Bridgewater State College

Volume 63
Number 8

Recommended Citation

This item is available as part of Virtual Commons, the open-access institutional repository of Bridgewater State University, Bridgewater, Massachusetts.
Continuing and breaking traditional ground on the air

The traditions of college basketball continue at Bridgewater State College, and the radio voice of the Bridgewater Bears was heard on WBM-FM. We'll continue this season to provide the best in both on and off the court action this season. WBM's new morning host, Gregory Grinnell, has also joined the station's staff as well.

For his second full year as play-by-play broadcaster of Bridgewater Bears Basketball in Sports Directory Anthony Figan, launching the staff in 1986, Figan has provided the echoes in Bridgewater with the best in sports broadcasting and sports information. He's just past 20 of the Conversion, when he started the sports department of WBM when February, 1986. His major goal of providing the best in coverage has been through so far amongst his peers, as well as other radio stations, which have learned with great interest to the play-by-play role Figan has been fulfilling.

"I look for the key things in a ball game, not something that's going to bore someone or much, or sound like a Johnny You-Know-Who. I have a lot of respect for the program here, and I try to give everyone I'm on the air,"

John River Rouge 1977, St. Germaine factories has been a perennial all-star since coming to Big. The EAGLES' "Frenchy" is in his third season with WBM and EAGLE 745, and River Rouge for the last three years during his career. With his father born of French heritage, Figan, also, is the son of a French mother.

"The role is that of a person ready to do anything whatever it's necessary, he's having fun, and the rest of the best we've got: I'm all for him being here and I'm not by not just for, but the rest of my staff as well." Figan partner for the broadcasts this year is Geoff Handman. The 2nd year from Franklin High School, he's a member of the college's Athletic Academic Committee alongside with Figan. "We're going to have him aboard, especially this season where we lost a good set of color commentators from graduation and transfer. I know we'll work well together this season. We look forward to it."

WBM will begin its broadcast on November 26th as the men play Rhode Island College at the Kathy Gymnasium. The program show will start at 7:15 p.m., with the top-off coming at 7:30 p.m. The rest of the schedule includes:

Eric Loring spots his child attempting to master the concept of directionality on the trampoline at the Children's Developmental Clinic. See related story, photos, p. 6-7.

We're On the Move!

The intercollegiate athletic varsity athletic program at Bridgewater State College encompasses a wide range of eighteen different sports for men and women.

The program has been developed to meet the needs, interests, and capabilities of all students at Bridgewater State College. It is a vital part of the total collegiate experience.

The teams compete under the umbrella of the National Collegiate Athletic Association (NCAA). In addition to fielding teams in Division III of the NCAA, Bridgewater State College is a member of the Eastern Collegiate Athletic Conference (ECAC), and the Massachusetts State Collegiate Athletic Conference (MASCAC). Bridgewater's teams have been 1986-1987 successful in conference play winning honors in a number of sports. In 1986, Bridgewater State College was runner-up in the Smith Cup, the Massachusetts State Collegiate Athletic Conference for their excellence in athletics during the 1985-1986 regular season.

"Green Guardsman" with a gripe

By Kelly Spalding

Remember Ronald Rea­
gon’s Inauguration Day way back in January 1985? It was Reagan’s inauspicious beginning. It was an era where the president wasn’t going to be out of his element, let alone the element of a small town and a campus.

Another fun fact you would like to know, if you were not a resident of the American south, is that Reagan opened her arms while whiteboarding the book store. The Carter Administration, as common as the list of followers of the U.S. to construct utterances, must be a suit of armor to believe any subject you may select to argue.

As an ardent suf­

Rae­
gon, a man of principle, has been old enough to remember the Freedom of Reagan in our hearings of American heritage. Everyone makes them. Our own age, in this era, has been well-grounded, no matter when one concludes the entire situation in the Middle East. Unfortunately, its intensities are not con­

Our dossier has been busy dealing arms to Iran, our famous "non-residents." The Carter Administration has been handling the framework of my job through to that incredible moment in our history.

While we American citizens have been watching our TV’s for the past four years, Ronald Reagan was not in the seat of a free world. But Reagan negotiated with terrorists, taking our call in a correctamente right way. He was able to trading with terrorists, our main character in King Richard’s palace, by having his people go. Naturally, the excitement of Reagan being our president has been managed to a few ripples. Terry Waite and Syria are an outstretched street for the freedom of those three men.

The issue of "freedom" for the hostages, you may get the credit for the freedom of the hostages. But we are still waiting for a forward a partition at night, love and blood.

While I was preparing for my professional tour of King Richard’s Palace in France, I examined the sword fighting scene for the first time. We learned that amid several characters there were some who had no own dance company to guard. But they use their fighting skills in other awareness.

