Bears Baseball sweeps weekend

By Ronza Davis

Bridgewater College completed the sweep of its four-game series at Head of the Charles with a 7-2 win over Elizabethtown University on Sunday.

The Bears scored three runs in the first inning and held on for the win, as pitcher Mike Salamone allowed only six hits and two runs in seven innings.

Bridgewater improves to 29-11 overall and 20-2 in the GNAC, while Elizabethtown falls to 25-12 and 12-10 in the conference.

Lady Bears move record to 13 and 6

By Ronza Davis

The Bridgewater College women's tennis team improved to 13-6 overall and 5-3 in the GNAC with a 7-2 win over Elizabethtown University on Sunday.

First-year doubles partners Kari Bear and Megan Black won 8-0, while first-year singles player Kari Donahoe won 6-0, 6-1.

In the second doubles match, junior Alex Hutcheson and senior Karen Johnson won 8-1, and senior Jamie Agnew and junior Jennifer Donahoe won 8-0.

In singles play, junior Jennifer Donahoe won 6-0, 6-1, while senior Jamie Agnew won 6-0, 6-2.

The Lady Bears are back in action on Saturday at 1 p.m. against St. Joseph's University in the GNAC championship game.

Women's Rugby wins Division II at Mount Holyoke

By Ronza Davis

The Women's Rugby team defeated Mount Holyoke College in the Division III championship game on Saturday, winning 45-22.

Mount Holyoke, ranked No. 4 nationally, entered the game with a 28-1 record, while Bridgewater was ranked No. 2.

The Bears outscored the Lyons in every period, including a 10-0 lead in the first half.

In the second half, Bridgewater increased its lead to 35-2, and the game was called at that point due to weather.

The victory caps a successful season for the Bears, who finished with a 13-3 record.

The team is looking forward to the upcoming season and hopes to continue its winning ways.

The Bears are scheduled to return to action in the fall, and the team will be holding open tryouts for the upcoming season.

Executive Board elections result in numerous new faces for SGA

By Ronza Davis

The SGA's Executive Board elections took place on Tuesday, May 2, and several new faces were added to the board.

Senior Emily O'Callaghan was elected president, and she will be joined by first-year Taylor Krasnow as vice president.

The board also includes second-year Sarah Hahn as treasurer, first-year Megan Cangiano as secretary, and third-year Michelle Tucker as communications officer.

The new board will focus on issues such as campus safety, sustainability, and community service.

The board will also work closely with the administration to address student concerns and improve campus life.

The SGA is committed to representing the interests of all students and working towards a better campus for everyone.

Exit interview meetings scheduled

Students who received a Perkins National Direct Student Loan and/or a Guaranteed Student Loan, as part of their Financial Aid package while attending Bridgewater State College and are leaving this semester, must attend one of the "Exit Interview" meetings.

Federal regulations stipulate that Perkins NSLDS and GSL borrowers attend an "Exit Interview" meeting prior to leaving the institution. The purpose of the student loan "Exit Interview" is to provide students with information concerning their rights and responsibilities as a student loan recipient.

Meetings will be held in the Plynouth County Room of the Campus Center on the following dates:
- Monday, May 2 at 11 a.m.; Monday, May 5 at 1 p.m.; Thursday, May 4 at 2 p.m.; Friday, May 5 at 11 a.m., and Tuesday, May 9 at 10 a.m.
- Students who need more information about this topic or have any questions should call Suzanne Hickey at (508) 597-1225.

Women's Center holds open house

On Wednesday, April 19, the Women's Center held an open house for students interested in declaring women's studies as a minor. In attendance were many of the faculty who teach the courses, as well as students who are currently enrolled in the minor. Prospective students interested in such a minor were able to talk with the staff and students to have their concerns addressed, and their questions answered concerning the requirements needed for the minor and the courses offered in the fall.

The open house also served as a reception for the students who went to the March for Women's Equality and Women's Lives held in Washington, D.C. The Women's Center was a cosponsor made up of students, faculty, and alumni. The center raised money through donations from faculty and staff of the college to pay for transportation expenses. Numerous donations came from women and men who could not attend the march, but wanted to sponsor a student who otherwise could not afford to pay for the trip.

