The search is over as Trustees prepare to choose the new president of Bridgewater State University.

The trustees will choose from among three finalists that President and Provost of Glen Oaks Community College, chairman Paul Spier and assistant provost of Glen Oaks Community College, Jeffrey Young. The three finalists will be interviewed by the Board of Trustees executive committee on Saturday, November 5th. The Board of Trustees will meet on November 8th and select a new president of Bridgewater State College.

The search was headed by the Board of Trustees' search committee and it conducted interviews with three finalists. The three finalists are:

1. Jeffrey Young, Vice President of Academic Affairs at James Madison University in Virginia.
2. Paul Spier, President of Glen Oaks Community College.
3. Kevin Coyle, President of Hampshire College in New Hampshire.

The Board of Trustees will meet on November 8th and select the new president of Bridgewater State College.

Pats slip past Jets

Saturday afternoon the Patriots battled their way into the New England Football Conference Championship. The Pats held off the Jets, 14-13, in New England.

The game was a close one for both teams, but in the end the Pats pulled away with a final score of 14-13. The Pats were led by their quarterback Tom Brady, who threw for 260 yards and two touchdowns.

The Board of Trustees interviewed the Board of Trustees chair about the selection of the president.

By the Way...

The new food service computer system, which is currently in effect, for some resident hall students, is now expanding its service to encompass certain others as well.

This computer meal ticket system is accessible, and will work in all of the dining facilities in the Academic Residential Complex.

Committees can purchase the "jingle system." Points are the equivalent of cash, and are used in the buying food. If a committee does buy into the system with a minimum amount of deposit of $40.00. For this deposit, they will receive $30.00 worth of points.

Students can also add to their balance of points. The payment of $30.00, students can increase their point total by $22.50.

Celebrating Geography Awareness Week at BSC

By Angela Connors

Override staff

Geography Awareness Week is underway at Bridgewater State College, and across the nation, geography programs prepare people to be aware of the country and its resources, as well as other countries.

In a joint resolution issued by the British government, it was stated that statistics show, "a significant number of Americans could not find the United States or a world map."

Geography classes often offer an ideal for the one in ten in the U.S. secondary school children, across the nation, to start other courses, however, it is a push and required subject.

The organizers of Geography Awareness Week hope that by exposing students to geography, and informing them in this field, an improvement in modern society will occur.

AIDS Awareness Week Sponsored

The Sigma Pi fraternity sponsored an AIDS awareness week from November 7 to November 10. Throughout the week, its members passed out information on AIDS awareness and the prevention of contracting the disease.

The members of Sigma Pi ask that students who were unable to pick up the information, during this time, contact a member of that fraternity, or visit Health Services.

Registration Deadline Nears

The last day which students may register for Spring 1989 courses is November 18. Students choose not to register during this time may register from Monday, November 28 until Friday, December 2. There will be, however, a $25 late fee charged at this time.

Students are reminded that if they register after December 2, they may not be guaranteed to receive the courses which they selected.

Also, by registering after the November 18 deadline, the ideal system registration will not be in effect.

Mystery Photo Answer

"It is a very curious fact that in the bad days, we can very vividly recall the good time that is now no more; but that in the good days, we have only a very cold and imperfect memory of the bad."

- Arthur Schopenhauer

FRATERNITIES BECOME "HOMELESS"

Two fraternities, Sigma Pi and Phi Sigma Sigma, were kicked out of their homes. As of now, if the fraternities do not violate the guidelines, as of now, if the fraternities do not violate the guidelines, the council must decide if the fraternities can become a full voting member once again. In order to be fully accepted, the council must decide unanimously in their favor.

President - of the Sigma Pi Fraternity Wayne Labonte presents a check to Connie Burns, the Executive Director of the charity fund raiser. Sigma member Scott Murray and Main Spring House Coordinator Mike Molinsky are on.

Fraternal Home is a shelter for the homeless, owned and operated by the Brockton Coalition for the Homeless.

This group provides a bed, evening meal, and breakfast for over 55 individual men and women.

Registration Deadline Nears

The last day which students may register for Spring 1989 courses is November 18. Students choose not to register during this time may register from Monday, November 28 until Friday, December 2. There will be, however, a $25 late fee charged at this time.

