Canada’s Bear of Beers is here!

Down from the North Woods of Canada comes Grizzly Beer. Not just another Canadian beer, but a rare breed of brew. An authentic Canadian lager—naturally aged, so it’s remarkably smooth. With a flavor no other Canadian beer can stand up to. The bear of beers is here!
Dear Editor,

I have been quite upset over the last few weeks, when I found nothing satisfactory on the bag I was carrying the student's budget. I have never seen such a lack of information, and I can only see that the student's budget is not a priority for the university. The budget is not enough money to support the students, especially during this time of crisis. The budget is not enough to support the students, especially during this time of crisis. The budget is not enough to support the students, especially during this time of crisis.

Sincerely,
M. Johnson

**Student Participation Is Birth Control Abortion?**

By Michelle Lombardo

For the last several months, I've been running a campaign to promote birth control. The campaign has been successful, and I've made great strides in bringing awareness to this important issue. However, there are some who have been opposed to my efforts. They argue that birth control is a form of abortion, and therefore it should be illegal.

I believe that birth control is a matter of personal choice. It is not a form of abortion. It is a way to prevent unintended pregnancies, and it is a way to control one's family size.

---

**Political Participation for College Students in the '80s**

By Nancy L. Dunlop

Managing Editor

What are you going to do with your political influence? What are your goals for the future? Are you planning on voting in the next election? If you are, what are you going to do with the power that you have?

As college students, we have a unique opportunity to make a difference. We have the power to elect leaders who will represent our interests and values. We have the power to shape the future of our country. We have the power to make a difference.

---

**The Comment**

Drinking driving continues to be one of the most serious problems in our society. It is a problem that affects all of us. The statistics are staggering. In 1984, there were over 25,000 deaths due to drunk driving. Drunk driving is responsible for 1 out of every 3 deaths on our roads.

This is a problem that we cannot ignore. We must take action to stop this dangerous trend.

---

**Announcements**

The Bridgewater town council will meet on Wednesday, October 2nd, at 7:00 pm in the council chambers. The meeting will be held at the town hall. The meeting will be broadcast live on WEEKLY TV.

---

**Letters to the Editor**

Dear Editor,

I just wanted to express my concern about the lack of coverage on the two nations that preceded your first coverage. I have not seen any mention of these nations in your newspaper.

Sincerely,
M. Johnson

---

**Letters to the Editor**

Dear Editor,

I was very upset when I read that the Senate had voted to restrict the rights of militants. I was hoping that the Senate would vote to support the rights of these individuals, but instead they voted to restrict their rights.

Sincerely,
M. Johnson

Dear Editor:

I have been quite anxious and worried by your newspaper's opinion regarding the Government Association. As a member of this group, I have noticed that last year, we were overwhelmed and it seemed that many did not understand the importance of our mission. For those who did, the fact that our SGA meetings and budget were met with such opposition was disheartening. I believe that the issue here was in the organization itself and how it was perceived by the students. I hope that this year can bring a fresh perspective and a more collaborative approach to our activities.

Sincerely,

[Signature]

**LetterS**

**LETTER TO THE EDITOR**

We need to look at our political freedom this year, especially after last year's events. For the last several months, opportunities for college students to participate in the workings of the government have expanded. The Bridgewater towns will be held from 9:00 a.m. to 12:00 noon on the first and third Tuesday of each month. The meetings are open to the public and are held at the local town hall.

As town councilors, we are responsible for making decisions that affect the lives of our constituents. Therefore, it is important that we engage with our community and encourage participation in the decision-making process. By attending these meetings, you can learn about the issues being discussed and provide input on how these decisions affect you personally.

In conclusion, I urge all college students to attend these meetings to stay informed and give their opinions on important issues. Together, we can make a positive impact on our community and ensure that our voices are heard.

Sincerely,

[Signature]

---

**LETTER TO THE EDITOR**

I am writing to express my support for the political participation of college students in the '80s. It is important that we get involved in the political process and use our voices to make a difference.

As a student, I have been actively involved in various political campaigns and have worked to register voters in my community. I believe that we need more young people participating in the political process.

In conclusion, I urge all college students to get involved in the political process and make their voices heard.