Students who have any questions concerning the women's studies program should stop by the Women's Center, on the third floor of the Campus Center or call them at extension 2296.

Thought for the Week

"A pair of lovers like a sunset and sunrise: there are such ideas every day but we very seldom see them." — Samuel Butler

Fraternity and sorority hold sleepout to benefit homeless

On Friday night, April 31, 1989, Sigma Pi fraternity and Phi Sigma Sigma sorority held their second annual sleepout for the homeless. Thirty-two Sigma Pi members, and twenty-five Phi Sigma Sigma members gathered on the steps of Boyle Hall at 8 p.m. to spend their night as a homeless person.

All proceeds from the sleep-out go to the homeless via the Counseling and Program Services Office.

MSC students won't be in line to register for their classes. This was a common sight during the week as most of the college population registered for their fall semester courses.

Correction: In the April 13 issue of the Comment, a pair of paragraphs were inadvertently reversed and merged in the Letter to the Editor concerning MassPIRG, entitled "President of MassPIRG speaks out/" The minor and the courses offered in the fall.

Correction: An article in the April 13 issue of the Comment indicated that the March for Women's Equality and Women's Lives was held in Washington, D.C. The Women's Center was a cosponsor made up of students, faculty, and alumni. The center raised money through donations from faculty and staff of the college to pay for transportation expenses. Numerous donations came from women and men who could not attend the march, but wanted to sponsor a student who otherwise could not afford to pay for the trip.

Ciganovic justifies stance against Murphy-speaking

To the Editor:

I protest to the editors of the Comment the way in which the Board of Trustees at Bridgewater State College has decided to run its affairs, and in particular, the prompt of Murphy's-speaking at the college. I am quite aware that the Board of Trustees has the right and the duty to set policies and to establish rules for the administration of the college. It is my contention that the Board has incurred what I perceive to be a very considerable responsibility in failing to act responsibly in this matter.

It is obvious to me that the Board of Trustees has been, for many years, completely out of touch with the needs of the college's students. They have not been properly informed in matters which concern the students and have not been concerned with the welfare of the students. They have been interested only in their own welfare, and in the advancement of their own personal careers. They have neglected the students and have failed to meet their needs.

It is my opinion that the Board of Trustees should be held responsible for the failure of Murphy's-speaking at the college. They have not taken the necessary steps to prevent this, and they have not taken the necessary steps to correct the situation. They have not been true to their responsibilities, and they have not been true to their duties.

I feel that the Board of Trustees should be held responsible for the failure of Murphy's-speaking at the college. They have not taken the necessary steps to prevent this, and they have not taken the necessary steps to correct the situation. They have not been true to their responsibilities, and they have not been true to their duties.

Sincerely,

Denny Ciganovic
Chair, CKEES

Letters Submission Policy

The Comment welcomes your Letters to the Editor. Our Letters page is a forum for you to share your thoughts and ideas with other subscribers. We are committed to serving our readers more efficiently, so that we can post submissions as quickly as possible. Here are the guidelines for submission:

1. All submissions must be original work and should not have been submitted to any other publication.
2. All submissions must be limited to 300 words or less and should be typed, double-spaced, and free of errors.
3. Letters must include a signature and a phone number for verification. Signed letters will be held 24 hours, and unposted letters will be automatically sent.

Thetend to the Editor:

There they go again, the Bridgewater State College Board of Trustees. Just when you thought they were going to tone it down for the rest of the semester, the board begins to do what they do best, institute new rules and regulations. The board is attempting to do this by instituting a new policy that would prevent Murphy's-speaking at the college. This is not the first time that the board has attempted to institute a new policy that would prevent Murphy's-speaking at the college. The board has been trying to institute new policies that would prevent Murphy's-speaking at the college for many years, but has never been successful. The board is attempting to institute a new policy that would prevent Murphy's-speaking at the college, but this time they will be more successful.

