Field Hockey clinches MASCAC Task Force meets to discuss Homecoming

By Ed Ward Comment

A special meeting of the Bridgewater Task Force was held October 26 at 11:00 a.m. in the Campus Center to review the activities of Homecoming weekend and present discussion proposals. At the meeting, the Campus Services and the director of the Campus Center can provide permission for such activities in order to reduce the costs associated with this project.
Aviation majors meet to air problems

By Evan S. - The Comment

When the floor was opened up during the meeting, which had been called to discuss the proposed reduction in flight operations, by the airline industry, a student in the audience suggested that a greater problem than that of the number of flights per week was whether there was enough room for the students to do their work. The student added that the proposed reduction in flight operations would also affect the students who were working in the control tower and in the maintenance area. The student also suggested that perhaps the problem was not as serious as it seemed to be.

Presidential candidate visits Bridgewater

By Jonathon Poole - The Comment

One candidate visits Bridgewater College on October 21 to coincide with National collegiate Alcohol Awareness week. The candidate, who was not identified, attended a meeting at 7 p.m. in the Main Center, in the Foyer. Further information can be obtained from Dr. Samuel M. K. M. 607-695-1325.

Correction

The comment about the policy on student worker performance was incorrect. The policy states that student workers are required to complete the minimum number of hours that they are scheduled to work. The policy also states that if a student worker is late or absent for three consecutive days, they will be fired. Food service starts new computerized meal ticket system

By Brian Hayes - The Comment

The new computerized meal ticket system is finally in place and working at all the dining facilities on the Bridgewater State College campus.

The system, which was not supposed to be ready by the end of the week, began to explain the roles that he believed a college president must play. "I believe that a college president must be a leader, a spokesperson, and a representative of the institution and employer."

As part of his concluding remarks, he announced, "I'm a student of Harry Truman. He was a man who knew all the problems we have today."

Dr. Warren said, "You're not going to live forever."

Open House to be Held

Bridgewater State College will hold its annual Open House on Friday, October 21. The event will feature tours of the college's facilities, as well as a chance to meet with faculty and staff. The event is open to the public from 10 a.m. to 2 p.m. The college is located at 180 Main Street, Bridgewater, MA 02302.

Task force looks at alcohol policy

By Eric T. - The Comment

It was suggested that the alcohol policy be more comprehensively enforced and that the college could work with the town of Bridgewater to ensure compliance.

A meeting was held to discuss the new policy. The meeting was attended by representatives from the college, the town, and the surrounding area. The meeting was well attended, with approximately 50 people in attendance. The meeting was led by Dr. Samuel M. K. M. 607-695-1325.

Aviation majors meet to air problems

By Ken Myers

Student groups came together to discuss issues of concern regarding the flight program in a meeting on Thursday, November 8, 1988.

The meeting was called by the Aviation Student Council (ASC) to address issues such as the lack of flight instructors, the high cost of flying, and the flight facilities.

One of the main concerns was the shortage of flight instructors. The ASC expressed the need for more instructors to accommodate the increasing number of students interested in aviation.

The high cost of flying was another concern. The ASC highlighted the cost of rent, insurance, and maintenance, which they felt were too high.

The flight facilities were also discussed. The ASC expressed the need for better facilities, including a hangar and more space for aircraft.

The meeting concluded with a call for action. The ASC encouraged students to contact their representatives and local government officials to address these issues.

Acting-President of James Madison University in Virginia during 1986-87, he began the speech by noting that he believed a college president must play the "president's role" to promote a "shared vision," a term he used to identify how to make everyone feel like they were part of the institution.

The campus must also be open, he added. "The campus is a reflection of the people who live here."

Reagan also emphasized the need to continue the process of change.

Counseling Psychology

By Ken Myers

The counseling psychology program is intended to prepare students for graduate study in counseling psychology. Students are expected to complete a major in psychology, which includes 20 hours of coursework in psychology and a minor in counseling.

