
Sports

Bears Business

By Mike Storoy

Great winter weather, huh? The snow cover all business is really boding these things, you know. Right? Telling it to Florida to get away from all this cold.

Speaking of trips, quite a few of us have been down to Florida and are being made up-to-date on the last season's performance affecting the next season. We have had the opportunity to interview several players from last year's team.

The Bears have a strong tradition of success, and they are expected to do well this year. Coach Larry Cook (coaching career) and Kathy Baker (19 seasons) will be in their respective positions again this year.

The Bears were victorious over Trinity College, winning 72-70 on a layup by Center Diane Brouse with 1.2 seconds left in the game. This was a big win for the Bears, who start the season 5-2 after losing their first two games.

The Bears will play their first conference game on Saturday, November 13, at home against Middlebury College. The game is expected to be a tough one for the Bears, as Middlebury is one of the top teams in the MASCAC conference.

By Doug Bonson

The Bears have improved their team chemistry and are working hard to achieve their season goals. The team is led by senior center Cindy Llewellyn, who is expected to have a breakout season.

The Bears are looking to build on their success from last year and are working hard to achieve their goals. The team has a strong sense of camaraderie and is working hard to improve their skills.

The Bears will play their first conference game on Saturday, November 13, at home against Middlebury College. The game is expected to be a tough one for the Bears, as Middlebury is one of the top teams in the MASCAC conference.

Women Bears Hang Tough

By Douglas Benson

The team has reaped a clutch victory, with a strong performance from leading scorer and assistant coach Laurie O'Connell. Her 16 points, 4 steals, and 3 assists were key in their victory.

The Bears have a strong sense of teamwork and are working hard to achieve their goals. The team has a strong sense of camaraderie and is working hard to improve their skills.

The Bears will play their first conference game on Saturday, November 13, at home against Middlebury College. The game is expected to be a tough one for the Bears, as Middlebury is one of the top teams in the MASCAC conference.

They'll Tumble For Ya!

The BSC gymnasts hosted one more victory over NCCU this season. Wednesday, 35.7 to 115.8, their third home meet this season. The teams scored high points going into the second semester. The Bears scored high in the second semester.

The bears showed lots of interest on the balance beam with Lila Delaney (8.8) and Nadine Lucas (8.54) performing solid routines.

The floor event was expected to be the toughest event for both teams. Each team scored high points in their routine through creative and exciting routines and high bar routines. Nadine Lucas (8.8) and Capt. Cindy Perris (7.6) improved the team's final score at both meet.

Coach Lynne Mattison was very enthusiastic over the performance of the teams. She was happy with the high scores. The Bears scored very well and the high scores helped us in our final score. We are looking forward to a good season. The girls showed improvement in all events this season. The girls scored high in the second semester.

The Kelly Gym and Pool will be closed this week, Feb. 18 & 19, it will reopen Monday night at 6:00 p.m. Have a nice weekend!

- cotton/wool scarves

Tuition Hikes Slated Next Semester
By Bill Brassil

Grad Speaker Uncertain
By Matt. Peter Donoghue

Changes Made at WBIM
By Paul Foster

No Guards at Hill
By Meg Snow

Tuition hikes slated next semester adding approximately $170.00 to the tuition portion of the student's bill. This does not include the increases in dormitory charges, which are also scheduled to take effect in September. Complete dates are not yet available at press time. Watch The Comment for more information.

Although graduation exercises for the Class of 1985 are more than three months away, problems are already beginning to arise. Governor Michael S. Dukakis, who accepted the BSC's invitation to be the Commencement Speaker, has now informed the college of a potential conflict with the May 25 graduation exercises. According to David Deep, Vice President of Student Services, Dukakis informed the school that he would be available to speak, then he realized later that he also had another function scheduled for the same day, thus posing a conflict. Dukakis had also mentioned the possibility of missing Commencement, which would abbreviate any possible change in the date, the Governor said.

After meeting with the Convocation Advisory Committee yesterday, President Adrian Rondinone, informed The Comment that graduation exercises will be held at the regular time on May 26, and the committee is in the process of finding another speaker. The feedback from the students regarding the proposed change in the date, signified to the committee that a change in the date would not be warranted.