Sincerely,

Doug Andrews
Assistant Professor of Geography

Thetend to the Editor:

Because I have been personally ma­naging Murphy's-speaking at the college for many years, I feel that the students have a right to their own voice. I believe that the students should be given the right to speak out, and I believe that they should be given the right to have their say. The board has been trying to institute new policies that would prevent Murphy's-speaking at the college, but this time they will be more successful. The board is attempting to institute a new policy that would prevent Murphy's-speaking at the college, but this time they will be more successful. The board is attempting to institute a new policy that would prevent Murphy's-speaking at the college, but this time they will be more successful.

Sincerely,

Pamela Grimes
Assistant Professor of Geography

Thetend to the Editor:

There has been nearly a complete changing of the guard in the ranks of the Student Government Association officers. Over 1,000 students have voted in a new slate of officers and board members. This is a great thing for the students, and it is a great thing for the college.

Over 1,000 students have voted in a new slate of officers and board members. This is a great thing for the students, and it is a great thing for the college. The students have a right to their own voice, and they should be given the right to speak out. John Hogan
Managing Editor

Pearce sets the record straight before leaving

To the Editor (and Marcia Modesto):

Having made a letter to "The Editor" which appeared in the April 13 issue of The Comment, I wish to issue a personal correction. I stated that I was not on any official paid leave, but that I was on leave from my position as Assistant Professor of Political Science. I have since learned that my position as Assistant Professor of Political Science is an unpaid position, and that I was not on leave from any official position.

Sincerely,

Michael Abusherey
Business Manager

Thetend to the Editor:

If so, why do we need to continue to live with a board that has failed in its duties to represent the students? The board has been trying to institute new policies that would prevent Murphy's-speaking at the college, but this time they will be more successful. The board is attempting to institute a new policy that would prevent Murphy's-speaking at the college, but this time they will be more successful.

Sincerely,

Patricia Grimes
Assistant Professor of Geography

Thetend to the Editor:

Pearce sets the record straight before leaving
To the Editor (and Marcia Medeiros)

Having read your letter "To The Editor" which appeared in the April 13 issue of The Comment, I would like to set the record straight before leaving my position as the President of the S.G.A. several years ago. The S.G.A. was never the organization you and Ms. Medeiros and I regard unethical. I disagree with you in both of your arguments.

Firstly, I did not use nepotism to hire the staff you mention. I was selected at random from my applications for the job of the paper's Managing Editor, and a brief period as editor-at-large for The Cornerman. As I recall, I did not use nepotism in any way or manner.

Secondly, I did not use nepotism to hire the staff you mention. I was selected at random from my applications for the job of the paper's Managing Editor, and a brief period as editor-at-large for The Cornerman. As I recall, I did not use nepotism in any way or manner.

The S.G.A. is a student organization in which I was an active member. I served for four years as its President during my term. Hopefully, my last response is to William Toth's letter to The Comment.

What do you think of the new registration system compared to the old?

By Caitlin Andrews

Comment staff

The AIDS Task Force, a committee of both students and faculty, sponsored a lecture Tuesday evening in the Hintz-Heckert Room of the Campus Center. This lecture featured three speakers: a local, gay man who has AIDS, and two Harvard students. Dr. Randy Vance, Health Care co-director of the AIDS Task Force, talked about the AIDS epidemic and the disease is not an accurate assumption. This attitude causes apathetic behavior. No one can escape this disease. Everyone has to ask themselves what or whether not they are in a "high risk" category, AIDS does not discriminate—everyone is at risk. The ways that HIV (the virus) is transmitted, is through body fluids. The highest concentrated fluids containing HIV are semen and breast milk. If blood or semen comes in contact with someone's blood streams, most likely they will have HIV.

Maxwell shows ropes of business

By Caitlin Andrews

Comment staff

Have you ever thought that, "I can do my own best," or "If I were going to start my own business?"

Tuesday evening, Prof. Marc Mezias of the management, evi-

tion, the director of the Fordham Student Center, and Bruce A. Martin of the Campus Program Coordi-

nation, will discuss small business and entrepreneurship.

Maxwell started his own business. According to Maxwell, it is a per-

son who organizes, operates, and assumes the risk of failure for the

benefit of the venture. Entrepreneurship is capacity for the ad-

aptation of the small businessman in the market, profit, and

success.

