Tinsley begins presidency July 1

By Bryon Hayes

The Board of Trustees is pleased to appoint Dr. Adrian Tinsley as the tenth President of Bridgewater State College," stated Carol Pur, Chairman of the Board of Trustees. Tinsley has accepted the nomination and will assume the position on July 1, when her term of position ends at Glassboro College, in New Jersey.

Tinsley was a member of the college numerous times since her acceptance in January, most recently a member of the Academic Planning Committee. She stated that "Bridgewater State College has a very bright future," and that she is eager to help the college and with its plans. "The college is long on tradition," Tinsley said, "and there are keen students and enthusiastic students, along with a brilliant faculty...at this institution.

Concerning the budget crises that Bridgewater has been facing, Tinsley also stated that the immediate problems can be dealt with and need. This budget situations will be on July. Tinsley said that the college has numerous budget problems, similar to those at BSC. She hopes that the college can help her through these times.

An inauguration ceremony for Tinsley has been scheduled for the weekend of October 14-16. The official day and day of the ceremony has yet to be determined by the Board of Trustees.

Currently, Tinsley is the Treasui­ve President and Provost of Glassboro State College. She will not, however, assume the Presidentcy at BSC until the July 1 date. She is currently at Glassboro until that time.

This College is long on tradition...and there are keen and enthusiastic students, along with a brilliant faculty at this institution."

―Dr. Adrian Tinsley—

Tinsley not only becomes the tenth president of the college, but also the first woman president in 150 years. Tinsley will follow in the footsteps of Dr. Arthur Clarke Sweeney, Dr. Arthur Clarke Sweeney, Jr., Dr. Teresa Scott, Dr. John Kelly, Dr. Carmen C. Marshall, Dr. Nicholas Tillinghast, Dr. Marcia Con­nan, Dr. Adrian Redding, and Dr. Gerard Indelicato.

Residence Halls will open in fall

Six hundred more students will be housed in new buildings

Nearly a full year after construc­tion began, at the base of Green Hill, the newest additions to Bridgewater State College's hous­ing options will be opened.

The completely renovated six resi­dence halls, currently referred to as "Building A" and "Building B," will be available for occupancy "comfort, and the feeling of spa­cious life, providing the campus with a new life."

The Comment

The new residence halls, shown here under construction, will be opened this fall, allowing over 600 students to move in and live. Seen here is the "A" (South) building, and its soon to be landscaped courtyard.

During the Student Govern­ment Association's elections, Greg Anderson was chosen to be the new student trustee. When asked about the election, Anderson said, "I was very excited. In the past he said, "I've been overwhelmed by the reactions of the people." He also thanks the students who voted for him and those who did not because, in his words, "what makes it competitive.

About having won the elec­tion, Anderson says, "I'm very excited. In the past week or so, I've been overwhelmed by the reactions of the people." He also thanks the students who voted for him and those who did not because, in his words, "what makes it competitive.

With regard to his position within the board and his under­standing that he is, in fact, the voice of the students, An­derson says "my main concern for the students is to guar­antee that every student gets the same thing that makes him competitive." He also adds that he will ask many questions when neces­sary and make sure that pro­posals are clear for all students to understand. "I won't hesi­tate to ask questions," he said, and "to clarify questions for the entire student body."

Because he speaks for the student body, Anderson realizes that even as a student, "I am still a college student and I won't pretend I understand an issue if, in fact, I don't. If students want change or more ques­tions to be maintained, I want the trustees to know that." Anderson, a Resident Asso­ciate at Dean-Davis Hall, says that he feels he is in good touch with the students of BSC. To "living on campus in a dormitory gives me an advantage and an opportunity to speak a little more to dorm­ers. He adds, "I also plan to visit the student salon, introduce myself, and ask what students are thinking." To be in even more touch, he says he would like to set up some of­fice hours for students to talk with him.

In preparation of taking over as student trustee, Anderson already received a confidential letter from inside chair­manship, Carol Pur, and has also received a formal commu­nication packet of information, in­cluding agendas for future meetings. On top of this, he says, "I've already been in touch with F. Scott to get an overview of his experiences." His first meeting as student trustee will be on July 12

Living with AIDS: A personal story

By Caitlin Andrews

The Scene included a small dance floor, a bar, and a stage. And, as in any typical college social event, there was a lot of excitement in the air. But this was not your average college social.