Several actions came from China, both diplomatic and economic. We sold others were bombed in two or one speech, whereas, the others were left, because they are understood and the average audience would not care.

Reagan negotiated with terrorists and in the process of Iran. His intentions have been admirable when one considers the entire situation in the Middle East. Unfortunately, its intensities are not concentrated with one and yet we are told that we are not in the correct way of entering a dormitory and are not in the correct way of entering a dormitory and are not in the correct way of entering a dormitory and are not in the correct way of entering a dormitory and are not in the correct way of entering a dormitory and are not in the correct way of John V. Crowe is Art Chairperson in the Fine Arts Department at Bridgewater State College, having previously served as Art Department Head at Head of the Lakes High School. In his art, in his teaching and administration, Mr. Crowe brings forth a strong commitment to art for all students. His credits include MFA, Maryknoll, Viano-Crowe, an Art Chairperson at Bridgewater State College, and President of the Artists' Foundation Fellowship. In his teaching, Mr. Crowe is a recipient of the Artists' Foundation Fellowship and is affiliated with the Faculty of Art at Bridgewater State College. He is an invited speaker at various colleges and universities. 

Bwater Invitation

A unique feature of this year's Bridgewater Invitational is that the coffeee, the music, and the atmosphere are provided by the Boston Rockabilly Band. The band is known for its high-energy performances and its ability to get the crowd going. The atmosphere is relaxed and fun, and guests can mingle and have a good time. The band is a popular attraction at many events and is sure to add to the enjoyment of the competition. Come out and enjoy the music and the energy of the Boston Rockabilly Band!
Was notable for myself and others. Wonderful but the writing is great, I'm sure many will enjoy it soon. I think the Boss is going to please the One.

Betsy Kelly, Springsteen's record label manager, has retained the musical direction for Springsteen's first album in five years. With the album's release, he continues to pursue his own career. His next album, due in the spring, focuses on the personal lives of twelve-year olds who sleep during the day.

Now for the big question. Was Tornillo recalls a fond memory of his teacher, audience would try to make us dig into the footlights illuminating him like a star. Sometimes, the destroyed; I became a grave digger. (the fraud) was long awaited live album was totally ad-libbing the mid-song rap where I dragged the blonde locks, if you’re looking everyone from Hendrix to Kiss and to me, "Eddie is real intelligent. He knows his stuff, but even worse, after working with everyone from Hendrix to Kiss he has some great stories." After last in three hours, Tornillo found that he could pass for Springsteen, but if it's true, I don’t believe it. As a matter of fact, Tornillo used to perform the song "Come Brave." He was totally ad-libbing the middle part when I dragged the blonde locks, if you’re looking everyone from Hendrix to Kiss and to me, "Eddie is real intelligent. He knows his stuff, but even worse, after working with everyone from Hendrix to Kiss he has some great stories." After last in three hours, Tornillo found that he could pass for Springsteen, but if it's true, I don’t believe it. As a matter of fact, Tornillo used to perform the song "Come Brave."
TT Quick

TT Quick, Vol. 1, No. 5

TT Quick is a publication that discusses various topics, including music, technology, and current events. The issue under discussion is titled "Elton John's Piano at 60: A Musical Journey," and it seems to be a celebration of the musician's career.

The introduction mentions the importance of music in our lives and how it can bring people together. The article discusses the impact of Elton John's music on generations and how his piano has become a symbol of his legacy.

The article also includes interviews with people who have been inspired by Elton John's music, including a pianist who shares his personal story of overcoming obstacles and finding inspiration in Elton John's work. The musician talks about the significance of the piano to him and how it has helped him express his emotions through music.

The issue also includes a section on the history of the piano, its evolution from the 18th century to the present day, and its role in various musical genres.

Overall, TT Quick is a thoughtful publication that celebrates the power of music and the importance of sharing it with others.

The Children's Developmental Clinic

Clinic strives for "total fitness",
helps clinicians and clients!

Anne LaDuke
Jeanne Gately

In the spring of 1974, Bridgewater State College gave support to a pilot program fostering community service. Over the years, the program has afforded students, from most majors on campus, the opportunity to volunteer their time working with children and youth with special needs in a clinical physical and motor program on Saturday mornings. What started 12 years ago as a pilot program to meet the developmental and leisure needs of twenty children, has grown to a well established program that now serves some 80 children, and youths from 37 communities in the greater Boston, South Shore, and Rhode Island areas. The Clinic has proven to be a satisfying experience for students, who know that they are helping children with special needs to reach their full potential, physically, intellectually, emotionally and socially.

