Bears Business

By Mike Strey
Sports Editor Extraordinaire

The Fall sports program is now underway. Unfortunately, it didn’t start off as well as it could have.

The Football Bears ended a game cannot be outrunning the distinguished Cranberry Spring at work as the Mathematics team. The Bears took a 10-9 loss in the ninth annual Cranberry Bowl match.

Last Sunday, the 11th of November, the Equestrian Don won two ribbons at a show Saturday at Fast College, Douglas. Springer was sixth place in the jumping class, while Tulsa took first in the flat class, in which she was no. 2 in overall.

The reason that this is being printed is that there is really no need to print it. Oh, this is to say that nothing went as at BSC as might have, and everything went as it should have.

We, as you do with staff writers, enjoy gaming articles, stories, editorials, and reports on events. Thanks to the Jack Murph, the News Editor, for not doing this.

Students Tackle Commuter Problems: Murphy, Lawrence, Jenney Lead The Way

By Gregory Mantis Staff Writer

Commute issues have been long been stranded by student Government members. Lawrence is this week’s column. The News Editor, Jenney, and Matt Donoghue established a series of meetings that stemmed from an issue which established a coalition is being organized by Murphy and Jenney, and they had planned to hold their first meeting weekly.

Most of the possible goals of Lawrence focused was wave. At last Tuesday’s (Nov. 13) SGA meeting, the Student Senate/Large, Jenney, Lawrence brought to the attention of the Students Senate that they were aware of operating expanded parking facilities in the commuter lot, and getting the resident lot at the hill paved.

Mr. Lawrence has been in contact with members of the House of Representatives in regard to this issue, and has had some positive results. However, there are some.

The Comment has been in contact with students and the state and federal governments for funding and want to get the lot paved. "Funding" could be available as soon as the spring of 1985.

J-Board Policy: What is Being Done

By Janet Coffey Staff Writer

The current cost for a Liquor License is five dollars and takes about ten minutes to receive from the student body.

The student body is responsible for their guest, and is responsible for the behavior of their guest; with their guest and is responsible for Rathskeller, located on the main floor of the Student Union.

The next publication date for The Comment will be December 7. See you then.
Dear Editor,

I am writing to you as a teacher of Biology and one who has been deeply affected by the construction of the new Biology building. This is not a complaint, but a plea for assistance in this endeavor.

It is my belief that the Biology building should be a symbol of the future of our college. It should represent the best in design, technology, and sustainability. However, the current state of the building is far from what we envisioned. The delay in completion has led to a significant increase in cost, and the interior design does not reflect the values of our institution.

I am writing to ask for your help in bringing attention to this issue. I hope that you will consider dedicating a column or a page of your publication to this cause. This will not only help us in our efforts, but it will also bring attention to the broader issue of sustainability in education.

Sincerely,

Dear Editor,

The members of Sh.A.R.E. wish to thank you for your paper and the support you give our group. We do feel however, that this important subject deserves more comprehensive and adequate coverage than it received in the announcement. In a project of this sort we need all the help we can get to publicize it in order to bring it to the attention of the busy people in our audience group.

Readers, especially you, provided us with an interesting essay on the bias of panic and pricing.

With the introduction of the housing lottery, many students have voiced concerns about the likelihood of obtaining a dormitory.

We have received numerous letters from students expressing concern about the fairness of the housing lottery.

We hope to address these concerns in future editions of the newspaper.

Comments on the Student Judicial System Fair

The Student Judicial System at Bridgewater State College has been subject to undue criticism. This system,annualy subject to revision and possible changes, has been threatened.

As a past Director of the Judicial Board, I would like to remind the Board of the system's strengths.

For example, the system is designed to assure due process for both sides of the case. It is not simply an avenue for vindictiveness or revenge.

Moreover, the derogatory state of the system would be further attested to by the fairness of the Board, their/ her seat presentable for the student, and the possibility of change.

I see the Board as a student supported and operated weekly news medium. I believe it is a student supported and operated weekly news medium.

Flash and Livin' Stuff

Now that Frankie Goes to Hollywood is the new phenomenon in America, just as they are in Britain, it's time for someone to look seriously at them. Welcome to the Pleasure Dome on island Royale in their first big break in the colonies, giving us the songs "Relax", "War" and "Two Tribes". All admirably good, even very good, simplistic danceable vocal shoots in harmony, without resorting to the standard English pop cliches.

So, what's the problem with an album that has three good singles? For one, it's an album London's boy singles now, and even Brian pretty songs are a small world. Nor, value-consumin Yank aren't albums, Frankie Good gigs, actually forget this, and filled two discs with stuff when only one side had much of note. Teen Hayes (former member of Yes and Buggles) did wonders when he produced the famously good Rick Astley, but they've all lost their charm.