Sincerely,

[Signature]

The Student Government Association is a non-profit corporation. Its financial operation is exempt from Federal Income Tax under the provisions of Section 501 (c) (3) of the Internal Revenue Code of 1984. The Student Government Association is governed by By-Laws and规章制度.
The Neighborhoods Fire at BSC

By Audrey Little

Fire came to BSC last Friday in the form of "The Neighborhoods." This trio, hailing from Boston, played an encore set to the delight of the hundreds who attended. The Who? at BSC. "I Can't Explain" was revved up into a punk anthem, but their sound was definitely "The Everly Brothers." There wasn't even a cover, that's how original their style was, much like the original. I hope that having "The Neighborhoods" play at the Outdoor Concert is the start of a new tradition of having good groups here next semester. This trio would have played even better back at Boston University since it's home away from home.

As a matter of fact, the club was losing one of its cherished Guardian Angels, Professor Barnett. He will be going into retirement after this semester and he can have no doubt that he will be sorely missed, as a teacher and participant. He had a vision, to ensure that the Drama Club and our school and its students' experience appeal to the entire community. This idea has obviously been influenced by the early Clash-Jam-Sex Pistols sound. Their set, for the most part, loud, fast, and straightforward. (No electronic noodling about.) With Mike Quaglia on drums, Lee Harrington on bass, and David Minehan (the guy with the greasy-defying hair) on lead guitar and vocals, they played songs from their recently-released debut album, "It's Not Pop, it's Pop Rocker music, such as "The Pretender" and a real good cover of "Beatnik," which "I Can't Explain" was. The Neighborhoods were played in a slower cock rock style, much like the original.

I hope that having "The Neighborhoods" play at the Outdoor Concert is the start of a new tradition of having good groups here next semester. This trio would have played even better back at Boston University since it's home away from home.
An Evening With
TOM WOLFE
Author of The Right Stuff, The Bonfire of the Vanities.

Wednesday, October 3 at 7:00 p.m.
S.U. Ballroom
Tickets: $2 BSC, $3 Public

Tom Wolfe grew up in Richmond, Virginia, and graduated from Washington and Lee University. He received his doctorate in American Studies from Yale University. Mr. Wolfe worked as a reporter for the Springfield Union (Massachusetts) and the New York Herald Tribune. His writing has also appeared in New York magazine, as well as in Esquire and Harper's.

In 1965, Tom Wolfe published The Kandy-Kolored, Tangerine Flak Streamline Baby, which in 1966 was published simultaneously in the London Sunday Times and in The New York Herald Tribune, a phenomenon having to do with political stances rather than with merely social styles in our status-conscious world. Wolfe's work has been published in over 20 languages. In 1975, Mr. Wolfe published The Purple Rose, a novel that was a national best-seller. In the fall of 1982, Mr. Wolfe published A Man in the Chair, which has been published in 14 languages. Mr. Wolfe was inducted into the American Academy and Institute of Arts and Letters in 1979.

Mr. Wolfe as Recipient of the Harold D. Vursell Memorial Award for Distinguished Service in Journalism in 1980.

Mr. Wolfe was inducted into the American Academy and Institute of Arts and Letters in 1979.

Mr. Wolfe received the Columbia Journalism Award for Distinguished Service in Journalism in 1980.

Should Birth Control Be Outlawed?

(Article continued from p. 3)

Tolerated only in a Combination Pill, estrogen has the same effect, usually. But, since nothing eradicates contraceptive failure, as the pill is to be considered, contraceptive failure is the same. Progestin organs an active, positive role, and failure which inhibits the movement of sperm during sexual activity. The pill is designed to be able to be inserted in deficit of progesterone. The pretended type of Pill is the Mini-Pill, which contains a Progesterone (Mini-Pill). This pill is designed to be used in combination with oral contraceptives. The Pill is a treatment of birth control. The Pill is the contraceptive and should be thought of as the contraceptive pill.

Firstly, we see a major flaw in birth control. Women would be left with only the less-effective barrier methods, which include the diaphragm, cervical cap, sponges, and condoms. These methods are not controlled or monitored, and are not monitored and are also considered by many couples as a less and a better. Although for the sake of safety and effectiveness these methods fit into lifetime lifestyles will not be discovered, the drawbacks remain. The nighttime shorter is not always be safe.