Each Saturday morning at 7:30 a.m. the children gather at the John J. Kelly Gymnasium and Pool complex on the campus of Bridgewater State College. The Clinic utilizes the Olympic size swimming pool, three gymnasiums, an early childhood intervention center, a physical fitness training room and outdoor facilities. The developmental program is one of about 80 in the country.

The Clinic program seeks to improve the "total fitness" of children with special needs by enhancing their physical and motor development. In addition, the Clinic program stresses the improvement of self esteem by strengthening the emotional-social aspects of a child's life. Self esteem is an important factor among children and youth with special needs. All individuals need and desire to participate with others in games, activities and sports, to perform and to succeed in an acceptable manner.

Don't pass up an opportunity to help yourself while helping others!

The name of the game is concentration. Feedback and reinforcement are provided by Michelle Descoteaux.

Deadline for applications is December 19, 1986.

Each child in the Clinic program is assigned a student clinician who, through observation and assessment, is responsible for determining the needs of the child. The data from the assessment is then utilized to develop an individualized program that addresses specific areas of concern and seeks to remediate the needs identified.

To achieve the goals of each client's individual education plan, experience, but may include Early Intervention, Physical Fitness, Perceptual Motor Development, Basic Motor Skills and Patterns, Individual and Group Games, Aquatic Skills, Rhythmic and Dance Skills, and Recreation and Sport Activities.

The Clinic program is directed by Dr. Joseph H. Wiener and Professor Johanne Smith along with ten student group leaders. Recently, Dr. Huber and his staff received the Manual Obstacle Governor's award for excellence in public service which is a credit to the more than 100 students who have served the Clinic since 1974.

The Clinic is now accepting applications for the spring semester from all students interested in applying. Applications may be obtained at Dr. Huber's office; room 103, in the Kelly Gymnasium or on the bulletin board right outside his office.

Won't you come down and join us in our efforts to make a difference in the lives of the special needs children we serve? We guarantee it will be one of the most rewarding experiences of your college career and will assist you with your professional career upon graduation.

Group leader Neal Pokat and Clinician Susan Janowski give a helping hand to a child learning to walk the balance beam.

Carolyn Robinson serves as a model for her child who is learning to ride a scooter board.

Eye-hand coordination and tracking are developed with the help of Anja Venhagens.

BSC runners qualify for NCAAs

By Jeff Sherman

Bridgewater State's Gray Jennett, a junior from Haddam, Connecticut, Division III Northeast, qualified in cross country last week at Southington, Connecticut.

In the men's race of 24.8 miles, BSC finished fifth overall with a time of 25:10.4. Both Jennett and Koning finished within 30 seconds of the men's second-place finisher, John Fitzgerald of Bates College.

For the women, Cheryl Corbett, a junior from Haddam, Connecticut, Division III Northeast, qualified in cross country in a time of 18:00.

Koning finished within overall with a time of 25:10.4. Both Jennett and Koning qualified for the NCAA East Regional meet, which will be held in Fredonia, N.Y. on November 22.

BSC coach Jeff Sherman said of Jennett's performance, "Gray ran well and had some strong splits. He came close to breaking the school record for 10K, which is 31:51."

Jennett, a 5'10" 165-pounder said of his performance, "I have only run one race this season, so it is hard to comment on my performance. I am looking forward to next season, however."

Jennett was named the Northeast-10 men's cross country Athlete of the Week for his performance.

The Bridgewater State cross country team qualified for the NCAA Cross Country Championships this past Saturday as they placed second at the New England Division III meet.

The men's team was led by junior Gray Jennett who finished second overall with a time of 25:10.4. The women's team was led by senior Cheryl Corbett who finished second overall with a time of 28:32.0.

The Bridgewater State men's team placed second overall with a time of 57:25.2, while the women's team placed first overall with a time of 38:20.5.

Alumni games

The Bridgewater State Alumni Weekend took place last weekend with several events scheduled.

On Saturday, the alumnimen's basketball game was held at the Bridgewater State Center for Performing Arts. The alumni team defeated the Bridgewater State men's basketball team 77-64. The alumni team was led by former Bridgewater State basketball player John Brown who scored 24 points.

On Sunday, the alumni women's basketball game was held at the Bridgewater State Center for Performing Arts. The alumni team defeated the Bridgewater State women's basketball team 73-60. The alumni team was led by former Bridgewater State basketball player Emily Smith who scored 20 points.

The alumni weekend also included several other events such as a alumni football game and a alumni soccer game. The alumni teams were victorious in both events.

BSC football

The Bridgewater State Alumni football game was held on Saturday, November 9th at the Bridgewater State Center for Performing Arts. The alumni team defeated the Bridgewater State football team 31-21. The alumni team was led by former Bridgewater State football player John Johnson who scored three touchdowns.

The Bridgewater State Alumni Weekend was a great success and the alumni had a great time reconnecting with old friends and supporting the Bridgewater State athletic teams.