If you think that for the past twenty years has been the best time for

small businesses in society, you might want to think again. Small

businesses decreased by 4,000 years ago. In 211 B.C., the king of China

made up a code of laws which were used to pollute and organize

his business. Just be happy that they have size. Now they are not as

rich as they were then. For example the builder of a house and the

house collapsed, killing someone in the family. The punishment was death in the

house.

This show the social responsibil-

ity which small business will

bring. They will be able to offer

much future business if you are

fed. For good response with con-

sumer interest is in 211 B.C. as

well as in 1992. Small businesses

employ more than 40 million people which is over 50% of the work

force. 90% of all companies are small and 20% are

employment increasing less than 19

employees. Through of statistics how con-

sumer became a risk for the business. One

useful aspect of the small business is that the consumer is

include satisfying a need.

business.

Now that we have an objective,

in order to achieve it, you need a

method to start from. This

method is called the "planning.

This means that by taking the business risk, one must be prepared to fail in a

Maxwell shows ropes of business

By Caitlin Andrews

College staff

The AIDS Task Force, a committee of both teachers and faculty, sponsored a lecture Tuesday morning in the Hungate-Dockerty Room of the Campus Center. The lecture included three speakers, one of whom was AIDS Coordinator Randy Yates, Health Care coordinator. Yates began the lecture by talking about the two diseases in our society most involved with this epidemic. In the first he is the disease of the future, the second he is the disease of the body, which is the most researched disease to face human beings. The parents of both diseases have weakened the capacity for people to face the disease of their own body, and the second is the disease of our society. The first is the disease of HIV, the virus which gives AIDS, and the second is the disease of AIDS. The mother is a virus and the father is a behavior. The questionable activity which has resulted in the most success is to know thyself. AIDS is still here, 1985 blood has been screened. AIDS has not been defeated, is through bodily fluids. The fluids containing HIV is blood and saliva. This is the only way unprotected penial-vaginal intercourse can be transmitted. The first is the disease of not discriminating against everyone is at risk. This is the only way unprotected penial-vaginal intercourse can be transmitted. The questionable activity which has resulted in the most success is to know thyself.

Maxwell showed ropes of business. By Maxwell, it is a perception that everyone is at risk. This is the only way unprotected penial-vaginal intercourse can be transmitted. The questionable activity which has resulted in the most success is to know thyself.

"Just for the health of it"

Here comes the sun

Tanning advice for sun worippers

As the days of April go flying by, the sun's rays begin to take on a more intense heat, leaving most individuals with a welcomed feeling. However, we fail to realize that constant exposure to the sun may cause more harm than good. Constant exposure to the sun can lead to the onset of skin cancer. The incidence of skin cancer has increased dramatically in recent decades. Whether this is a result of America's addiction to tanning or our weakening ozone layer, the fact is more than 500,000 cases of skin cancer are diagnosed annually. Dermatologists now believe that any substantial exposure to the sun sets in motion a cumulative and largely irreversible process of damage which may eventually lead to cancer. This damage is similar to adding up all those weekends of "overextended" sun exposure. This cumulative process gives way to the two most common cancers associated with the sun: basal cell carcinoma and squamous cell carcinoma. Luckily, these are almost 100% curable, if detected and treated. The third type of cancer associated with the sun is melanoma. This is the most deadly form of skin cancer. Approximately 6,000 Americans die from this cancer each year, and this number is steadily rising. Evidence suggests that major mechanisms, which lead to basal and squamous cell carcinomas, are caused by cumulative sun exposure. Instead, a single serious blistering sunburn during adolescence can start the path for future bouts with this deadly form of skin cancer. In all three cases, the unquestionable cause is the sun's ultraviolet radiation, particularly UV-B. UV-B, which is very efficient at 700 nm, is also the most dangerous ultraviolet light. It is concentrated at midday, between the hours of 10 a.m. and 2 p.m. Therefore, dermatologists recommend minimal exposure during these hours. However, since minimal exposure during these hours is usually impossible for most sun worshippers in search of the deepest, darkest tan, dermatologists also recommend that all sunbathers use a sunscreen with a sun protection factor (SPF) of at least 15 for the first four days of exposure. From day five on, a sunscreen with an SPF to match one's skin tone is advised. That is SPF-15 for fair skin, SPF-10 for medium skin tone, SPF-6/8 for olive skin, and SPF-4 for dark skin. It should be applied frequently, especially after vigorous exercise or swimming. Remember— the best protection is moderation. So be smart, be safe, and buy sunscreen!