Furthermore, since most unwanted pregnancies occur to unmarried women, for women do not want to be pregnant, it is a form how many of these women have partners willing to assume the responsibility of making an unwanted pregnancy. Therefore, we have that single men are more likely to have unprotected sex with a woman who is currently pregnant. Since they are the women who get pregnant, the Pill is not for women who do not have childbirth, or whose baby must be removed, is not be taken into the pill. Furthermore, the Pill is a contraceptive and should be used in the most effective way. The Pill is a contraceptive and should be used in the most effective way. The Pill is a contraceptive and should be used in the most effective way. The Pill is a contraceptive and should be used in the most effective way. The Pill is a contraceptive and should be used in the most effective way. The Pill is a contraceptive and should be used in the most effective way. The Pill is a contraceptive and should be used in the most effective way.

Finally, the legal aspect must be examined. If a woman does not have her IUD removed by the time this amendment is passed, she is to be charged with murder. The doctor or house of any woman who knowingly allows a woman to keep an IUD as an accessory is a woman who has an unwanted conception. People who have an unwanted conception are charged with murder by the destruction of their own unborn child. Therefore, the Pill is a contraceptive and should be used in the most effective way.
Pandora's Box
A Plastic Cowboy Rides the Great American Prairie

By Collin Manzo
Staff Writer

For those of us who are football followers there is one team which stands out above all others as The Dallas Cowboys, or as known in recent years as America’s Team. I began to wonder why the Cowboys would withstand up this national nickname? Established in 1960 the Cowboys began as a team which performed classily for its first five seasons. Since then they have made the playoffs seventeen times and won two Super Bowls. There have been other teams that are as attractive as those that have exceeded the success of the Cowboys. The Pittsburgh Steelers, Green Bay Packers, and the Oakland (now Los Angeles) Raiders have dominated the NFL in terms of Championship victories. The Cowboys have had a tendency to finish second best on a regular basis, and have never been dominant in playoff games. So why do the Cowboys become “America’s Team”? Let’s look at why they appear to be so successful and prominent in our minds.

The success of the Cowboys has been attributed to a fanatical marketing campaign made with American Nationalism. The owners of the team have done a thorough nationwide marketing campaign from coast to coast. Each week a Dallas Cowboy newspaper is distributed to fans throughout the state and in parts of Mexico. All Cowboy games are aired every week on a nationwide radio network consisting of over 200 stations; no other team has such mass media coverage.

About a fourth of all NFL products are linked to the silver and black logos of the team, and many Dallas Cowboy sponsors are more readily available to the sports consumer. The NFL Commissioner Pete Rozelle is a president Ted Schramm and many teams in the NFL, but few of the NFL has favored the Cowboys in media coverage as well as the marketing of their teams. The Cowboys have also used the phenomenon of the Dallas Cowboy Cheerleaders as a marketing tool. It’s pretty obvious that their role in the organization is basically to be a sex appeal to attract a wide range of fans! Must admit we watch because more men do only notice these beautiful women! The “Macho Psych” is therefore stimulated and axiomatized with the Cowboys image in a team.

In the last year or so as Dallas Cowboys have been involved in all the media hype that exists in the Dallas Cowboy organization. The possible outcome of this is to increase the sports consumer. The NFL has favored the Cowboys because most teams in the NFL feel that the Cowboys are more readily available to the sports consumer. The NFL has favored the Cowboys in media coverage as well as the marketing of their teams.

Oakland (now Los Angeles) Raiders have dominated the NFL in terms of Championship victories. The Cowboys have had a tendency to finish second best on a regular basis, and have never been dominant in playoff games. So why do the Cowboys become “America’s Team”? Let’s look at why they appear to be so successful and prominent in our minds.

The possible outcome of this is to increase the sports consumer. The NFL has favored the Cowboys because most teams in the NFL feel that the Cowboys are more readily available to the sports consumer. The NFL has favored the Cowboys in media coverage as well as the marketing of their teams.

**Everyday You Always Wanted to Know About Voting. (But were afraid to ask.)**

Who may register to vote?

Any citizens of the United States who is a Massachusetts resident and who will be 18 years old by election day may register to vote.

You must register if you want to vote.

When and where may I register?

There is no waiting period to be eligible to register. If you move, you may register to vote as soon as you move into a new precinct.

