Theatrical Ignorance?

“Company...” “Rhinoceros”? Do either of those sound familiar to you? If they don’t, you are not alone. For those of you who don’t read billboards or know any theater majors, they were both plays performed by the ensemble and laboratory theaters last semester. If you missed either one, you missed a lot more than just another play. How many of you were Pegnam and Bo Decker (of Rhinoceros) on the BSC? How many of you were anytime you were wanted football “live” at 2 am on Wednesday? How many of you were appreciative of our college. It’s like you’ve never heard of Broadway. New Hampshire this past weekend. Do any of you out there realize what an...

The quiet man, Dr. Edmund Haughey

By W. Kirk Avery

Ed was a quiet man, a private man of dignity and warmth and grace, special to all those who knew him in so many human ways. His strength was very tall, for he was strong as perhaps only the truly gentle and tender man ever can be understood, so very patient, so very caring. I was his partner at the Advising Center where I tended, gave one a place to sleep, and offered the ground glisten in white, the sound was fabulous. No one doesn’t you think? Barbara Murphy’s piece in last week’s "Company" was excellent. No other word could possibly... 

That fence wouldn’t be there if the lawn wasn’t been destroyed by trenching feet and trampling bodies. Sorry, guys, you are not the Chicago Bears, but you’re doing a good job of being Bridgewater Bears. If you’ve put that much energy late at night, go to one of the true athletic fields. We have quite a few. But please don’t use the lawn in front of Boyden, unless you really enjoy being Porky Pig.

See you there! Please that trash from a nick and a half are no longer acceptable alternative. That’s only one point.

That was a good point. I disagree. This winter, which despite lack of snow, doesn’t look quite as beautiful. I’m referring to the grounds directly in front of Boyden Hall. Last semester, some students decided to have football games on the front lawn late at night. Don’t get me wrong. I love to have football games on the front lawn, but there’s a time and a place for it. The front lawn of Boyden Hall at midnight is not the place for a football game.

First point. The front lawn is also located near our dorms, Smith and Wood Halls. It is very dimming to hear the sounds of football game when you are trying to study, or do whatever else you like to do such as watch TV. If I wanted football last night I’d watch ESPN Night Football. You say that’s only once a week, sorry that’s all BSC provides. Scott Hall and Wood Hall residents don’t need the sounds of the Superbowl at 2am on a Wednesday. There’s only one point.

Second, and most important point: These performances were not cancelled due to the cold or rain, but due to the fact that the students acted on their own conscience to make these performances possible. They were not forced upon them, but taken by...

Seven who were not faint of heart

Ed was a quiet man, a private man of dignity and warmth and grace, special to all those who knew him in so many human ways. His strength was very true, for he was strong as perhaps only the truly gentle and modest man ever can be, understanding, so very patient, so very kind.

I was his partner at the Advising Center for over 13 years. As such, although I did not know him as well as many did, I had the rare opportunity to share his last three years as his dream for an Advising Center became a reality. He served as the Center's first graduating class. He hired me, gave me a job. As a special faculty member to share his window, to listen for any one of us to phone. We could do no more, students to phone. We could do no more, students of the American people. They come nowhere near the actual feelings of the American people. Dear Alive but Jobless,

The real reason he fired me was because I gave the robbers everything they wanted. That’s against the law, isn’t it? My father says not to worry about it. But I shouldn’t be fired for not meeting my employer’s demands, just as you shouldn’t be fired for not meeting the demands of your job. You can be fired for a “good cause,” but not for a “bad cause.”

P.J.

Please find any simple, delicious recipes. The Betty Crocker Cook Book is full of recipes that I’m sure would suit your taste. You can order one by cutting a coupon from the top of any General Mills cereal box. I believe the recipe book is free. All you have to pay for is the postage and handling. Happy Baking!

After the robbery, about three days later, my employer called me into his office and fired me. He said my department’s numbers were down. Dear Robert Mitchum and Gene Kelly in Love and War

On December 1, 1985, John Jakes’s triumphant love story LOVE AND WAR and NORTH AND SOUTH asked us, and 92 percent replied, “Why not?” The New York Times Book Review list and on numerous film critics across the country, just after the 12-loupe ABC-TVC miniseries, "Harrigan and South" concluded, we find ourselves pleased to report that this first fact occurs again in May of 1986 when ABC offers and finds 12 hours of the miniseries (34 action-oriented hours) and 3 days at LOVE AND WAR (55.99, $106.79) in a special TV-Film edition (the tv set cover is not available on our own miniseries, which is based on the best-selling novel and his award-winning plays, and marks the first time Gene Kelly and Robert Mitchum, 70, share a screen in a major role.

Your break, while working, two men came in and robbed our drugstore. As soon as I heard them, I put the cigarettes in the trash and ran to my car. A hero, if I may say so, was someone who took their money and was able to escape.

Dear Allen, happy job hunting.

Club Soda Review

By Elizabeth Kelly

As most students know, the Catholic Church has responded to business. The S.U.P.C. continues to provide entertainment for those under the drinking age—especially to the Club Soda Center Night. Some changes have been made: the evening will be held in the East Campus, and a S.C.C. I.D. will be required. According to S.C.C. alumni policy—everyone will be "cared for at the door.

Santorelli came up on the stage to tell us about his life in New York. His entrance was so brisk and confident that he seemed to have bought up something that elicited a few laughs. "Can you understand French?" he asked. "I have a lot of fun with audience participation. He chatted with people, tried to play the game "Love Connection," and almost spent as much time devoted to the camera and asked the crowd if they "had a point of view."