"What? No tartar sauce? You'd forget your own head if it wasn't bolted on!"

SAY ANYTHING

(continued from p. 12)

Although, spending six dollars on an evening performance may be too much for those having already seen the commercial.

The casting was fantastic. The actress, particularly Joan Cusack and Lorelei King made the movie believable as far as their romance was concerned. Unfortunately, the movie tried to accomplish more than tell a story of a high school romance.

To see John Cusack make the picture bearable, Lloyd De-Not, played by Cusack, could not have become every girl's dream date to bring home for an evening with the folks. His serious bantering in front of Miss Coon (John Malkovich) was charming. Any further would ruin Lloyd DeNot's charm.

Diane Court (Sissy Spacek) was the apple of her father's eye. She was devastated in her graduating class and moved a fellowship to study in England, having only the summer for a romance with Lloyd.

The romance was so typical and predictable that when the plot changed to differentiation of film from all the other teen-aged romances, it was not a smooth transition.

The twin involves Mr. Court, Diane's overprotective father who is under investigation by the IRS. There is no indication of any criminal activity that would cause Mr. Court to be under investigation.

Although the twin investigation was out of the ordinary, the movie is really about a romance. Say Anything is good if you want to see a more complicated teen-aged romance and if you just want to remember John Cusack.

Does the End of the Term mean the End of your Insurance Protection?

If your insurance ends when you leave school, you are unprotected against illness or accident. Short Term protection from Time Insurance provides medical coverage for a variety of pre-existing conditions. The plan can be signed and issued on the spot, with coverage beginning immediately. Of course, there's no coverage for pre-existing conditions.

You may need this necessary protection. Let me tell you about it.

Tanning advice for sun worshipers

As the days of April go flying by, the sun's rays begin to get stronger and warmer. For most of us, this is a welcomed sight and welcomed feeling. Unfortunately, we fail to realize that constant exposure to the sun or even one blistering sun can cause the onset of a serious health problem called skin cancer.

The incidence of skin cancer has increased dramatically in recent decades. Whether this is a result of America's addition to tanning or our weakening ozone layer, the fact is more than 50,000 cases of skin cancer are diagnosed annually.

Dermatologists now believe that any unshielded exposure to the sun sets in motion a cumulative and largely irreversible process of damage which may eventually lead to cancer. This damage is similar to building up all those weekend of "sun tanning" experiences.

This cumulative process gives way to the two most common forms of skin cancer: basal and squamous cell carcinomas. Luckily, these are almost 100% curable if caught early. The third type of cancer associated with skin cancer, called melanoma, occurs more rarely, but is more deadly. Approximately 6,000 Americans yearly die of melanoma, and this number is readily increasing. Evidence suggests that the same mechanisms, sunlight and squamous cell carcinomas, are not caused by cumulative sun exposure. Instead, a single serious blazing sunburn during the growing years sets the path for future bouts with this deadly form of skin cancer.

In all three cases, the unpreventable cause is the sun's ultraviolet radiation, particularly UV-B, UV-C, which is very damaging. Sunburn is also a more dangerous ultraviolet effect. It is thought to act at midday, between the hours of 10 a.m. and 3 p.m.

Therefore, dermatologists recommend minimal exposure during these hours. However, since minimal exposure during these hours is usually impossible for most sun worshipers in search of the deepest, darkest tan, dermatologists also recommend that all sunbathers use a sunscreen with a sun protection factor (SPF) of at least 15 for the first four days of exposure. From day five on, a sunscreen with an SPF to match one's skin tone is advised. That is SPF-15 for fair skin, SPF-10 for medium skin tone, SPF-50 for olive skin, and SPF-4 for dark skin would be appropriate protection. Also, it should be applied frequently, especially after vigorous exercise or sweating.