Most registrars of voters will register you in your city or town hall during regular business hours, and during special registration elections before ballots. Call your registrar for specific times and places in your community.

How do I register?

Go to one of your local registration places. It may be helpful to bring some identification or proof of residence. You will be asked to complete an affidavit of registration which is the same as registering under penalty of perjury. The questions which you must answer are:

- name is married woman may use her maiden name if she chooses.
- present residence
- residence of 1 year, 1 day, and
- previous residence as reminding city or town of birth.
- name used at that time, if different from birth
- date of birth
- sex (birth or naturalization)
- occupation
- preferred party affiliation, if any

Where and when may I vote?

Polling places are usually located in your neighborhood. Voting hours vary. For state elections the polls must remain open until 8 p.m. During town elections, the polls must open by noon earlier. Polls are open for at least four hours. If you are late when the polls close, your vote may not count.

You can learn the exact hours and polling places in your community from your city or town hall or local newspaper.

How do I vote?

Sample ballots and instruction cards are posted at the polling place. Election officers are required to help you if you need assistance. It is helpful to bring a pencil and a pen to mark your ballot, but you cannot use your own pen. You may request English or other language ballots. When you vote, the election officers will record your vote on your ballot card and place it in a secure ballot box.

**Drunk or Drive: You Can't have both**

(Article continued from p. 3)

country, are able to vote, can drive an automobile and...not have any alcohol in their system. Why not raise the driving age to 18? Wouldn’t this cut down on accidents and save lives? What would it matter then if the 16 and 17 years old get alcohol, they wouldn’t be able to drive.

The political cartoon opposite this editorial sums up one of the major problems. Most of the full fledged alcoholics are not old enough to vote. Admittedly there are people who drive drunk.

There is the Democrats view of raising the drinking age to 21; the Republican view, and even the Independents, but I’ll pass on any of those and take the realistic approach, raising the drinking age, not keeping the drunks off the road. So it goes.
Mass. Democrats Prepare For Victory in Fall

By Patricia Boydon

Joe Rosenbach, 21, a junior at the University of Pittsburgh, is one of the few Massachusetts residents to have qualified for this year’s Mr. America contest. He went to the contest after winning a local Pennsylvania contest and taking 2nd in the 1982 Teenage Mr. Universe contest. He won the award for the best Mr. Teenage Builder Places Sixth in Mr. USA.

Drunk or Drive: You Can’t Have both

By Ron Feller

The problem: Over 47 million Americans are eligible to vote but are not registered to vote. Of that group, an estimated 14 million of that group are between the ages of 18 and 21. A recent study by the Institute of Politics, Harvard University, shows that only 50% of this group are registered to vote.

The solution: The BSC Voter Registration Council (BSCVRC) is sponsoring several voter registration drives on campus. The goal is to register as many students as possible before the November 7 election.

The BSCVRC is a group of volunteers who are working to register as many students as possible before the election. The group is made up of students, faculty, and staff who are interested in increasing voter registration rates.

The BSCVRC is working with the Student Government Association (SGA) to coordinate voter registration drives on campus. The group is also working with other campus organizations to promote voter registration.

The school is not responsible for that god-awful thing located in the Homecoming suggestion box.

By Ed Donahue

Bears Roll On

Last Saturday's convincing 16-7 win over Maine Maritime Academy seems to rally both the players and fans that the Bridgewater State Bears are rolling right along. At the game's opening, the Bears' defense, BSC, took charge out of the gate and never let up, thus not for long. Before a crowd of 1,500, Bears' punter Gary Camarillo put on quite the show, holding field goals of 40, 23, and 44 yards on a strong afternoon.

The Bears opened up the scoring when Majewski got on a break down, attempting to run a fake punt. The attempt failed, which set up Camarillo's first pick and put BSC in the lead. Majewski returned the kickoff and put together a well-executed drive which carried them the entire length of the field, and then over the BSC goal line for a score. This was the first and last time Maine would threaten from the point after. Meanwhile, the defense and Gary Camarillo took over. The Bears took a shutout, and returned the Maine touchdown with one of their own, set up by punts to Scott Johnson and Steve Hughes.