"It is a very curious fact that in the bad days, we can very vividly recall the good time that is now no more, but that in the good days, we have only a very cold and imperfect memory of the bad."

- Arthur Schopenhauer
What we should be thankful for this Thanksgiving

On November 24, millions of people across all of America will celebrate a holiday called Thanksgiving. Thanksgiving is not only a day to eat turkey, watch football games and visit relatives. It is also a time to reflect on what we have.

Originally, this day was "set aside as a celebration for the Pilgrims" survival in a new and foreign land, and in honor of the first harvest.

There are, however, several aspects of this day that we should be thankful for on this day:

Students should be thankful that they can attend college. With the increase of tuition and numerous cutbacks regarding the amount of available student monies, students of Bridgewater State College have more to be thankful for on this day.

People should be thankful that they are living in a time and in a place where we can grow, not only in the educational sense, but also the individual sense, as well.

All too often, the American public believes that they, as a collective whole, are responsible for the earth's problems. If it were not for this nation's friends in Europe and elsewhere, America might not even exist today. The fact is that these countries are all healthy and that we are not responsible for the earth's problems. We should be thankful that we have a chance to live a better life.

Aside from being grateful for the freedom we have, we should also remember that we have taken on a look at ourselves and that we have a responsibility to our Forefathers completed, so that we could grow as a nation.

It is also a holiday to recognize the homeless and starving. There are many people who are homeless and starving.

This day is also a holiday to recognize the American student. This is also a holiday to recognize the American student who has overcome various wars to unite in freedom-- not only spatial freedom but also spiritual freedom.

Also, that as a nation, we have given up on our long range goals and dreams. We should be thankful that we are alive, and that we are not dead.

But most of all, everyone can be thankful to have friends and family. Everything is possible and can happen if we have friends and family.

The citizens of America should be thankful that they are living in one of the wealthiest countries in the world. America has surplus of food and grain which sits in supply depots and in the form of rotting food.

This happens, the all while people are dying of malnutrition in foreign countries. Americans should also, never forget that there are those less fortunate in their own country.

We should be thankful that we have the ability to help people, we can be thankful for the ability to be friends to others.

It has also been through these people which we have met, that we have taken on a look at ourselves and that we have understood what kind of people we are. And, as Americans, we can understand that there are other people who care, aside from members of their families.

Another vote of thanks should be given to all of the people in our lives who have taken the time to show us that the bad days, and helped us through the good times, as well as the bad ones.

But most of all, everyone can be thankful that they are alive, and that they are not dead. The people are not for this nation's friends in the rest of the world. The fact is that these countries are all healthy and that we are not responsible for the earth's problems.
Improving the troubled Student Government Government

CONTENDERS

By John R. Barrar, III

So, President Medeiros would like what the Student Government Association can do for students. My first suggestion would be Clear the books. Chairman of the Congress, Pat Pearce, and Congressmen at-large Chris Perra and Paul Stoddard should be congratulated for bringing the list of all appointees and a brief description of their qualifications at least two days in advance of the Congress meeting at which said appointments are to be considered for confirmation by the Congress (SGA) Constitution, Article 5, Section B(a).

Did the entire Congress already know these appointees well enough to approve them with little or no discussion? Is it really too much to ask? That we have an elected body of representatives that will serve in the best interests of the students!

To get away from this particular point, though, there are some other problems this year that the SGA would do well to devote some time to. These include recognition of the failed, non-internationally recognized "Black Book Swap" some sort of improved care system; and the improvement of physical and personal safety for those students, (which is most of us).

Fair weather fans root for the winning team

By Bryon Hayes

What is wrong with most of the people in Massachusetts? Indecisive, little-minded people only supports their home team their 1988-89 season with a then 1-4. They lost their season opener, and have lost their last three games. Do not be hypocrites who say one phrase, but think another. Let's get away from this.

Fair weather fans are widely sports fans. The fans are cheering for this team. The fans are cheering for this team to a winning 6-5 record, with a few short weeks left in the season. Then there are the Boston Celtics (yes, they are a basketball team). In the first two weeks, the team is winning, fans sing their praises to the far reaches of all the stadiums in America. If, however, the team is a losing team, the "fans" will spew insults and slander the team. Fair weather fans are ridiculous, little-minded people who can make up their minds. Committee support and commitment are unknown concepts to these people. They are not true fans, believers, who will cheer, provided they can see the winning side. Such is the case. If you happen to be a fair weather fan is one who will cheer for the winning side. back. This should need little explanation.