The program consists of 36 hours, including 18 hours of required courses and 18 hours of electives. The required courses include Introduction to Counseling, Counseling Theory and Practice, Group Counseling, and Career Counseling.

The electives may be selected from a list of approved courses, which includes topics such as Multicultural Counseling, Addictions Counseling, and Sport Psychology.

Food service starts new computerized meal ticket system

By Bryan Hayes

The new computerized meal ticket system is currently in place and working at all dining facilities.

The system, which was supposed to be implemented in early October, was delayed due to a "software problem." The system was finally implemented on October 24, the first week of classes.

The new system allows students to purchase meal tickets online and print them out for use in the dining facilities.

The system is expected to be fully operational by the end of the semester.

**SSAM President strikes at Jenifer’s pay raise**

To the Editor:

Recently, the Massachusetts Board of Regents for Higher Education granted a pay raise to the Chancellor of the Public Higher Education, Frankly N. Jenifer. This policy is unfair and wrong. Mr. Jenifer’s pay raise is not in itself to the students, faculty, and administration in the Massachusetts Public Higher Education systems. The raise comes at a time when students have been faced by a 15% increase in tuition, and emergency fees have been added at various institutions to compensate for insufficient budgets. Many of the presidents have been terminated, their bookstores closed, and some have been put into effect because of the lack of funds in Massachusetts so a fiscal crisis.

**Bronco Billy** plays hardball with students

To the Editor:

I wonder if this new version of enforcement of the parking rules is some form of "payback" for some overdetermined personal affronts caused by a majority of student drivers. If so, the "payback" is to the wrong people as community residents outnumber students by a majority of three to one. Wherein the masses I am an a bias to find logic in this situation other than "playing hardball.

Is there a solution? What if there were no parking spaces in front of most buildings? What if the fines were doubled or tripled for those who are casual about this "new policy"? This is only one potential solution. Shouldn’t maximum efforts be made to eliminate the anti-social atmosphere that is new? To use our school means "No To Be Misunderstood (Due To Misunderstanding), we can negotiate the law for the majority. bronco Billy’s salaries can be put to better use!

**Viewpoint**

**The need to reconcile a myriad of viewpoints**

Does the Town of Bridgewater disagree with Bridgewater State College? This is admirable, a simplistic question that deserves to be asked. But, by the same token, it can also be asked if Bridgewater State College respects the Town of Bridgewater?

Students have many grievances with what the students consider deliberate, malicious sanctions placed upon them and complaints set upon them by the people of Town of Bridgewater. They complain about so many parking problems from the prices charged by local merchants to the seemingly arbitrary and unfair enforcement of parking regulations.

The townspeople have their grievances also. Many consider the stereotyping students as students as "irresponsible, impose on this campus, nor is it to their college careers before anything else. They can be treated like adults. They can not get along with behavior..."

Only a fool would believe this will be an easy process, because it won’t be. It will take years and most students will have finished school and moved out before anything even resembling mutual respect starts to emerge.

Perhaps this is a foolish dream? Of course not! There are always alternatives! Do we all want to create more bitterness and coldness between the students and townspeople or would we rather contribute something better and more substantial than that which we now possess to future generations of BSC students?

Everyone should prefer to create a new community based on freedom and respect. Otherwise, we deny ourselves the best opportunities, as states the Student Handbook (Our own lives) and to make a lasting contribution to the life of the college.

Due to surrounding circumstances Chuck Clark, our newly elected president, will be unable to carry out his term in office. Therefore, Bob Patriquin will be acting president for the remainders of our year.

With the help of our co-advisors, Patty Freeman and Bryan King, we hope to make this year a memorable for the Class of 1991.

Thank you,

Dear Class of 1991,

Welcome back to another year at Bridgewater State College. We are all looking forward to another exciting year and it is imperative that we keep our sense of unity within the class. With this unity comes the challenge of working together and meeting new and different people, as well as bridging the gap between the students and the community.

As most of you should know, the newly elected officers of the Class of 1991 are . . .

To the Editor:

Mr. Jenifer’s pay raise is not in response to the students, faculty, or administration in the Massachusetts Public Higher Education System.