Gary Camarillo added a 27 yard field goal with four seconds left in the first half, which brought the Bears up to 13-7. Camarillo shelled up his third score of the day late in the third quarter with a 33 yard field goal, making it 16-7. At this point the Bears' defense, led by Rick Donnelly (1 interception, 5 tackles, 8 assists), shut down Maine for good. Majewski was never able to string together positive position all through the second half, and could not stop a drive of more than three plays.

In addition to Donnelly, also dominating on defense for the Bears was Bob Friin (2 sacks, 7 tackles). On a maddening end-to-end run, standover Doug Bernard will not be intimidating with a hangman. Just kidding, he broke his hand.

On offense, quarterback Mark Ambrosia was unstoppable for 69 yards. Congressman-to-the-enitre squad, also the BSC cheerleaders — thanks for your loyal support.

The Bears wound up to fun night. This was the first game for Western Connecticut, also undefeated, for first place in the division.

Women's Volleyball Wins Big; Now 3-2

By Vic Donoho

Following a heartbreaking loss to Clark University last Tuesday, the lady Bears Volleyball team spiked back to win four out of their next five matches. They won on Wednesday, Thursday, and this Saturday against Waltham and Mass. Maritime, 3(15-3), 4(15-3) and 3(15-3), 4(15-3) respectively. Last Wednesday's sweep of Braintree (15-3, 15-3, 15-8) was largely due to the strong setting of Gwenia Ward, Cara Luzetti, and Sherry Dennis. Ward and Donna Procopio paced the offense with a number of strong blocks. Off the bench was Sue Long, who displayed strong, impressive (and relentless) dives. The following nights at Roger Williams produced mixed results for the squad, who split the two matches, bringing them to 3-3 thus far in the season. Although coach Kim Phillips was impressed with her team's progress and improved playing, she noted that the heavy schedule was taking its toll on the players. Coach Phillips felt that the team could have taken both matches from Roger Williams, but the girls were too fatigued to pull off both wins. Strong performances by Chris Thomson and Sue Long keeps the Bears in the mix, steering it out to the third game. This brings the lady Bears' win-loss, 15-11.

After a day off, the refreshed squad bounced back to defeat Waltham State 5-0, with everyone on the team participating. The serving of Sue Long and Chris Thomson sparked the team in the victory along with nice help in the spiking department from Jessica Pages. BSC put Waltham State away with ease.

The next home game for one of BSC's most exciting teams will be October 3 at 7:00. Your support will be appreciated, and there are plenty of seats for everyone. Good luck ladies!
Bears Roll On

By Vin Dodero Staff Writer

Last Saturday's convincing 16-7 win over Maine Maritime Academy seems to clearly show that the Bridgewater State Bears are rolling right along. The win was led by the Bear defense, BSC made three out of four field goals and over the Bears' offense Gary Camarillo put on quite a show, kicking field goals of 40, 25, and 44 yards on a strong showing for the Bears.

BSC opened up the north when Mainers gained on a few downs, attempting to run a fake punt. The Bears defense, which set up Camarillo's first field goal and put BSC on the board. Then, when the first and last Maine drive was thrown, the BSC defense took over. The Bears took a short punt and returned the Maine touchdown with one of their own, set up by punts to Scott Johnson and Steve Hughes.

Gary Camarillo added a 27 yard field goal with four seconds left in the first half, which brought the Bears up to 9-0. Camarillo capped off his third return of the day with a 40 yard field goal, making it 16-7. By this point the Bears defense was in full swing, led by Rick Donnelly (2 interceptions, 8 tackles, 8 assists), and Gary Camarillo took over.

At this point the Bears' defense, led by Rick Donnelly (2 interceptions, 8 tackles, 8 assists), was able to control the game and put together a well-balanced offense. The defense shut down Maine for good at the end of the first half, bringing the Bears up to 13-7.

In the second half, BSC took charge early and never sustained a drive of more than three plays. In addition to Donnelly, also putting in a solid performance for the Bears was Bob Fries (2 sacks, 7 tackles). BSC's punter, Martineau, was also outstanding on defense for the Bears.

BSC Men Waterlogged

By Steve O'Brien Sports Editor

Water, a principal component of an aqueous environment, is found in water, some things float, some things sink in water. In sports, especially Friday night's game with Boston College, BSC's hope for a win headed straight into the water.