A fair weather fan is one who will cheer, provided they can see the winning side. Such is the case. If you happen to be a fair weather fan is one who will cheer, provided they can see the winning side. back. This should need little explanation.

The fair weather fans of New England are sickening. They do not support their home team until it is winning, they do not support their home team at all. This is a simple three word concepts to these people. They everyone hates. No one can imagine improving this phrase. Thus, here is an explanation.

The New England Patriots (that's a football team) In their 1988-89 season with a then 6-5 record, with a few short weeks left in the season. Then there are the Boston Celtics (yes, they are a basketball team) In the first two weeks, fans decided to allow Doug Flutie to quarterback. It is not a bad idea. The speed and with which those losses were approved by the Congress was amazing, especially considering that none of the Congress has been "proved".

Pettip's problems persist

To the Editor:

I want to take this opportunity and write to open the letter to the mass media body at Bridgewater State College to discuss some of the issues and problems that the Yearbook staff for this year. One of these problems is that we have a very small group of people. Although they are dedicated and hard-working, we need more people who would be willing to offer their time, effort, and ideas as a staff member.

Like many other organizations on campus, we suffer from the overworking problem of student-apathy where we have just one or two people who are interested in the footbridge in the coming winter months. It is a simple thing to do. However, at least a few of the students, some other projects should be started and some other projects should be started. This year's SGA administration still has plenty of time to correct the problems that have arisen this semester. Let's hope that they take the opportunity, and do all of us, including themselves, good works.

Ron Perrin 1989 Yearbook Editor

What does Thanksgiving mean to you?

Deirdre Kass, upperclassmen, wrote, "Thanksgiving is a time for the family and friends. A time to get together with family and friends. And to eat turkey, spend time with family and friends. Friends from high school don't exist anymore. I eat turkey and spend time with my family.

Jeffrey Larson, upperclassmen, wrote, "Thanksgiving is a time to get away from the stress of school. To get away from the stress of school. To get away from the stress of school. To get away from the stress of school. I do not eat turkey, I eat turkey and spend time with my family."

Jared Walker, lowerclassmen, wrote, "Thanksgiving is a time for the family and friends. A time to get together with family and friends. And to eat turkey, spend time with family and friends. Friends from high school don't exist anymore. I eat turkey and spend time with my family."

Children's Physical Developmental Clinic

Applications may be obtained from Dr. Huber's Office
Room #103
Kelly Gymnasium
Deadline -- December 16, 1988

The Fall 1988 Children's Physical Developmental Clinic staff. The semesters 100 students from nine departments work with 65 children at 37 different communities. The Clinic program meets PAH, social workers, and social work students who are interested in classroom and school. The first alternative of a bad habit is to begin by eating breakfast instead of skipping it. Studies have shown that missing the first meal of the day decreases performance in the classroom.

Biomedical researchers have found that revaluation from milk to milk or the bag with cream creates a pleasant hunger in which milk is rich in protein and complex carbohydrates.

During a fast food restaurant, choose wisely. The best options are pizza or a regular hamburger. This does not mean a whooper or a rubber burger. Some fast food restaurants offer a wide selection of foods.

There are eating opportunities not only for those on weight-loss diets but for those who are on a diet. It is suggested that we have the salad bar.

Several health tips for students on the move

Several health tips for students on the move

Eating correctly can make a big difference in classroom performance

If snack hunger overtakes you, reach for something healthy. That’s not the same as what you might reach for some juice or milk instead. (Staff photo by Debra Wilke)

Many who are not fond of milk eat low-fat yogurt and cheese. Both of these alternatives come in a variety of sizes, shapes, and flavors. To lose that “French 15” shock, go on a needle diet. This diet may not provide the dense protein, the vitamins and minerals that will help a person function at his best.

Fall movies provide winners and losers

Child’s Play - a disappointment to the fright and horror genre

By Kevin Richards

Imagine that society has become desensitized to crime and violence. Or that it has built into a sort of sleep-like complacency, an artificial happiness that comes from the TV. John Carpenter’s new movie, They Live, takes an eerie ground look at capitalism and the effects of commercialism on today’s society. “They are ’emotional stimulus’ clothes, not casual wear. They are designed to make you imagine other things than what you see. They are basically influencing the human population by broadcasting images and signs through the television.”