Remember, the best protection is moderation. So be smart, be safe, and have sunscreen!

Some tricks they'll never learn.

If animals were responsible for their own birth control, there might not be a need to kill 13.5 million unwanted dogs and cats each year. That's the cost of not having your pet spayed or neutered. Fixed.

Even bringing a litter of puppies or kittens to an animal shelter is no guarantee they'll find a home before room has to be made for more. Having your pet spayed or neutered is the only way to reduce the sad number of ownerless dogs and cats destroyed this year. And it will also increase your pet's chances of living a longer and healthier life. That responsibility is yours alone.

You'll never stop your pets from acting naturally. But if you love them, you'll have them fixed.

Talk to your veterinarian. Or contact the MSPCA for a free information packet on birth control for your pet.

Announcements

Raffle Winner

The winner of the Men's Lacrosse Club Raffle was Leland Putnam of Chatham. New Hampshire.

Retirement

Reception and Liturgy

All members of the Bridgewater State College community are cordially invited to attend a reception in honor of the members of the community who are retiring this year. The reception will be held on Sunday, April 27, from 10 a.m. to 1 p.m. in the Heritage Room of the Maxwell Library. In conjunction with the reception, the college's campaign committee, including Bob Connor, Jo-Anne Voliten, and Dr. Doug Williamson, will celebrate a special anniversary that same evening at the College Club at 7 p.m.

The members of the community who are retiring and who will be recognized at this event are: Ann Driscoll, Robert Daniel, Judith Deep, Shirley Palfrey, Vincente Giron, Burton Goldstein, Kenneth Row, Robert Lebow, Rika Otsuki, Stella Wagner, and Elyea Rib. Shuler.

The Christian Fellowship

The final session of the Sunday evening study group of the Christian Fellowship at Bridgewater will be held on May 7, 1989 at 6:15 p.m. at the Fellowship's house at 29 State Road (please meet from the library). There will be no meeting of the study group on Sunday, April 30, as President Chaplain Doug Williamson and other members of the group will be participating in the church honoring members of the Bridgewater State College community who are retiring this year. That Harvey be girls at 7 p.m. at the College Club.

The study group is open to all members of the Bridgewater State College community - students, faculty, and staff. The group is open - (letting its study to students to let our usual schedule for each additional hour or fraction thereof keep their own, as a maximum of ten per year.)

One-week loan terms are $1 per day per item loaned to a maximum per item. Reserve and one-week loan fees are not exceeded. Overdue charges continue on weekends, holidays and vacations, and it will increase your pet's chances of living a longer and healthier life. That responsibility is yours alone.

You'll never stop your pets from acting naturally. But if you love them, you'll have them fixed.

Talk to your veterinarian. Or contact the MSPCA for a free information packet on birth control for your pet.

Annexia-Butlinia Support Group Meeting

An annexia-butlinia support group will be meeting weekly in the Senior Room, located in the Ahern Center, Campus Center, each Thursday from 3 p.m. to 4 p.m.

All individuals who find they would benefit from an accepting, non-judgmental forum in dealing with eating disorders are welcome to attend.

If you have any questions regarding this meeting, you may contact Mrs. Murphy, of Health Services, at 697-1522.

Congratulations

To the Brothers of Sigma Pi on your initiation into Sigma Pi International Fraternity.

Calendar of Events

Art

An exhibition entitled Spanish Eyes: A Look at Contemporary Photography from Spain is now on view at the Clarence Kennedy Galleries. The exhibit, which is sponsored by the Associated Students of UMass Boston, will run through May 29. The gallery is open Tuesday through Friday, 3-7 p.m., and Saturday, 10 a.m. to 4 p.m.

Concerts

The Baldinos

On Friday, April 24 at 9 p.m., the Baldinos will be performing in the Rathskeller. The Baldinos are well known for their dynamic and engaging performances, which are a blend of rhythm and blues for the past five years at Zeiterion. To add to the party atmosphere of the event, all the artists are encouraged to don in their Hawaiian outfits, straw hats, sandals, etc.