The raise comes at a time when students have been forced to pay 8.5% increase in their tuition, and emergency fees have been added at various institutions to support sufficient budget. Many private professors have been terminated, their courses dropped, and hiring freezes have been put into effect because of the lack of funds in Massachusetts fac a fiscal crisis.

To the Editor:

I wonder if this new wriggling of the parking rules is some type of "payback" for some unrelated personal affront caused by a majority of students. It is the "payback" he is trying to get to the wrong people as common students outnumber students by at least three to one. Wherein the fairest, I am at a loss to find logic in this situation other than "playing hardball." Is there a solution? What if there were an attorney parking in front of most buildings? A cure for the midwinter blues is spending the evening at Boston’s Colonial Theatre watching the show Penn and Teller. Penn and Teller are a unique duo that are comedians and magicians. They make you laugh through their antics and their attitude, but their style is unique. It is not a fan-filmed video.

Penn and Teller are renowned for their clever tricks and dangerous acts. The Duo has won over the past three years, and probably will remain together for a long time. They have been on television for many years, and probably will remain together for a long time.

The show was won the first time, and was sold out for 25 months.

Penn and Teller have been on the road for nearly two years now, and the show is still going strong.

One highlight of the show was the audience call to action by Penn, who pulled an audience member on stage and told him to do something. The audience member performed an impressive trick, which was exciting.

By John R. Burns

Penn and Teller’s style with the audience is that of a sideshow, and it is the typical look and act. At the close of the Penn and Teller show, the audience was left with a feeling of adrenaline and excitement.

As we all enjoy the pleasant, if slightly chilly, autumn weather, we shouldn’t forget the cold that is coming to the area.

The snowfall is expected to begin early in the month, and the area can expect up to 20 inches of snow by the end of the month. This will be a significant amount of snow, and we should be prepared.

Please ensure that your vehicles have winter tires and that your homes are well-insulated. It is also important to check on your neighbors who may be at risk for cold weather.

Haunting Reviews

The making of Halloween IV is that we never do know why Michael was so desperate to kill Laurie in the recent two Halloween films (forget part III). Why is he after her now? Was he too terrorized in part II? Why is he after her now? Was he too terrorized in part II? Was he too terrorized in part II? Was he too terrorized in part II? Was he too terrorized in part II? Is that what frightens him? Or just what he wants to do? The only thing that is certain is that Michael Myers is a monster who scares people. Elvira's mistress of the dark costume contest. (Groups consist of more than ten people. This is sponsored by the Campus Center Program Committee.

The Peur of the Catholic Center started in HOT LINES again on Thursday evening of last week. Initiated during the final week of school last year, the HOT LINES was set up as a peer support opportunity. The HOT LINES is not a "counseling" program, but a listening post. The workers who participate in the HOT LINES have been trained to offer a moment, an "ear," and a possible referral for a number of emergencies and issues. Last year, HOT LINES received four calls during the six weeks, but the type of calls prompted the Peur of the Catholic Center group to continue the program this year. The HOT LINES is available on Thursday, Friday, and Saturday evenings from 10:00 p.m. to 2:00 a.m. The number is 675-2202. During the coming weeks, publicity will include the distribution of business cards with the HOT LINES number on it. The Catholic Center hopes that people will encourage friends to call or refer anyone interested or in need of a listening ear, trying to help on the HOT LINES this year, please contact Father Belote or Sister Jo-Anne.

Deirdre Silva, of Sharon, helps round out the cast in Rizzo. Grease provides Silva with the chance to sing two solos, which she finds exciting. Says she, "I've always been afraid to sing in front of people before." Though once shy of singing, she has been on the BSC stage before in Dick Whittington and His Amazing Cat, Lock Up Your Daughters, and will also be in A Comedy of Errors as Adriana. Silva has also designed the publicity poster for Grease. Along with theatre, Silva has won several awards as a member of the Forensics Team. She also says that her acting choices have been greatly influenced by Dr. Suzanne Ramcyzk. "She has given me confidence to do things I never would have the guts to do," Silva claims. Her plans for the future including working with a repertory company and going to graduate school. She would also like to continue her forensic studies.