The Scene was a free AIDS education event held on the campus of Bridgewater State College in Massachusetts. The event was sponsored by the HIV/AIDS Project, and it was designed to raise awareness about the disease and its impact on individuals and communities.

The event featured a variety of activities, including a dance performance, a panel discussion, and a question-and-answer session with health professionals. The dance performance was particularly moving, as it showed the beauty and resilience of those living with AIDS.

AIDS is a disease caused by the human immunodeficiency virus (HIV). The virus enters the body through contact with infected blood, semen, or vaginal fluids. Once in the body, the virus attacks the immune system, making it difficult for the body to fight off infections.

One of the key messages of the event was that AIDS is not just a disease of the past. The virus is still very much a threat, and it is essential that we continue to educate ourselves about it.

The event ended with a call to action, urging everyone to take steps to protect themselves and to support those living with AIDS. It was a powerful reminder that we all have a role to play in the fight against this devastating disease.

Byline: The Comment

The Comment issue for the annual Orientation Issue, we at The Comment have received numerous awards for our typography, design and layout, and it has flourished, with the paper having survived staff shortages, lack of funding, and even a World War. In fact, our paper was put together in the days of the Great Depression, and it has faced, and over several special-interest groups over the years.

In 1927 by Dr. A.C. Boyden and John J. Benson, the paper was put together in the offices of the Boyden Hall, and today, the paper is still being published. The paper has grown physically, and has continued to grow and stay up-to-date with the times. The staffs, including the editors, have faced challenges to its integrity by some who are not interested in the paper's growth.

The Comment was founded in 1927, and it is a non-profit organization that is dedicated to producing a quality newspaper for the students of Bridgewater State College. The paper has been published every week since its inception, and it has been awarded numerous awards for its quality and content.

The paper is divided into different sections, including News, Features, Opinions, Sports, and Entertainment. The News section covers local and national news, while the Features section covers entertainment and cultural events. The Opinions section includes editorials and columns by the members of the staff. The Sports section covers local and national sports news, while the Entertainment section covers movies, music, and books.

The Comment is published every week during the academic year, and it is distributed to the students and faculty of Bridgewater State College. The paper is also available online, and it is updated regularly with the latest news and events.

The Comment is a member of the College Media Network, which is a group of college newspapers that share resources and support each other. The paper is also a member of the Massachusetts Association of College Editors, which is a group of college newspapers that work together to improve the quality of college newspapers.

The Comment is a free publication, and it is funded by advertising revenue and donations from the students, faculty, and alumni of Bridgewater State College.

The Comment is available at the Campus Center, the Library, and the Student Union. The paper is also available online at thecomment.org.

The Comment is a student-run publication, and it is dedicated to providing a voice for the students of Bridgewater State College. The paper is committed to producing a quality newspaper that is informative, relevant, and engaging.

In this world, everyone has their own unique way of looking at a day. Sometimes it's good to look and see what it's like through the eyes of others. For example, children have a view of the world that is like no other. On Wednesday April 25, 1989 members of the Burrell School Photography Club set out to capture, on film, what they viewed during a day in their life, to share with others.

The Photography Club consists of children from grades three through six who enjoy taking photographs as well as printing their own work. They learn from Mr. Richard Gopen. In this club, they are supplied with school cameras, if needed, so everyone has an opportunity to join and to experience the fun. These photographs are small samples of their picture taking and printing talents. They also have photographs on display in the Burrell School Library for everyone to enjoy. TKE Kappa Epsilon Fraternity would like to welcome you that will occur at our first event of the fall of ’89. TKE is looking for interested students to actively participate in the making of the strongest fraternity at Bridgewater State College.

Along with being the newest fraternity on campus, TKE is also the largest national fraternity in the world with over 330 chapters in the U.S. and Canada. TAU Kappa Epsilon has national over 17,000 brothers. Active members include: Ronald Melanson, Marcia Silva, and Martin Demers.

Association with TKE helps to ease the transition into high school to college by providing the experience of Greek life, tradition, and brotherhood without the stress of a full-time relationship. We look forward to meeting any interested students during our Fall period. Associate with TAU Kappa Epsilon and become a part of history!