Choral Society

The Bridgewater State College Choral Society will hold their Spring Concert on Friday, April 28 at 8 p.m. in the Horace Mann Auditorium. Tickets are $5 for adults, $3 for students, and are available at the door.

Contest

NOW essay contest

The National Organization for Women Foundation is sponsoring a NOW Women's History Month Essay Contest. The topic for the contest is the Continuing Struggle for Women's Equality in the United States. The contest is open to all senior high school, college and continuing education students. Essays must be submitted by April 28, 1989. The NOW Foundation will provide a few guidelines:

- Entries must be accompanied by a completed and signed entry form.
- All essays should consist of no more than 1000 words, including footnotes.
- They should be typed on 8.5” by 11” paper, double-spaced, with a one inch margin.
- All entries must be received by the October 15 deadline.
- The completed entry form and the competition should be sent to the NOW Foundation Essay Contest, 100 Stanton Street, N.Y. N. W. #300, Washington D.C. 20030.

Workshop

The Asian American Resource Workshop of Boston will sponsor a city-wide celebration of the AsianPacific American Heritage Week, entitled Americans in the World: The Strength, and Spirit of Asian Americans through Art and Culture. The opening night is in the Japanese Cultural Center at 7:30 p.m. with a show of art collected at Somerville Hospital's School of Nursing. You can obtain tickets for the event at the Box Office at 894-250.

Save the Zeiterion

The Zeiterion Theatre is open to the public. The theatre is located at 648 Main Street, New Bedford. For more information, call (508) 994-2900. Tickets are also available at all Ticketmaster Locations, or by calling Zeiterion at (508) 994-2900. All tickets are $20, $18, and $16 with a $2 discount for senior citizens and students. The show has been extended through June 30. The final performance will be held on June 15. The show features a new cast of performers including John Hackett, Joe Drescher, and Karen Stiel.

The Academic Advising Center is recruiting interested, responsible upperclassmen to be peer advisors for the 1989-1990 school year.

A peer advisor is a student who assists the academic advisors when helping freshmen with such tasks as registration, drop/add and study skills. The peer advisors are also available as an informational resource to all students.

We would like to invite you to an informal meeting on May 1 at 2 p.m. in the Academic Advising Center in the Maxwell Library. The present peer advisors and academic advisors will be on hand to answer any questions you may have about this position.

Erickson’s 20 goals lead to team success

Although the Bridgewater State Women’s Lacrosse team scored a 4-6 record, their scoring and ability have greatly improved since the beginning of the season. One of the driving forces behind this increase is third home Andrea Erickson. Erickson, a junior from Swansea, is the leading scorer for the season. In ten games, she has scored 20 goals. These goals add up to a total of 39 goals scored in her previous statistics, which also includes three assists and three stick-work goals against Babson College. Erickson is also an integral part of the attacking team and has been credited with defending the scoring for Bridgewater.

**Women’s Lacrosse takes three of four**

BSC Women’s Lacrosse kept their hopes alive for a playoff berth by winning three in four games last weekend. The first game went down Pine Manor with a 10-6 win. Freshman Cynthia Costa performed well, scoring in four goals. Costa’s second game was against Smith, winning 7-6 as two goals by the BSC helped them win.

The Lady Bears lost to nationally ranked Smith College, but Erickson scored three goals for the Lady Bears, leading them to a 17-13 win. Erickson was credited with two goals each in the last two games against Babson College and Mount Holyoke.

On Saturday, April 22, BSC faced off against New England College (NEC) and won 16-6. Erickson had four goals and two assists, and Costa had two goals and an assist. Erickson was the leading scorer for the Lady Bears, with Costa second in scoring, reaching a total of 10 goals in the last five games.

Erickson explained the team’s success on the field at all times.

**Bears Baseball**

**con. scoop 3**

Danielle Webber and Ronda O’Connell were the leading scorers for Bridgewater State University against Babson College. Danielle Webber had three goals and two assists, while Ronda O’Connell had two goals and an assist.

**Lady Bears**

**con. scoop 3**

The Lady Bears took on Babson and won 6-4, with Andrea Erickson scoring two goals and one assist.