Now that you have got to know them, come and see them in Grease at the Rondileau Campus Center Auditorium on Friday, Saturday, November 2, 3, or 4 at 8 p.m. If you are interested in acting, each student has their own advice. Poudrier says, "Don't be afraid to make a fool out of yourself." Ward states, "Do as much as you can - audition for everything - and spend your summers doing theatre. Take voice lessons, dance lessons, etc. Become totally committed to it. There are more people out of work than in work." Silva gives similar advice, "Go for it! Jump in with both feet so that you can't back out. Once you're involved, you'll love it."

**Bears lose halftime lead**

By Angela Comacchioli

The Football team came out on top with a 3-0 record after defeating Westfield State 21 to 16. Although the Bears were up 16-0 at the half, Westfield took the lead by converting over BSC by scoring three touchdowns. In overtime, both teams gained 30 yards. Westfield was only 230 yards gained by 22 yards when Westfield gained 186 yards.

There were two interceptions made for the Bears as Chris Purdy returned his interception for yards and Jeff Lane returned his interception for points. The game was a classic showdown between a highly skilled Salem team, who was looking to average a 0.10 to 0.15 lead, and it determined that Westfield was the winning team. Jeff Talbot and two men were named to the Bears in the last seven years.

Westfield was an important win for Westfield's Margaret McGough, after today's game, in the Sullivan standings, holding ninth place. Rob Charters successfully came forward for the Bears as he received a hand off from Danny Eastern Nazarene, and Rhode Island College gained two extra kicks. Patota returned his interception the Bears will gain from two points in New England in the last seven years.

**Field Hockey wins MASCAC**

From page 12

Babe Ruth victory over Westfield was an important win for the MASCAC standings, BSC advances over Westfield State 2-0 in the MASCAC standings. The team has already broken their school record for consecutive wins in the last two years. The Bears lose their halftime lead, but they have the opportunity to score a goal in the last seven years.

Field Hockey clinches MASCAC

Bridgewater clinches the MASCAC title at State title Sat. when they defeated Johnson 4-0.

Bridgewater's victory marks the fourth time they have claimed the title in five years

Bridgewater's clinching of the title comes on the heels of their third consecutive appearance in the NCAA Division II Women's Field Hockey Championship.

The Lady Bears, who began the season as the number one seed in the MASCAC, secured their place in the tournament with a 4-0 victory over Johnson.

The win marks the fourth time in five years that Bridgewater has claimed the MASCAC title, a testament to the program's consistent success.

In a total team effort, Bridgewater's defense was led by senior Kelly Byrne, who contributed two goals to the team's victory. Byrne, along with teammates Andrea Erickson and Amanda Taylor, proved to be a formidable force on the field.

Erickson was instrumental in opening the scoring, converting a penalty shot in the first half. Taylor followed up with a goal on a penalty corner, extending the lead to 2-0. Byrne added to the tally with a second-half goal, ensuring the win for Bridgewater.

With the victory, Bridgewater advances to the NCAA tournament, where they will look to extend their streak of success and continue their journey towards national glory.

The Lady Bears' dedication and teamwork have been key factors in their continued success. Their performance on the field, marked by hard work and determination, has set them apart in the MASCAC.

As Bridgewater heads into the NCAA playoffs, they carry with them the momentum of their MASCAC title win, determined to make a strong showing and bring home the championship trophy.

The Lady Bears' victory solidifies their place as a dominant force in the MASCAC, solidifying their legacy as a team to watch in the region. With each victory, they prove their resilience and commitment to excellence, setting the bar high for their opponents. 

Their journey continues, armed with the confidence of their recent triumphs and the unyielding spirit that has defined their team. As they prepare for the next challenge, the Lady Bears are poised to make their mark once again, proving that they are ready to conquer whatever obstacles lie ahead.