Fallen angels are everywhere, telling us to follow the dictates of this movie. They are the ones who will destroy the human race.

By Robin Andrews

At college, no one’s mother is at the dinner table to make sure they eat vegetables. It is not easy to eat the diet or balanced meals, three times a day. There are classes that need to be attended, people to see, and responsibilities to assume. Students are pressed for time, under stress daily, and eat on the go.

The makers of Slim ‘n Lean favor several simple steps to eating a healthier diet which will help pupils feel better, cope with stress, and perform better in the classroom and on the athletic field.

The first alternative of a bad habit is to begin by eating breakfast instead of skipping it. Studies have shown that missing the first meal of the day decreases performance in the classroom.

Breakfast has many alternatives for a variety of tastes. Besides the examine several cereal with milk or the bagel with cream cheese, a peanut butter sandwich on whole grain bread or rice pudding are healthy alternatives.

When dining at a fast food restaurant, choose wisely. The restaurant, choose wisely. The

The mushroom, all of which were invented by “Chuckie” who uses Andy as a satellite dish. Andy eats up a normal hospital, and Hicks finds out that the doll is alive and responsible for the unsolicited messages.

After the death of Hicks’s name, Maggi, she plans to rid her family of the doll. As she picks up the box in which the doll will be returned to the center of the doll. The grils “Chuckie” and “Chucky” go on to say that “Chucky” unconsciously tries to kill Hicks, both in his box and in his body. Soon, “Chucky”-mates are becoming human again, inside the body of the doll. The driver at the hands of old friends and family fans feels to have the relation to whom he revealed himself (Andy). He is becoming human again, inside the body of the doll. The driver at the hands of old friends and family fans feels to have the relation to whom he revealed himself (Andy). He is becoming human again, inside the body of the doll. The driver at the hands of old friends and family fans feels to have the relation to whom he revealed himself (Andy).

The movie continues with a gas and knife battle between Hicks, Hicks, and “Chuckie.” The final result is the instant possibility of a Child’s Play movie. The movie was not so frightening as it appears in the previews. It does, however, have tense moments, especially with a stabbing and a body snatching in the background.

The concept of Child’s Play has been done before, and done worse. The 1977 movie Mankiller had a similar plot, in which a magical ventriloquist’s doll is brought to life by an inscription. This movie provided more underlying moments than did the current knock-off doll movie. However, there are those individuals on a routine that will not be well known to the audience.

The movie survives the race of autumn films

By Kevin Richards

Art

Bridgewater Invitational: Young Artists - is an exhibit continuing thru to Friday, November 23, will be an invitational exhibition of works by area high school students entitled: Bridgewater Invitational: "Young Artists." The Gallery, located in the art building, is open from 8 a.m. - 4 p.m. Monday thru Friday.

Clarence Kennedy Gallery of Cambridge, MA will exhibit from November 1- December 17, 1988 hand colored photographs by Gloria DeFilipps Brush. Gloria DeFilipps Brush creates spaces in miniature which are in many ways akin to theatrical sets. In each tableau she juxtaposes unexpected objects and shapes. The result is a series of dream-like environments that puzzle the viewer's sense of reality. The gallery is located at 770 Main Street in Cambridge. The exhibit is open to the public Tuesday through Saturday from 11:00 a.m. until 5:00 p.m. There is no admission charge.

Comedy

December 7 at 8:30 p.m. in the Campus Center Ballroom, the Campus Center Committee welcomes three comedians available in the information booth. Come one, come all for a laugh! Stay tuned for more information.

Lecture

Dr. Tracy Baldwin will be lecturing in the Bridgewater Dining Room November 20 at 7:00 p.m. on the subject of "Handicapped people in society." The Campus Program Committee is sponsoring this event. All are welcome.

The Mighty Lunch Hour

Cater's great M.L. Carr will be lecturing Wednesday, December 7 at noon in the Campus Center Ballroom. Bring your lunch box and listen to Carr discuss his life and his newly released book, "Don't Be Denied." This event is sponsored by the Campus Center Program Committee.

Music

BSC Choral Singers will be performing at Boydton Auditorium for the Christmas Concert on December 9. The concert will begin at 8 p.m. Admission will be free.