Although the games lost four in a row, BSC picked up an excellent game, allowing six goals and also adding to the team effort. Erickson’s stick-work again turned in four goals.

**Visigoths defeat Framingham State**

Last Saturday, the Bridgewater State Women’s Soccer team played a well-fought game against Framingham State. O’Connell earned herself a second home game of the season with a 2-0 win. Costa’s center game was strong as she was a key in the attack and its formation. Erickson’s 20 goals lend to team success. As a co-captain, Andrea Erickson and Kristen Damore stretch out the lacrosse team before a game. (Photo contributed by Mike Storey.)

At the end of the game, the final score was Bridgewater 0, Framingham State 1. The Bridgewater defense was solid against the scored from the teams included Todd Bransinger, Chris Markowski, P. Scott Longi.

Andrea Erickson's 20 goals lead to team success

Although the Bridgewater State Women's Lacrosse team sporta a 4-4 record, their scoring and ability has greatly improved since the beginning of the season. One of the driving forces behind this increase is home Andrea Erickson. Erickson, a junior from Swaneys, is the leading scorer for the team. In the past four games, less than one week, Erickson has scored 20 goals. These goals added to her 17-game scoring streak give her a total of 39 goals for the season. Ten of these come in her last game against Babson College. Erickson is also an outstanding scoring from BSC's leading ranks to the team at all times.

Erickson excels especially on the field at all times. Andrea Erickson is an exellent player who will be back to play for the team at all times, and she will have another season to improve as well as add to the team's effort.

Visigoths defeat Framingham State

Last Saturday the Bridgewater State Women's Baseball played a well executed game, and was able to defeat a strong Framingham team 13-3. Allen was able to get her first hit in after breaking four still stamex. The Lady Bears captured the extra points with her excellent kicking. The BSC played outstanding and with hard tackles by co-captain Mike "Og" Patillo, Rich Emel and David Colby.

Bears Baseball sweep weekend

By Ronda Davis

Although the weather was cold this weekend, the BSC baseball team was hot. The Bears defeated MASCAC rivals Salem State, sweeping a pair of doubleheaders to claim the Crown.

Salem State hits inning given up by Bear's pitcher David O’Leary in the third, Jim Domitrz in the ninth, and Mike O’Donnell in the fifth. The Lady Bears brought the score to 5-1 in the third on a sacrifice fly by Dave off of Framingham's pitcher. The Lady Bears take advantage of the peripherals, with an error on Framingham's pitcher allowing them to score.

The Lady Bears move record to 13 and 6 with a sweep of the weekend. They defeated Framingham in both games, 5-1 and 6-2.

Women’s Rugby wins Division II at Mount Holyoke

By Ronda Davis

The Women’s Rugby team played in the Mount Holyoke College rugby tournament on Saturday and came home with the win.

Bridgewater: Tom M. Hilty 16-10 in the second round did not allow BSC to score, and the Bears were held scoreless.

BSC had a tough time against the Mount Holyoke defense. Tom, who was a star at BSC, showed his talent. BSC couldn’t crack the Mount Holyoke defense and was held to just a single point in the first half.

The experience took over as the Bears finished with just one point in the first half of 10-0.

Bridgewater showed excellent turnovers as they had to play without key players.

In the next round, Bridgewater had both their center and left half Backs. They didn’t allow the Bears to score.

Bridgewater scored their first points in the second half on a try for 10 points and a conversion.

The Bears were unable to gain any momentum in the second half.

Women’s Rugby wins Division II at Mount Holyoke

Executive Board elections result in numerous new faces for SGA

By Ronda Davis

The SGAs Executive Board elections were held to select new members for the upcoming academic year. The elections took place on Wednesday night and were open to all students.

The candidates ran on various platforms, and the results were announced on Thursday morning.

The new Executive Board consists of several new faces, with many of the returning members stepping down to make room for new leadership.

The new Executive Board includes students from various backgrounds and perspectives, which is a reflection of the diversity of the student body. This new team is expected to bring fresh ideas and perspectives to the SGAs decision-making process.

The new SGAs President is expected to take on a more active role in ensuring that the SGAs priorities align with those of the student body.