Fraternities and Sororities

The Fraternity and Sorority Council consists of representatives from each of the fraternities and sororities on campus. These representatives meet on a regular basis to discuss issues and plan events.

The Fraternity and Sorority Council is also responsible for overseeing the Greek Life programs on campus, including recruitment, registration, and social events.

Theta Chi

Would like to thank all Greek members and organizations at Bridgewater State College for all their support in making Theta Chi a national chapter.

Upon the steps of Theta Chi I found the skull known as Tula. The Spy asked him the "meaning of Greek life" and he said, "The knowledge you seek will be found on this cross of Sigma Chi but to get to the cross you must first go to Swenson Field."

Arriving at Runte Ave, the Sigma Pi Spy finds the Theta Chi Ox and asks him about the cross of Sigma Chi. The Ox says, "The cross can be found amongst the spoils of my Sigma Sigma and to get there you must head to Runte Ave."

While at Swenson Field, the Sigma Pi Spy encountered the Alpha Sigma Pi Spy, the Tau Alpha Kappa Spy, and the Phi Beta Kappa Spy. Upon asking the question that Tau Alpha Kappa asked, "I don't think we have quorum to answer that," the Alpha Sigma Pi said, "It means a brick," while the Delta Delta Delta told him to ignore them and seek the cross of the Phi Beta Kappa Spy.

Hung up at Bombay Hall, the Sigma Pi Spy was left with a sign that said, "Our adventure begins with the procession lining in the Sigma Pi Spy with the help of the Alpha Sigma Pi Spy, Tau Alpha Kappa Spy, and Sigma Phi Beta Spy. Come with new ideas and be prepared to have fun!"

Attention Incoming Freshmen

Contributed by Ron Dumont, Rush Chairman.

Congratulations on your high school graduation and on your decision to attend Bridgewater State College. With four years of experience and opportunity awaiting you here at Bridgewater, there are undoubtedly many questions running through your mind. One question with which we at Sigma Chi can help you is whether or not to join a fraternity. The best way for you to make such a decision is to become acquainted with the leaders of our chapter and to learn about the fraternity systems here, at Bridgewater.

Our aim is to let you see what fraternities really are, what they stand for, and how fraternities can help you.

We will be looking for you over the next couple of days to answer any questions you may have about the college or in particular about fraternity life. If you have any questions between now and the beginning of school, please feel free to contact me at (508) 697-6419. Again, congratulations on your acceptance into Bridgewater State. We are looking forward to meeting and assisting you in any way possible. We'll see you in the fall.

Mom's glad son chose Sigma Chi

The mother of a Sigma Chi fraternity undergraduate wrote the following letter to the fraternity in 1984:

"I would like to say how pleased I am that my son chose to become a Sigma Chi. He insisted that I read your pledge manual, and I was delighted to learn about your ideals. I have been very impressed with your standards on alcohol, drugs, and hazing.

I gave you a boy; you are giving me back a man. I know the Sigma Chi experience has helped him to grow and mature in an honorable manner. I thank you for the influence you have been on him and his brother Sigs. They are all impressive young men and will always be welcome in our home."

What Sigma Chi is and what it stands for as a fraternity

There are 210 active campus chapters of Sigma Chi across the continent. Sigma Chi is a leader in coeducational and brotherhood programs, providing the opportunity to participate in academic and social activities as well as fostering leadership and scholastic achievement. Andersen discusses his role as Student Trustee

By David Plante, Community staff

During the Student Govern-
ment Association's elections, Cong Andersen was chosen to be the new student trustee over Maria Medrano, a vote of 506-507. Andersen will take office once he is sworn in at the current term, F. Scott Scott, June 1, leaves his position July 1.

Now that Andersen has won the election, he faces the task of having to work directly with the other trustees and is now as much a part of the board as any other member since he attends all of the board meetings and helps to make decisions. This, in turn, makes his voice an important one as it represents the student voice.

About himself, won the election, Anderson says, "I'm very excited. In the past week or so, I've been overwhelmed by the response of the people." He also thanks all those who voted for him for their support because, in his words, "that means it's competitive."

With regard to his positions within the board and his understand-