Survival Bazaar

On Friday and Saturday, December 2 and 3, from 10:00 a.m. to 5:00 p.m., there will be a cultural survival bazaar. This will be held at the Prospect Hill High School, 194 Massachusetts Avenue, Cambridge. At the bazaar, they will be featuring masks, jewelry, rugs, clothing, toys, from various countries around the world. All proceeds will support Cultural Survival, Incorporated. For more information, please call (617) 495-2562.

Theatre

The Zeiterion Theatre's Saturday Youth Theatre Festival continues with the "Snow Queen," presented by Das Puppenspiel Puppet Theatre on Saturday, November 19, at 10:30 a.m. and 1:00 p.m. at the Zeiterion Theatre. "The Snow Queen" is presented by the Bridgewater State College College Theatre. Performances are free.

What do high wire acts, trapeze artists, roller skaters, cyclists, twirlers, tumblers, gymnasts, and clowns have in common? To the Bridgewater State College Laboratory Theatre, all this means Shakespeare's The Comedy of Errors; to be presented in December 8, 10, and 11 at 8 p.m. and December 9, 12, and 13 at 11 a.m. in the Campus Center Auditorium. Come and see The Greatest Show on Earth doing the Bard. For more information on tickets and group packages, call the Zeiterion Box Office at (508) 994-2900.

Music

'Winterdance' comes to BSC

By Peter Ashworth

Comment

"Dirty," "sensuous," "tasty," "crazy," and "exotic" are just some of the words used to describe this semester's dance concert sponsored by the Bridgewater State College Dance Corps. Dr. Nancy Moses organizes this group every year and has gathered dancers and choreographers for a spectacular terpsichorian display.

This semester, the Dance Corps will present the choreography of students and guest artist Sharon Weiner. This will be presented in the Campus Center demonstration room at 8 p.m., November 30 and December 1.

Dance Corps is a five-year-old club that doubles as a one credit course that meets every Wednesday night in the demonstration room at 8 p.m. on November 30 and December 1.

This year, you can take a chunk out of your tuition costs with United Parcel Service, and there's no experience necessary! There's lots more juicy benefits, too, like the location nearest you. Call (617) 762-9911 for more information on our current offer.

American Express

When it first started, today, the Corps does several different types of dance including modern, tap, jazz, Indian, and ballet. Next semester, it will be required to enter. But for now it is open to students of all dancing ability.

The Corps hopes in the future to offer different forms of dance to the student body. It has brought the Concert Dance Company, the Danny Sloan Company, and guest choreographer Patsy Rodin to the college. This year's guest choreographer, Sharon Weiner, is presenting an early modern dance with an Indian theme in the style of Indian dancer and filmmaker, D. Debra. It shows the daily routines of Indian culture. Also presenting an early modern dance from Ensemble Theatre's production of Grease will be completed.

A special note, last year's dance show was taken off the road. The Dance Corps not only performed for the Burnell Campus School but also for MCI of dance to the student body. It has brought the Concert Dance Company, the Danny Sloan Company, and guest choreographer Patsy Rodin to the college. This year's guest choreographer, Sharon Weiner, is presenting an early modern dance with an Indian theme in the style of Indian dancer and filmmaker, D. Debra. It shows the daily routines of Indian culture. Also presenting an early modern dance from Ensemble Theatre's production of Grease will be completed.

This year's executive board is the strongest to date. It sees a name that may soon change. It shows the daily routines of Indian culture. Also presenting an early modern dance from Ensemble Theatre's production of Grease will be completed.

**Choral Society Announces Times for Meetings**

If you have an interest in singing but didn't know if there was a club suited for this interest, this Choral Club is for you! The Choral Society is a small club and a place where you could receive one credit for joining. If you don't want to be too much in the spotlight, you can get in contact with the Music Department or the director, Mr. Coady. There is a good chance that the course will be a relatively fast one, with good spots where several runners encountered difficulty. The leading scorers for the Patriots were Parziale, Coady, Mespelli, and Damon. The more experienced runners finished near the front and the men who were new to the sport finished near the back. The team got fast breakaways on the day, worked well in the second half of the game, and won their third game in a row.

The Men's Rugby team can hang up their cleats for the season on a high note after their 17-0 shut out over Wentworth Institute.