The BC Eagles sent the Bears to a 49-14 loss, in a mini-tournament held at the Kelly Gymnasium pool. BC took over a 10-7 lead in the first half, running off eight unanswered points before the Bears looked back.

In the second half, BSC didn't play better, scoring 4 goals unanswered by BC and losing 5-3, in a game dominated by the Eagles defense.

Women's Volleyball Wins Big: Now 3-2

By Vin Dodero Staff Writer

Following a heartbreaking loss to Clark University last Tuesday, the lady Bears Volleyball team spiked back to win four out of their next five matches. They won on Wednesday against Brandeis and Mass. Maritime, split with Roger Williams on the road, and came home last Saturday to sweep Westfield State before a packed house. BSC is now 4-2 and has started out faster than last year's impressive pace.

Last Wednesday's sweep of Brandeis (15-3, 16-14) and Mass. Maritime (15-3, 15-8) was largely due to the strong setter of Gwina Ward, Cara LaCesti, and SherryDonnelly. Ward and Donna Procopi paced the offense with a number of strong blocks. Off the bench was Sue Long, who displayed some impressive (and reckless!) dives. The following night at Roger Williams produced mixed results for the squad, who split the two matches, bringing them to 5-3 thus far in the season. Although Coach Kim Phillips was impressed with her team's progress and improved timing, she noted that the team's defense was lacking in its ability to stop the Bears. Coach Phillips felt that the team could have taken both matches from Roger Williams, but the girls were too fatigued to pull out both wins. Strong performances by Chris Thomas and Sue Long keeps the Bears in the mix, stretching it out to the full game.

The next home game for one of BSC's most exciting teams will be October 3 at 7:00. Your support will be appreciated, and there are plenty of seats for everyone. Good luck, ladies!

Both the BEARS and LADY BEARS enjoyed an outstanding week in three separate sports.

Most outstanding was the solid showing by the newly formed BSC FIELD HOCKEY team, which played a doubleheader on Saturday afternoon. The Bears lost to Plymouth State, 4-2, but challenged the Panthers throughout the games.

The Bears fell behind early in the first game, but were only down 2-0 at the half. The second half was as good as any played by the Bears, but the Panther's Halidio had come down the right side of the field, slotted the ball in the back of the net, and sent the Bears away with a disappointing 2-1 loss.

In more recent action, BSC suffered a disappointing 2-0 loss at the hands of Roger Williams College, a perfect football team. Coach Maxfield commented that the Bears' problems were mainly进攻性, as the Bears were not able to get a single shot on goal against the hulking defense of the Williams College Bears.

On October 31, the Bears faced Stonehill College at 3:30 in the Kelly Gym on the campus of the University of Massachusetts at Lowell. If the Bears lose, they will not make the NEFC playoffs.

Four fights broke out in the Stonehill-BSC game, and two of the players -- a 150-pound male and a 125-pound female -- were already heading out of the gym when the game began.

Fourteen second later, one broken jaw, a shellacked lip, a bloody nose, and two black eyes were on the way, were already heading out of the gym when the game began.

The Bears currently lead the NEFC in team defense allowing only 1.66 points per game. They'll need to be at their best this week against Massachusetts Maritime Academy.

The Bears have been playing well under the leadership of Coach Maxfield, who has been characterizing the game by breaking the head, Heball's, 69:41.

On Tuesday, the Bears travel on to Salem State, where they are undoubtedly be thinking revenge when they move there. Stonehill travels there Tuesday, Oct. 29, for a team this week after a recent bout with mono. The Bears are looking forward to the Bears' next game.

Welcome to Section 32 By Jack Murray

This article was written by an outstanding writer, Jack Murray, who has proven himself as an excellent writer in the past. His work is always praised by readers and other writers alike. We are happy to have him contribute to our magazine.

Some other thoughts:
- Miami is the TIE best team in the NFI, opinion.
- Dallas is just as impressive as the Jets with wins over the mighty Rams, Cowboys, and Packers. The Jets' win over Miami is a show that any defense can beat that glorious Giants.
- The Raiders are cautious. They beat both the Bills and Browns.

Go Chicago Bears. BSC did play the NFI this weekend.

---

By Doug M. Bengo Staff Writer

"I cannot remember a game won by more than 20 points," the coach said after BSC had lost by that score in five out of its six scrimmages this fall.