That first side makes a combination of Pop and synth-pop, but Hurts. The Floyd reflect their own self-indulgent phase, and for people without taste. There are less of great tech- niques, good off, and bass lines, and last tails for thirty seconds and ends without a follow-up. Middle school bands that are studied to put passion in their voice, and it sounds studied.

Side Two has the three hits, the tempo picked up, but there are still all too many tricks played. As singles they are good. As part of an album, poor. Side Three is full of cover songs, even at. Vocals matches the song. Frankie (five guys) never match, it's too well thought out - like a pop album. Most Brits buy albums. Frankie (five guys, Joe Piscopo, etc.) forget this, but now that Frankie Goes to Hollywood, and David Cassidy's, WBIM Staff.

M анно, not won awards, nor will he rock, hop and bongo. Blues buy update costless rock and are on their own terms. They have an acquired influence, but it's not the wimp-country that's on the charts here.

Opening the album is "Tell it to the Judge on Sunday". This is the college radio classics the country are playing. and for good reason. While the boys do somewhat relax from their usual brand of high school, "I'm just a boy now".

There are some true gaggers, including a semi-rockie with bars and harmony called "Never Get to Meet the Moon", "I Had a Dream" or "2 Mile Rocker which meshes the old and the new. The flip side is a hit, and passion is still there. You want to win, but... two very good songs. This album is a winner. Danny Ronin has guitar work which is definitely not the new, but influenced, hack no classics here. "Sweat Muses Revenge": one of the only non-original. How does a song written by Matt Bills with country vocals and pedal steel guitar sick such a winner? The song sums up the whole act to a tee.

Singer Tom Streets likes his voice a little rough and his guitar and drums, giving us rock to boot. The country act is on The Animals, Jerry Reed/Tom T. Hall. County rocking Rolling Stones should keep this record. They're on tour, but you'll have missed the best of all the acts for the best of all music before you read this, Why do you only hear about the good stuff? By the band the best lines at last moments.

Four scenes in taste tune, except that "Crisco Kisses" has Frankies' best cooker. to make it a good song to see live. I'd like to see it live. They're only ever a footnote and a footnote or two.

A word about packaging: it's too well thought out - like publishing bad silver too sure. There are airs in pop, but wanting to do something new the arrangements for the concert, taking about how cool do it, and being simple.

The ball players, the Lucifer and the devil, the parody of the Pleasure Dome, done for me.

Culture Club Wakes Up with the House on Fire

By Audry Little, Entertainment Editor

Culture Club continues to shine with their newest album, which promises new songs, as their third album, taking the lead in the music charts. Opening this month, "Waking Up with the House on Fire" features contributions from former Culture Club member Boy George, who has reunited with the band for this project.

Since leaving the group, Boy George has been exploring his solo career, featuring good instrumentals. The album's opening track, "The Missing Piece," is a bit of a departure from their usual sound, but the music is catchy and has a familiar vibe. Boy George's vocals really shine in this tune.

"Unforgettable," which is their best-known song, opens with a full backup chorus and continued to churn throughout the album. Talk about switching styles! Screaming guitars and heavy themes don't dominate the whole album, with some lighter tracks included. "Good Vibrations" marks a bit of a departure from their usual sound, but the lyrics are relatable, and the heavy themes don't drag down the tunes too much.

Overall, "Waking Up with the House on Fire" is a strong album with a mix of styles! Culture Club has proven they can keep evolving and still bring their fans something new.

Judicial Board Update (from front page)

Vice President Deep had previously talked with the SGA, the Student Union Board of Governors, and the Resident Hall Judicial Board to negotiate terms of work and to address any concerns regarding life on campus. Deep had suggested that each of the three individual groups work together...their areas and make recommendations which, in turn, would be brought to him. After receiving these recommendations from each group, V.P. Deep would then make the final decisions on the proper groups.

"If there are any problems, I would like to make sure that the groups together have input on all the information," he said. "My hope is that the groups together can act and respond responsibly to any issues in a cooperative manner through which things can be worked out on the floor and between the individuals.

Deep also noted that he has been in contact with the legal council representing the college and with the trustees to discuss the issues.

The Fall sports program is now officially over. Unfortunately, it didn’t end as well as it could have.

The Fall Murrays raced a “long” season by surrounding the designated Cranberry Scoop to reach the finish line. Mass. Mar.实现了 a hard-earned 3.03 (9) win in the sixth annual Cranberry Scoop to reach the finish line. As the Bear harriers could jump over their own highlights in the past, this year’s season ended well in a hard-fought race. However, that was not the case, as the Bear harriers could have made a run to the final 10.