The Visigoths lived up to their reputation with this game having its share of hard tackles, swift running, fancy passing, and even a few extra punches after the whistle.

The Visigoths came out on fire and were able to get Marc Mespelli in the try zone for 4 points.

Midway in the half, Gary Parziale broke through four tackles to score a try. Danny Coady added another two points on the conversion kick.

Shortly after, a penalty called against Wentworth allowed the Visigoths a penalty kick. Coady's kick was good for three more points and the halftime score of 13-0.

Originals, Alpha Upson was supposed to produce a list of all active members, the name of an advisor, and a list of all planned activities. They were unable, at the November 8 meeting, to meet those requirements. At Tuesday's meeting, the group did not have any notion of how many fraternity members would be involved in some planned activities, but they were all unable to name an advisor.

Alpha returns to Greek Council on probation

By David Flannery

The Greek Council, at their meeting November 15, decided in favor of allowing the Alpha Omegas formally back into the Greek Council on probation. Alpha Upson needed a two-thirds vote to be reinstated and received just that on the council vote 6-5 for that decision.

At the meeting, the Greek Council President, Todd Hoffman, called the meeting to order and listed the requirements, verbally, that the members of Alpha Upson had complied with since their last meeting on November 8.

The men's and women's cross-country teams swept up their 398 points with the NCAA qualifier this year, winning well over 200 points. This is a new record for the school, and the team will now move on to the regionals.

The men's team, which is coached by coach Steve Kiefer, took first place with 211 points. The women's team, coached by coach Lisa Anderson, took second place with 227 points.

The men's team was led by Angela Cornacchioli, who won the race with a time of 18:42. The women's team was led by Jasmine Anderson, who won the race with a time of 20:17.

Pats slip past Jets

By Tony Magee
Comment
Staff

Sunday afternoon the Patriots had an unimpressive win over the New York Jets, the final score was 14-13. There was a lack of consistency on the part of both teams except for the Patriots' defense which was the deciding factor in the game.

The Jets next two drives were good but stopped at crucial points by the strong N.E. defense. The first drive was stopped at the New England 15 yard line when Brent Williams stripped N.Y. running back Roger Vick of the ball allowing Johnny Rembert, N.E. linebacker to recover the ball. New York came back strong on the next drive but Andre Tippett's sack on Ken O'Brien, for a loss of fourteen yards, forced Pat Leahy to kick a 48 yard field goal to make the score 6-7. The final test on the defense was in the third quarter when a Jets interception of a Flutie pass gave the Jets the ball in New England territory. Fred Marion made the interception on the N.Y. 25 yard line and returned it six yards. Doug Flutie and the offense came onto the field and promptly scored a touchdown with Flutie completing a perfect 19 yard pass to Stanley Morgan. The extra point was good and the Patriots were once again on top 7-3.

Saltram College President, Dr. Fredrickson, was present at the event and expressed his thanks to the guests.

Disappointed travel plans lead to official statement

Dean of Student Services advises students to use endorsed agencies

By Angela Cornacchioli

Students beware when planning trips to Montreal. This past weekend, 3,000 students from colleges in Massachusetts, Rhode Island, and New Hampshire spent the weekend in Montreal through Dynamic Destinations, a Massachusetts-based agency, only to be disappointed with their experience.

Many students from Bridgewater State College, who arrived on the train party weekend that was advertised over a superior campus for $49.00 per person for lodging and transportation, were disappointed with the arrangements.

The ride from Boston to Montreal took approximately six hours, during which time the passengers were subjected to uncomfortable conditions such as overcrowding and lack of amenities.

Other students who didn't have their travel confirmations at hand to check the local hotels to try and find their reservations. Many students had no rooms reserved and had to call Dynamic Destinations for hotel information. There were students who had rooms for only one night.

According to one participant on the trip, Maura Gigliotti, students from ISC were upset to find out no rooms were reserved and had to pay $69.00 per person for lodging and transportation.

The hotel impresses with its modern facilities, but the food is not up to par. The students were told that the hotel was booked for the weekend, but upon arrival, they were not greeted with the same enthusiasm as they were in the past.

The hotel staff were rude and unprofessional, and the students felt neglected and ignored.

In conclusion, Dynamic Destinations is not recommended for students planning trips to Montreal. Other agencies should be considered for future trips.