BSC was a blood bath. "It was a perfect football game," Coach Maxfield commented.

For example, in the second half, when forward Chris Terry was tackled by his own goalie in the front of the net, as the ball was taken away from him, Glenn Flanigan, a BSC goalie, and Maine Maritime goalie, Terrio had come down the right side of the field, slotted the ball in the back of the net, and sent the Bears away with a disappointing 2-1 loss.

In time, the Bears will find their own rhythm, and will be able to get back on the winning track. For twenty seasons, he had no experience in the field, but on Saturday, he was taken to the hospital for X rays. Terry had a broken head, and was returned to the lineup and will play this week.

The game really got out of control after several fights broke out, an en masse by the referee. Supposedly, that may be the only time that the Bears didn't fight anyone, and so that was continued.

Coach Maxfield aptly commented, "This was our best attitude. We fought the whole game, but our opponents literally hit, and killed, and pushed their way past us to get to the line, and our goalie was awarded the ball. Then the Bears had been brainwashed into thinking that they could get by without ever taking any chances, and could try to play the game by the rules. It was a perfect football game," Coach Maxfield commented.

BSC had come down the wrong side of the ball and lost 2-1 on the weekend's head, with Ratio-Carnes assistanting the play on the goal. It was a perfect football game," Coach Maxfield commented.

The Bears have been playing well under the leadership of Coach Maxfield, who has been characterizing the game by breaking the head. The Bears were beaten by Franklin & Marshall College on Saturday, Oct. 19, by the score of 8-7. In the third quarter, Coach Maxfield commented, "This was our best attitude. We fought the whole game, but our opponents literally hit, and killed, and pushed their way past us to get to the line, and our goalie was awarded the ball. Then the Bears had been brainwashed into thinking that they could get by without ever taking any chances, and could try to play the game by the rules. It was a perfect football game," Coach Maxfield commented.

Welcome to Section 32

By Jack Murray

This article is about the best team in the NFL, Miami. The author, Jack Murray, discusses Miami's impressive season and the excellence of its players, particularly Quarterback Dan Marino. Murray also mentions the dominance of Miami in the NFL, including their victories over the New England Patriots and the New York Jets. The article ends with a prediction for Miami's future.
Canada's Bear of Beers is here!

Down from the North Woods of Canada comes Grizzly Beer. Not just another Canadian beer, but a rare breed of brew. An authentic Canadian lager—naturally aged, so it's remarkably smooth. With a flavor no other Canadian beer can stand up to. The bear of beers is here!

Unless you are residing at the Great Hill Dormitories, you probably have not noticed the changes in the dorms from last year. First of all, it has two new Head Residents—Tim Melnick and Marian Rhudy. Both have replaced what used to be House Mothers, Emily Stansfield and Vivian Toy, in charge of "The Hill." The two are also working with the Housing Administrations on implementing new programs and activities for the students. Notably, the new in house House Mothers and this year's Resident Assistants are different. Melnick, 24, and Healy, 23, are fairly young but certainly capable of running the complex. "One approach is different, although the rules haven't changed," I think the students can relate to us because we are closer in age to them, and as a result we get a great amount of respect in return," said Healy.

Education Means Profit for CSA

By David Cernito

The situation that exists at the Bridgewater State College bookstore, as well as at other bookstores at state supported colleges and universities, has reached the point of no return. College Store Association, which has a membership of more than 1,000 bookstores at 300 schools in the state, at the state of the market of different types of items for students at BSC, this store is in particular, but in the past as well. A fact often overlooked by many students is that the bookstore staff is not responsible for these problems. The problem lies, instead, in the workings of a major business, "College is for students and not for the benefit of stockholders," noted a senior member of the BSC Engl Department, who wishes to remain anonymous. "The system is corrupt. If the stores were smart, they would change a thing." Faculty members have been forced to change the books they were going to teach from. Although course outlines were submitted to the bookstore as early as May, students have received to ordering their books from independent bookstores, and advising their students to buy their books elsewhere as well. What is being done about this? Sources close to the college have revealed that a meeting of the college and university presidents will be held in the near future to discuss solving College Store Association's concern, and hiring another company to handle the college if the problems continue.

By William Bubul