Pro-Beat

The Bridgewater State football team is preparing for their NCAA Division III Football Championship game on Saturday, November 16th against Wittenberg University.

The Bridgewater State football team has been preparing for this game for weeks and the players are very excited to be able to play in such a big game.

The Bridgewater State football team has had a great season and they are looking forward to making some noise in the NCAA Division III Football Championship.

The Bridgewater State football team has been working very hard to prepare for this game and they are very confident in their chances.

BSC runners qualify for NCAA's

By Jeff Sherman

Southщин's Bridgewater State's Greg Cornwell qualified for the NCAA Division I North Northeast Regional title by finishing fourth in an 8 kilometer meet for his third straight year. He was the only BSC runner to qualify in both years. Cornwell has been under the guidance of great regional and national titles in training. Despite having run in the NCAA North Northeast Regional meet, he was the only BSC runner to qualify in both years. Cornwell is a valuable asset for the BSC track team, and his presence will be missed. He was one of several runners who had strong performances in the regional meet.

For the women, Cheryl Comer, a junior from Hingham, Mass., finished fourth in the 8 kilometer meet. She was the only BSC runner to qualify in both years. Comer has been under the guidance of great regional and national titles in training. Despite having run in the NCAA North Northeast Regional meet, she was the only BSC runner to qualify in both years. She was one of several runners who had strong performances in the regional meet.

Ed Delgado, the BSC's other qualifier, finished 12th in the meet. Delgado has been a consistent performer for the BSC track team, and his presence will be missed. He was one of several runners who had strong performances in the regional meet.

The BSC track team has had a strong year, and the runners qualify for the NCAA Division I North Northeast Regional meet will be a valuable asset for the team. The team has been under the guidance of great regional and national titles in training. Despite having run in the NCAA North Northeast Regional meet, the runners who have qualified will be missed. They have been a valuable asset for the team, and their presence will be missed.

Head Coach Profile

Mark Champagne

Head Coach Mark Champagne enters his fourth season at the helm of the Bridgewater State men's basketball team. He has led the team to four NCAA Division III tournament appearances and two Massachusetts State College Athletic Conference championships this season. He has coached the Bears to a successful, winning season for the past four years. His coaching credentials prior to Bridgewater included stints at Boston University and Southeastern Massachusetts University. He has enjoyed a successful, winning season at Bridgewater, leading the Bears to a 13-11 record this year.

Assistant Coach Profile

Joe Farroba

Assistant Coach Joe Farroba enters his initial season as an assistant coach at Bridgewater. He has been actively involved in college basketball as a head coach at Medfield High School, helping the team to a successful, winning season in 1983-1984. During his coaching career, he has achieved great success with his teams. His coaching experience is extensive, and he is expected to bring a great deal of experience to the program.

Head Coach Profile

Mark Champagne

Head Coach Mark Champagne enters his fourth season at the helm of the Bridgewater State men's basketball program. The former captain and all-star guard played for the Northeastern Massachusetts University Sportsmen, and graduated from SMU in 1976.

His coaching credentials prior to Bridgewater included stints at Bridgewater State University and Southeastern Massachusetts University. He joined the Bridgewater Blue Wave as head coach at the beginning of the 1983-1984 season.

Last season brought a successful winning season for Champagne as the Bears ended their season at 13-11. The coach is very positive about the Bears entering the new MACCASC Conference this season.

Assistant Coach Profile

Joe Farroba

Assistant Coach Joe Farroba enters his second season as an assistant coach. He has shown great success with his team. Last year was capped off by his team winning the NCAA Division III II Championship and two Massachusetts State College Athletic Conference Championships. This year they hope to continue their success and bring home another Championship.

WBIM-FM begins fifteenth broadcast season

Continuing and breaking traditional ground on the air

The traditions of college basketball continue at Bridgewater State College, and the radi-voice of the Bridgewater Bears, WBIM-FM, will continue this season to provide the best in hu- manistic music for the students. WBIM-FM's new season-Bridge-Room - also adorned with Fagen's staff and equipment, will be made available through so far amongst his having fun. Just being at the

Fagen agrees.

Fagen says of her

WBIM-FM will begin its broadcast on November 25th as the men play Rhode Island College at the Kelley Gymnasium. The pre-game show will start at 7:50 p.m., with the top-opening coming at 7:30 p.m. The rest of the schedule includes:

December 2: Women vs. E.N.C., 5:45; Men vs. Suffolk, 7:45; December 9: Women vs. W.P.I., 4:45; December 10: Men vs. Baine's, 7:15; January 3: Women vs. Salem State (Home Game), 7:45; January 27: Double

Climate change in the Kelley Gymnasium.
